INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator and Participants
FCC Environmental Employee Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **FCC Environmental Employee Savings Plan** ("Plan"), which are comprised of the statements of net assets available for plan benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan from January 1, 2014 to July 31, 2014 and Great-West Trust Company, LLC, the trustee of the Plan from August 1, 2014 to December 31, 2014, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes transactions therein. The plan administrator has obtained certifications from the trustees as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

INDEPENDENT AUDITORS' REPORT (cont'd)

Other Matter

The supplemental schedule of assets (held at year end) as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FCC ENVIRONMENTAL EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

(1) Description of the plan

Effective June 1, 2008, Hydrocarbon Recovery Services, Inc., dba FCC Environmental, LLC (the "Company" or "Sponsor") adopted the FCC Environmental Employee Savings Plan (the "Plan") to provide retirement benefits for all eligible employees. The Plan was amended and restated effective June 2, 2014. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering individuals who are employed full-time by the Company and certain affiliated employers. Eligible employees can enter the Plan on the first day of the month following the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Trustee and administration

From January 1, 2014 to July 31, 2014, State Street Bank and Trust Company ("State Street Bank") served as the trustee of the Plan. Effective August 1, 2014, the Plan changed its trustee from to Great-West Trust Company, LLC ("Great West"). The Plan's assets are invested through participant-directed accounts in various mutual funds or other investments offered by the trustee. Duties of the trustee include, among others, recordkeeping, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and Plan administrator. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (50%) of annual compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code not to exceed \$17,500 in 2014. Additionally, participants who are at least 50 years of age as of December 31, 2014, are permitted to make catch-up contributions up to \$5,500 for 2014. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution in an amount to be determined each year. If made, the contribution is a percentage of the employee's elective salary deferral. During 2014, the Company made employer matching contributions equal to 50% of the employee's elective salary deferral up to a maximum of 3.5%. The Company may also make a discretionary non-elective contribution unrelated to participant contributions to the Plan. The Company made no non-elective contributions for the year ended December 31, 2014.

Participant accounts

Each participant's account is valued on a daily basis and credited with the participant's contribution, his or her portion of the Company's matching contribution and account earnings and is charged with applicable withdrawals and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan trustee to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FCC ENVIRONMENTAL EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

(1) Description of the plan (cont'd)

Vesting

Participants are immediately fully vested in their contributions. Vesting in the Company's matching contributions and discretionary non-elective portions of their accounts plus actual earnings thereon is based on continuous service. Participants are vested in the Company's matching contributions and discretionary non-elective profit sharing contributions based on the following table:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	-0-%
2	40%
3	60%
4	80%
5 or more	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company matching or discretionary contributions among various investment funds offered by the Plan's trustee. Each participant can choose to deposit all contributions in one fund or split the investment among the investment options in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total balance of all eligible participants.

Participant loans

Under provisions of the Plan, participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 in total or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Generally, loan terms may not exceed five years unless the loan is for the purchase of a primary residence, in which case the loan term cannot exceed thirty years. The loans are collateralized by the vested balance in the participant's accounts and bear interest at the prime rate plus 1%. The prime rate is determined based upon the prime rate of interest that is published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest are repaid ratably through periodic payroll deductions.

Payment of benefits

On termination of service, a participant who has a vested interest in their account which is less than or equal to \$5,000 shall receive a lump sum equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds \$5,000 may elect to leave their account balance in the Plan or receive a single sum payment equal to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either a lump sum or in installments equal to the value of their account.

(1) Description of the plan (cont'd)

Withdrawals

Participants may make early withdrawals up to the full balance of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may make unrestricted withdrawals of their vested accounts on or after age 55.

Forfeitures

Forfeitures consist of the non-vested portion of terminated participant account balances and may be used by the Plan to pay for Plan expenses or reduce any employer matching contributions. At December 31, 2014 and 2013, forfeitures totaled \$35,182 and \$1,283, respectively, and are available to reduce future employer contributions. During 2014, forfeitures of \$46,576 were used to fund employer contributions.

