Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Continental Cars, Inc. 401(k) Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in **Note C**, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of Schedule of Assets (Held at End of Year) are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter—2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by ING Life Insurance and Annuity Company, the trustee of the Plan. Their report, dated October 6, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A: Description of Plan

The following description of the Continental Cars, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Continental Cars, Inc. (the "Company") established the Plan to provide employees with a systematic means of saving and investing for the future. The Plan is a defined contribution plan covering all full-time employees of the Organization who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Economic Growth and Tax Relief Reconciliation Act ("EGTRRA") of 2001. The Plan sponsor pays all administrative expenses of the Plan.

Plan Administration

The Plan is administered by the Organization. The Plan's trustee, ING Life Insurance and Annuity Company (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to the 401(k) deferral limit ($17,500 for 2014) plus a $5,500 catch up contribution (if the participant is over 50 years old) based on pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Organization contributed a 10% matching contribution for 2014 of the amount that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Organization's board of directors. All employer contributions are deposited annually for the preceding calendar year matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contribution in increments in a variety of investment options, including mutual funds, listed stocks, and cash accounts. Participants may change their investment options at any time.

Participant's Accounts

Each participant's account is credited with the participant's contributions, allocations of the Organization's discretionary contributions, and the Plan's gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan balances are treated as assets of the participant's account. Loan terms range from one year, or up to five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates currently range from 4.25% - 8.00%. Principal and interest are paid ratably through regular payroll deductions.

Note A: Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earning thereon, and in the Organization's matching and discretionary contribution portion of their accounts plus actual earnings thereon. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in the employer contributions becomes vested in accordance with specific vesting schedules based on years of service as required by the Department of Labor's Rules and Regulations.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014, there were no forfeited non-vested accounts. All accounts are fully vested immediately upon the contribution of funds to each participant's account.

Note B: Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. As of December 31, 2014 and for the year then ended, the Plan included combined participants of Continental Cars, Inc., Continental Imports, Inc. and Austin Infinity, Inc. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Income Recognition

The basis of the investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of the adjustment. Realized gains and losses on investments are computed using the adjusted based (beginning of year market value) on first in, first- out method. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the cash received basis. Security transaction expenses are considered in computing realized gains and losses.

Contributions

Contributions from employees and the Organization are recorded in the period in which the Organization makes the payroll deductions from participant earnings.

Participant Loans

Participant loans are valued at cost, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Note B: Summary of Significant Accounting Policies (Continued)

Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

The Fair Value Measurements and Disclosures Topic of the FASB ASC, 820·10, defines fair value, establishes a three· level valuation hierarchy for disclosure of fair value measurements, and expands disclosures about fair value measurements. An instrument's categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Level 1 - Inputs that utilize quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Inputs that include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 - Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions as there is little, if any, related market activity

Fair Value of Financial Instruments

Continental Cars financial instruments include cash, receivables, and investments. The carrying amount of these financial instruments, except for investments (see Note G), as reflected in the Changes in Net Assets approximates fair value.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Date of Management's Review

Subsequent events have been evaluated through the date of this report, which is the date the financial statements were available to be issued.

Note C: Information Certified by the Plan’s Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

Note C: Information Certified by the Plan's Trustees (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Interest in Common Trust Funds

These accounts are valued at net asset value of shares held by the Plan at year-end. A common trust fund is a trust maintained by a bank, trust company, or similar institution, which may be a subsidiary of a larger financial services company.

Interest in Mutual Funds

These accounts are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note D: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note E: Tax Status

The Internal Revenue Service has determined and informed the Organization by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since receiving the latest determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan remains in compliance and is currently being operated in compliance with the applicable requirements of the Code.

Note F: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note G: Fair Value Measurements

The reporting entity uses fair value measurements to record fair value adjustments to certain assets and liabilities to determine fair value disclosures. For additional information on how the Plan measures fair value, refer to **Note B**.

The following describes the valuation methods and assumptions used by the Plan in estimating the fair value disclosures for investments. There have been no changes in methodologies used at December 31, 2014:

- *Common Trust Funds* are valued at the closing prices reported on the active market which the individual securities are traded.
- *Mutual Funds* are valued on the quoted net asset value of the shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, the Plan believes its valuation methods or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

Plan Assets	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,611,259	$ -	$ -	$ 11,611,259
Common Trust Funds	-	1,776,364	-	1,776,364
