INDEPENDENT AUDITORS' REPORT

Board of Trustees
Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust
Dayton, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust, which comprise the statements of net assets available for benefits as of January 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust as of January 31, 2015 and 2014, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on the Financial Statements

We have audited the accompanying financial statements of the Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust, which comprise the statements of net assets available for benefits as of January 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust as of January 31, 2015 and 2014, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE PLAN:

The following brief description of the Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension plan covering employees of those employers who have agreed to make the required employer contributions to the Plan per collective bargaining agreements with various local Iron Workers unions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In accordance with the collective bargaining agreements, employers are required to make monthly contributions at a fixed dollar amount based on hours worked by participants or on hours paid, which includes the premium for overtime hours. The Plan also accepts employee rollovers from other qualified retirement plans; however no participant contributions are accepted.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the contributions made on their behalf by employers plus actual earnings thereon.

Notes receivable from participants

Under the terms of the Plan, participants may apply for a loan from their account. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans that are three months delinquent are considered in default. The unpaid balance of the loan, plus interest accrued through the date of default, is considered a "deemed distribution", taxable to the participant. The unpaid balance of the "deemed distributed" loan, plus accrued interest since the date of default, is used to determine the maximum amount a participant can borrow in subsequent loans from the Plan.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account, or monthly installments for a period not to exceed ten years with the monthly installment amount adjusted annually based on the remaining balance in the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution after a prescribed waiting period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted withdrawal transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefit payments to participants are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

All expenses of maintaining the Plan are paid by the Plan. The Plan operates jointly with the Benefit Trust and Pension Trust sponsored by the Iron Workers District Council of Southern Ohio & Vicinity. Certain administrative expenses are paid by the Benefit Trust on behalf of the other plans. The expenses incurred by the Plan related to these joint administrative costs were \$223,782 and \$326,550 for the years ended January 31, 2015 and 2014, respectively.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through September 24, 2015, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

The Plan maintains a participant directed investment program whereby participants can elect to invest in a limited number of registered investment companies and an unallocated insurance contract, with different investment guidelines that allows participants to diversify their asset allocation to meet their individual objectives.

Iron Workers District Council of Southern Ohio and Vicinity Annuity Trust
Notes to Financial Statements
Years Ended January 31, 2015 and 2014

The Plan's investment income was as follows:

	<u>2015</u>	<u>2014</u>
Interest from cash, money market, and debt investments	\$ 147	354
Dividends from registered investment companies	15,463,471	5,525,835
Net appreciation (depreciation) from registered investment companies	(6,691,038)	9,921,811
Net earnings from separate account guaranteed investment contract	<u>4,550,666</u>	<u>4,595,142</u>
Net investment earnings	<u>\$ 13,323,246</u>	<u>20,043,142</u>

Investments with balances exceeding five percent of plan assets at January 31, 2015 and 2014 were as follows:

	<u>2015</u>	<u>2014</u>
Registered investment companies:		
Manning & Napier Pro-Blend Conservative Term Series Fund	\$ 63,191,435	54,793,305
Manning & Napier Pro-Blend Extended Term Series Fund	\$ 23,607,737	22,437,493
Neuberger Berman Genesis Fund	\$ 16,938,745	19,189,996
Separate account guaranteed investment contract:		
Core Bond Separate Account Guaranteed Interest Contract	\$ 151,413,238	146,498,178

The Plan has a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contribution in its separate account and provides a guarantee from its general account that protects participant accounts from daily market value fluctuations and guarantees a minimum rate of return. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at January 31, 2015 and 2014 was \$151,413,238 and \$146,498,178, respectively. The crediting rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring. Therefore, participants may transact on a daily basis without restriction. Additionally, there are no unfunded purchase commitments.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield based on actual earnings was 3.06% and 3.08% and the average yield based on interest credited to participant accounts was 3.06% and 3.08% for the years ended January 31, 2015 and 2014, respectively.

4. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets.

Level 2: Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at cost, which approximates fair value.

Registered investment companies: Mutual funds are valued at the daily closing prices as reported by the funds. The funds held by the Plan are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Iron Workers District Council of Southern Ohio and Vicinity Annuity Trust
Notes to Financial Statements
Years Ended January 31, 2015 and 2014

Separate account guaranteed investment contract: The Mass Mutual Retirement Services Separate Account Guaranteed Investment Contract is a separate account valued at market value with a general investment account guarantee that provides participants with a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The fair value of this investment is based on the underlying value of the assets held in the separate account. Management has determined that the value of the general account guarantee is immaterial for recognition.

The carrying amounts of financial instruments including cash, contributions receivable, notes receivable from participants, and accounts payable approximated fair value as of January 31, 2015 and 2014, because of the relatively short maturity of these instruments.

There have been no changes in the methodologies used at January 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's Trustees believe that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2015:

5. TAX STATUS:

The Plan has received a favorable letter of determination from the Internal Revenue Service dated September 20, 2012 indicating that on the basis of the facts supplied, the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with Section 401(a) of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would fail to be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of January 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years ended prior to January 31, 2012.

6. PLAN TERMINATION:

In the event the Plan is terminated, any obligations of the Plan would be paid and all remaining net assets would be distributed to participants in the manner specified in the Plan.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of January 31:
