Notes to Financial Statements

1. Description of Plan:

The following description of ASK Chemicals, LP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering essentially all employees of ASK Chemicals, LP (the Sponsor) and its affiliates, ASK Chemicals Hi-Tech, LLC and ASK Chemicals Metallurgy, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, provided total additions to the account of the participating employees for any plan year shall not exceed the amount permitted by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Sponsor provides safe harbor matching contributions equal to 100% of the first 4% of participant compensation contributed to the Plan.

In addition, the Plan allows for fixed percentage employer contributions to be made by the Sponsor based on a participant's years of service. The Sponsor contributes a percentage of the participant's eligible wages in accordance with the following table:

Less than 11 years of service	1.5%
At least 11 years of service, but less than 21	3.0%
21 or more years of service	4.5%

The Plan also allows for discretionary employer contributions, determined by the Sponsor, and allocates them to participants based on eligible compensation. In 2014, the Sponsor made discretionary contributions of 1.692% of eligible compensation to participants employed by the Sponsor at the end of the year.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions, the Sponsor's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Sponsor's fixed percentage and discretionary employer contribution portion of participant accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service. All employees hired prior to January 1, 2011 are not subject to this vesting schedule and are considered 100% vested in both fixed percentage and discretionary employer contributions.

Investment Options:

Participants direct contributions into various investment options offered by Principal Trust Company (Principal), a trustee of the Plan.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over other allowed periods. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants:

Participants may borrow from their fund accounts amounts equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. Participants may not have more than two outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably, generally through regular payroll deductions.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value (except for the guaranteed investment contract, which is reported at contract value). Units of mutual funds are valued based on quoted prices in active markets. The fair values of the common/collective trusts are estimated by Principal based on other significant observable inputs (including quoted prices for similar securities, interest rates, and credit risk).

The Plan maintains a fully benefit-responsive guaranteed investment contract stated at contract value. Contract value, as reported to the Plan by Principal without further adjustment, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Costs:

Various administrative costs were paid by the Sponsor.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2015 (the date the financial statements were available to be issued).

3. Investments and Fair Value Measurements (Unaudited):

In accordance with the Department of Labor's Regulation 2520.103-8, certified "Statements of Account" for the Plan have been provided by Principal for the years ended December 31, 2014 and 2013 that such information is complete and accurate as follows:

Statements of Net Assets Available for Benefits – investments and notes receivable from participants.

Statement of Changes in Net Assets Available for Benefits – investment income and interest income on notes receivable from participants.

Schedule of Assets (Held at End of Year) – all items and amounts.

Fair Value Measurements of Investments Stated at Fair Value:

	Based on		
	Quoted Prices in Active Markets	Other Observable Inputs	Unobservable Inputs
2014			
Mutual funds	\$ 15,371,415	\$ -	\$ -
Common/collective trusts	-	12,829,851	-
	\$ 15,371,415	\$ 12,829,851	\$ -
2013			
Mutual funds	\$ 13,733,758	\$ -	\$ -
Common/collective trusts	-	10,800,019	-
	\$ 13,733,758	\$ 10,800,019	\$ -

Guaranteed Investment Contract Disclosures:

The Plan maintains a fully benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

4. Plan Termination:

Although it has no intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan participants would become 100% vested in their account balance.

5. Tax Status:

The Internal Revenue Service has issued a favorable determination letter on the tax status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is no longer subject to examination by federal or state taxing authorities for years prior to 2011.

6. Risks and Uncertainties:

The Plan provides for various participant directed investment options. Investments are exposed to risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
