Independent Auditor's Report

To the Administrative Committee of the
Desert NDT, LLC 401(k) Plan
Houston, Texas

We were engaged to audit the accompanying financial statements of Desert NDT, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter - Supplemental Schedules
The supplemental schedules as listed in the table of contents as of and for the year ended December31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – Prior Period Financial Statements
The financial statements of the Plan as of December 31, 2013, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian of the Plan. Their report, dated October 15, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules for 2014, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

1. Description of the Plan

The following description of the Desert NDT, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective January 1, 2009, as amended and restated effective October 12, 2014. The Plan, sponsored by Desert NDT, LLC (the "Plan Sponsor"), has an income deferral feature under Section 401(k) of the Internal Revenue Code (the "IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and its subsequent amendments.

The Plan has been adopted by the Plan Sponsor, as well as the following related employers under common control (collectively, the "Employer"), for the benefit of their employees:

- Midwest Inspection Services (acquired August 31, 2012), and
- T&K Inspection Services (acquired December 19, 2012)

Administration of the Plan

The Plan Sponsor is the Plan Administrator. The Principal Financial Group (and related entities), through its member Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, the "Custodian" or "Principal"), is the investment custodian and record-keeper for the Plan's participant-directed assets. Pentec Pension Management Group, Inc. ("Pentec") is the third-party administrator for the Plan.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Eligibility

All employees of the Employer are eligible to participate in the Plan at age 21 and upon satisfying service requirements. Prior to November 2, 2013, the service requirement was completion of one year of service with the Employer. Effective November 2, 2013, the service requirement was reduced to one month of service with the Employer.

Contributions

Participants may make tax deferred contributions (salary deferral contributions) of their compensation during the Plan year as defined in the Plan document, in whole percentage increments, up to the maximum amount allowed by the IRC. The Plan allows participants to make Roth after-tax contributions.

In accordance with the Plan document, the Employer makes a matching contribution equal to 50% of the participant's elective deferral up to 6% of the participant's compensation during each Plan year. Furthermore, the Employer may make additional discretionary profit sharing contributions on behalf of eligible participants, at its sole discretion. The Employer made matching contributions of $488,391 to the Plan during 2014. The Employer made no discretionary profit-sharing contributions during 2014. In addition, during the year ended December 31, 2014, the Employer made qualified non-elective contributions of $827.

Vesting

Participants are immediately 100% vested in their salary deferral contributions and any rollover contributions, as well as earnings on those amounts. Vesting in the Plan Sponsor's matching contributions and discretionary profit sharing contributions and related earnings is based on completion of years of service and commences after completion of two years of service, at which time participants become 50% vested, and participants become 100% vested after completion of three years of service. Participants will automatically become vested upon death or disability.

Participant Accounts

The Plan provides for participant-directed investment programs for individual participants as provided by the Custodian. Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's matching contributions and discretionary profit sharing contributions, and (b) plan earnings (or losses), as well as an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options daily.

Notes Receivable from Participants

In accordance with the Plan document, Participants may not borrow from their accounts.

Payment of Benefits

Benefits are generally paid upon normal retirement, death, full and permanent disability, or termination of employment, as defined in the Plan document. Upon normal retirement, death or full and permanent disability, a participant is entitled to receive 100% of their account balance. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. Employees whose vested account balance is less than or equal to $1,000 upon termination of employment will have an involuntary cash-out distribution. Benefits are paid in lump-sum amounts or partial withdrawals. Effective January 1, 2014, the Plan was amended and restated to allow for in-service withdrawals for participants who have reached age 59½. If a participant has a "financial hardship" (as that term is defined by the Internal Revenue Service ("IRS") guidelines), it is possible to withdraw all or portion of their fully vested account balance under the Plan up to the amount needed to satisfy the hardship, regardless of age. A participant's pretax deferrals are suspended for six months after each hardship withdrawal.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to certain Employer contributions. Forfeitures are used to first pay Plan expenses in the Plan year in which the forfeiture occurs and then are used to reduce future Employer contributions. Forfeitures occur upon the earlier of when the participant takes their distribution or has been terminated for a period of at least five years. At December 31, 2014 and 2013, there were no forfeited unallocated non-vested accounts. For the year ended December 31, 2014, $10,578 of forfeitures were used to reduce Employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Benefits

Benefits are recorded as a reduction of net assets available for benefits when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held in various pooled separate accounts, mutual funds and guaranteed interest accounts which are administered by the Custodian, which provides for self-directed investment programs for individual participants. The pooled separate accounts are stated at fair value as reported to the Plan by the Custodian, based on the quoted market prices of the underlying investments. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value ("NAV"), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Those separate accounts investing in equity securities, bonds, preferred stock, and real estate are measured using quoted prices in active markets for identical assets. Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

The Plan also invests in fully benefit-responsive investment contracts characterized as a guaranteed interest account. The guaranteed interest account is not a separate account investment choice but it is an investment in the Custodian's general account which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Sponsor evaluated the investment contract and determined that it does not have an impact on the Plan's financial statements as the contract value approximates fair value as of December 31, 2014 and 2013. As of December 31, 2014 and 2013, the contract value with Principal of the Plan's fully benefit-responsive investment contracts (guaranteed interest accounts) was $35,017 and $30,802, respectively.

