**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 1 - Description of Plan**

The following description of the Graphic Systems Group, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

**General**

The Plan is a qualified defined contribution plan covering all employees of Graphic Systems Group, LLC (the “Company”) who have attained the age of twenty-one and who have completed three months of service effective January 1, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Participant Contributions**

Each participant of the Plan can elect to contribute any whole percentage, between 1% and 90%, of their compensation provided such amount will not cause the Plan to exceed certain limitations prescribed by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans. These amounts are credited to each participant’s elective contribution account and rollover contribution account, respectively. Additionally, participants age fifty or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan.

**Employer Contributions**

The Company is not allowed to make contributions under the Plan’s provisions.

During the year ended December 31, 2011, the Company remitted \$47,562 relating to certain participants that were in the Graphic Systems Group, LLC 401(k) Profit Sharing Plan (“Frozen Plan”), a plan that was sponsored by the Company and was frozen as of January 1, 2010. The Company had certain deficiencies relating to employee deferrals, related employer match and earnings thereon, under this Frozen Plan. The funds were filed through the Voluntary Correction Program under the Employee Plans Compliance Resolution System with the Internal Revenue Service (“IRS”).

**Participant Investment Account Options**

Upon enrollment in the Plan, a participant may direct their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants.

**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 1 - Description of Plan (Continued)**

**Participant Accounts**

Each participant's account is credited with the participant's contribution, plan earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are always 100% vested in their contributions and rollover accounts plus actual earnings thereon.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits**

On termination of service for any reason, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a single lump-sum payment.

**Note 2 - Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Unit Values**

Individual participant accounts for the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits**

Benefits are recorded when paid.

**Plan Expenses**

In accordance with the Plan, certain administrative expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2011, certain administrative expenses were paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**Transfers In**

During 2010 and prior to July 1, 2011, the Company was part of a Professional Employer Organization multi-employer plan ("PEO Plan"). On July 28, 2011, the Company transferred all participant accounts totaling approximately \$615,000 relating to the Company's employees into the Plan.

On December 5, 2011, the Company merged the Frozen Plan and transferred all participant accounts totaling approximately \$2,667,000 into the Plan.

**Note 3 - Information Certified by the Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company ("State Street"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**Note 4 - Investments**

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2011:

BlackRock Global Allocation Investment	\$ 260,991
PIMCO Total Return	\$ 214,806
Victory Established Value	\$ 187,196
American Century Livestrong 2015	\$ 265,859
American Century Livestrong 2025	\$ 611,645
American Century Livestrong 2035	\$ 485,759
American Century Livestrong 2045	\$ 341,440

**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 4 - Investments (Continued)**

During the year ended December 31, 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$24,648.

**Note 5 - Fair Value Measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 5 - Fair Value Measurements (Continued)**

*Common/collective trust* - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Term bonds	\$ 243,122	\$ -	\$ -	\$ 243,122

Total investments at fair value	<u>\$ 3,508,356</u>	<u>\$ 13,360</u>	<u>\$ -</u>	<u>\$ 3,521,716</u>

**Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**GRAPHIC SYSTEMS GROUP, LLC 401(k) PLAN**  
Notes to Financial Statements

**Note 7 - Related Party and Party-in-Interest Transactions**

The common/collective trust is managed by State Street. State Street is the trustee, as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

**Note 8 - Tax Status**

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 9 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note 10 - Subsequent Events**

Effective August 27, 2014, the Plan changed its trustee from State Street to John Hancock Life Insurance Company of New York, the new custodian.

On September 11, 2015, the Company changed its name to Diadeis New York, LLC. As such, the Plan was renamed to Diadeis New York LLC 401(k) Profit Sharing Plan and Trust.

The Plan has evaluated subsequent events through October 26, 2015, which is the date the financial statements were available to be issued, and has concluded that no events or transactions took place which would require disclosure herein, except as noted above.