(2) Summary of significant accounting policies

Basis of statement presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has investment holdings in a common/collective trust ("CCT"), which invests in mutual funds. The statements of net assets available for plan benefits present the CCT (which has underlying investments that are considered fully benefit-responsive investment contracts) at fair value within the total investments of the Plan in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962-325, *Plan Accounting – Defined Contribution Plans, Investments - Other*. The fair value of the CCT is based upon the fair value of the underlying assets in the CCT which is calculated by the fund provider, as detailed in the fund's prospectus. No adjustment to fair value is presented because the difference between fair value and contract value is immaterial to the financial statements. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan which are attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for plan benefits is presented at fair value, which approximates contract value.

FCC ENVIRONMENTAL EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

(2) Summary of significant accounting policies (cont'd)

Participant loans receivable

Loans to participants are reported as participant loans receivable at the unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Federal income tax

FASB ASC 740, *Income Taxes*, provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2014, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2011 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

(3) Information certified by the trustees of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA). The assets of the Plan are held by the trustee. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- a. Investments and participant loans receivable, as shown in the statements of net assets available for plan benefits at December 31, 2014 and 2013.
- b. Investment activity, as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2014.
- c. The information in the supplemental schedule of assets (held at year end) as of December 31, 2014.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. Fair value measurements are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect the Plan's view of market assumptions in the absence of observable market information. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. In determining fair value, the Plan uses various methods including market, income and cost approaches.

The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date and mutual funds where the value per share (unit) is determined and published daily and is the basis for current transactions.

FCC ENVIRONMENTAL EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

(5) Fair value measurements (cont'd)

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unadjusted quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means. Primary inputs to this valuation technique may include comparative trades, bid/asks, interest rate movements, U.S. Treasury rates, London Interbank Offered Rate (“LIBOR”), prime rates, cash flows, maturity dates, call ability, estimated prepayments, and/or underlying collateral values.
- Level 3 – Unobservable inputs for the asset or liability. Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management’s best estimate about the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs. Primary inputs to this valuation technique include broker quotes and comparative trades.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies

Investments in registered investment companies are valued at fair value based upon the net asset value of the share held by the Plan at year end.

Insurance company general account

Fair value is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common/collective trust

Common collective trust investment funds are valued at the contract value which approximates the fair value of the underlying assets in the CCT at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Fair value measurements (cont'd)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Except as related to changes in trustees, there were no significant transfers in and/or out of the fair value categories during 2014 and 2013.

(6) Investment contract with insurance company

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Key Guaranteed Portfolio Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

FCC ENVIRONMENTAL EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

(6) Investment contract with insurance company (cont'd)

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The average yield earned by the Key Guaranteed Portfolio Fund for the year ended December 31, 2014 was 1.20%. The actual yield earned by the Key Guaranteed Portfolio Fund for the year ended December 31, 2014 was 1.25%.

(7) Related-party transactions

Certain Plan investments include a fixed interest account managed by Great West. Great West is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan has participant loans at December 31, 2014 and 2013. As a result, this investment, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the trustee and the third-party administrator for administrative services amounted to \$13,165 for the year ended December 31, 2014.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the Sponsor shall request a determination letter from the Internal Revenue Service with respect to the Plan's termination. Upon receipt of the determination letter, the trustee will then distribute the Plan assets to the participants as soon as practicable. All participants will have a 100% vested interest in their accounts as of the date of termination.

(9) Tax status

The Plan was established under a volume submitter profit sharing 401(k) plan, which received its determination letter on March 31, 2014, in which the Internal Revenue Service stated that its plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan administrator believes the Plan was qualified and was tax exempt as of the financial statement dates.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Less: corrective distributions payable, December 31, 2014	<u>(11,788)</u>
Corrective distributions per the Form 5500	\$ <u>-</u>

(12) Subsequent events

The Plan has evaluated subsequent events through November 2, 2015, the date financial statements were available to be issued. Except as noted below, no subsequent events occurred which would require adjustment or disclosure to the financial statements at December 31, 2014.

In connection with its acquisition of the Company by Heritage-Crystal Clean, LLC (HCC), the management of HCC is planning to merge the Plan into the Heritage-Crystal Clean, LLC Retirement Savings Plan (HCC Plan) on or before December 31, 2015. As part of the anticipated acquisition, current participants of the Plan who continue to be employed by HCC will be immediately eligible to participate in the HCC Plan. Balances held in the Plan by continuing employees will have their Plan balances transferred into the HCC Plan at the time of the plan merger. Current Plan participants who discontinue employment with HCC will be receive a cash or rollover distribution on or before the effective date of the planned merger, at which time the Plan will cease to exist