The rate of credited interest for any period of time will be determined by Principal and is guaranteed for a certain period as specified by the contract. The average credited interest for Principal was the following for the year ended December 31, 2014:

Guaranteed Interest Accounts	Average Rate
Maturity 12/31/2014	0.11%
Maturity 12/31/2015	0.16%
Maturity 12/31/2016	0.25%

The rate at which interest was accrued to the contract balance for Principal was the following as of December 31, 2014 and 2013:

	Interest Rate at December 31,	
Guaranteed Interest Accounts	2014	2013
Maturity 12/31/2013	N/A	0.21%
Maturity 12/31/2014	0.11%	0.12%
Maturity 12/31/2015	0.16%	0.16%
Maturity 12/31/2016	0.26%	N/A

The change in current value of the guaranteed interest accounts are reflected in the Statement of Changes in Net Assets Available for Benefits.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Subsequent Events

The Plan evaluates events and transactions occurring after the statement of net assets available for benefits date, up to the date the financial statements are available for issuance. The Plan evaluated such events through November 2, 2015, which is the date the financial statements were available for issuance, and has determined that there are no additional events, except as described below, that require recognition in the financial statements or disclosure in the notes to the financial statements.

In October 2015, the Plan Sponsor announced the planned merger of the Plan into the ShawCor, Inc. 401(k) Plan, to be effective December 31, 2015.

3. Information Certified by the Custodian

As permitted by the rules and regulations of the DOL with respect to reporting and disclosure under ERISA, the Plan Administrator has obtained a certification from the Custodian that the investments held by the Custodian (stated at cost and fair value) together with all other transactions related to those investments, are complete and accurate as of December 31, 2014 and 2013, and for the year ended December 31, 2014.

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of:

December 31,	**2014**	**2013**
Pooled separate accounts:		
Principal Lifetime 2050	$ 1,145,985	$ 737,730
Principal Lifetime 2045	596,766	388,876
Principal Lifetime 2055	518,057	284,897
Principal Lifetime 2040	383,479	231,743
Principal LargeCap S&P 500 Index	242,154	*
Investments exceeding 5%	2,886,441	1,643,246
Other investments	1,404,628	987,815
Total investments, at fair value	$ 4,291,069	$ 2,631,061

* Investment individually does not represent 5% or more of the net assets available for benefits at the date indicated.

During the year ended December 31, 2014, the Plan's investments (including investments bought, sold, and held during the plan year) appreciated as follows:

Pooled separate accounts	$	189,480
Mutual funds		790
Net appreciation in fair value of investments	$	190,270

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information certified by the Custodian to the related information included in the financial statements and supplements schedules.

4. Fair Value Measurements

The Plan follows the standard related to fair value measurement for its investments recognized at fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy as defined by the standard are as follows:

- *Level 1*: Valuations utilizing quoted, unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access. This is the most reliable evidence of fair value and does not require a significant degree of judgment.

- *Level 2*: Valuations utilizing quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly for substantially the full term of the asset or liability.

- *Level 3*: Valuations utilizing significant, unobservable inputs. This provides the least objective evidence of fair value and requires a significant degree of judgment. Inputs may be used with internally developed methodologies and should reflect an entity's assumptions using the best information available about the assumptions that market participants would use in pricing an asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description for the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

- *Pooled Separate Accounts*: Certain investments are held in the form of units of participation in pooled separate accounts and are generally subject to the volatility of the major stock markets in which the underlying investments are held. The units are valued based on the market value of the underlying investments which is known as net asset value ("NAV") and are credited with the actual earnings on the underlying investments and charged for distribution and fund transfer expenses. NAV is used as a practical expedient to estimate fair value. Units are purchased and sold at their unit value on the date of the transaction. Accordingly, the Plan has classified these investments within level 2 of the ASC 820 hierarchy.

- *Mutual Funds:* The fair values of mutual funds are determined based on quoted market prices ("fair value") on the last business day of the plan year as reported by the investment custodian of the Plan's assets. The change in the current value of investments during the period are reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation or depreciation in fair value of investments. Accordingly, the Plan has classified these investments within level 1 of the ASC 820 hierarchy.

- *Guaranteed Interest Accounts*: The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. The fair value of the account is the value paid when funds are withdrawn prior to their maturity. The fair value of the guaranteed interest accounts is reflected in Level 3, and the valuation is based on the applicable interest rate. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy presents information about the Plan's investments measured at fair value on a recurring basis:

Balance as of December 31, 2014	$	35,017

5. Plan Termination

Although it has not expressed any intent to terminate the Plan, the Employer has a right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances and would be distributed in accordance with the Plan document.

6. Income Tax Status

The Plan was amended and restated effective October 12, 2014, by the Plan Sponsor's adoption of a Prototype Standardized 401(k) Profit Sharing Plan ("Prototype Plan") sponsored by Principal Life Insurance Company which received an opinion letter from the IRS, dated March 31, 2014, stating that the form of the Prototype Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not obtained its own determination letter; however, the Employer believes that the Plan is currently designed in accordance with the applicable provisions of the IRC and will do whatever is necessary in order to maintain the tax-qualified status of the Plan.

Accounting principles generally accepted in the United States of America requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2014, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2011 forward (with limited exceptions).

7. Parties-In-Interest Transactions

The Custodian receives contributions, manages the investments of the Plan, and makes payments to participants in accordance with the Plan document; therefore certain transactions qualify as parties-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
