NOTE 1 - DESCRIPTION OF PLAN

The following description of the N.A.N.I. Physicians Services Profit Sharing and Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Nephrology Associates of Northern Illinois, Ltd. and Nephrology Associates of Northern Indiana, P.C. (collectively N.A.N.I. Physicians Services) and Subsidiary (collectively referred to as "the Company") who have 1,000 hours of service in a twelve-month period and are age 19 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions: Each year participants may contribute up to 15% of pre-tax annual compensation, as defined in the Plan, not to exceed the annual federal statutory limits of $17,500 and $17,500 in 2014 and 2013, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $5,500 per plan year in 2014 and 2013. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching and profit sharing contributions to the participants' accounts. For 2014 and 2013, the Company made profit sharing contributions in the amounts of $2,654,606 and $2,345,386, respectively.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants receive quarterly statements detailing the activity in their accounts.

Vesting: Participants are vested immediately in their contributions. Vesting in the employer contributions is based on years of continuous service. A participant is 100% vested after four years of service based on a graduated vesting schedule.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates range from 3.25% to 6.00% at December 31, 2014. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in a lump-sum amount or in the form of an annuity as provided for in the Plan.

Hardship Withdrawal: Subject to approval by the plan administrator, participants may withdraw their employee pre-tax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: At December 31, 2014 and 2013, forfeited non-vested accounts totaled $84,305 and $35,075, respectively. These accounts may be used to reduce Company contributions and/or to offset administrative expenses. Any remaining forfeitures are allocated to participants. In 2014, administrative expenses were reduced by $23,803 from forfeited non-vested accounts. In 2013, administrative expenses were reduced by $4,592 from forfeited non-vested accounts.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented, and disclosed only at contract value, and it clarifies that a plan's investments in stable value funds are not FBRICs and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of FBRICs and investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Certain administrative expenses of the Plan are paid by the Company. Other administrative expenses are incurred and paid by participants in connection with certain transactions. Certain investment management fees are included in the net appreciation in fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan provides for investments that, in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly. Capital Bank & Trust Company, the trustee of the Plan, have certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits at December 31, 2014 and 2013, the supplemental schedule of assets (held at end of year) at December 31 , 2014, and all investment income components and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013. This certified information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The fair value of shares of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2014, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 41,084,669	$ 41,084,669	$ -	$ -
Collective trust*	2,957,411	-	-	-
Total	$ 44,042,080	$ -	$ -	$ -

	Fair Value Measurements at December 31, 2013, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 35,478,953	$ 35,478,953	$ -	$ -
Collective trust*	2,809,915	-	-	-
Total	$ 38,288,868	$ 35,478,953	$ -	$ -

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 29, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011**.**

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ERISA requires the disclosure of party-in-interest transactions.

Some of the Plan's investments are shares of mutual funds issued by American Funds, an affiliate of the Plan trustee, Capital Bank & Trust; therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are also party-in-interest transactions of the Plan. The Plan's payment of trustee fees, record-keeping fees and investment management fees qualify as party-in-interest transactions. Investment management fees and other expenses paid by the Plan which are reflected as a reduction in the investment returns reported by the Plan also reflect party-in-interest transactions. Investment advisory fees applicable to the Plan are paid by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - SUBSEQUENT EVENTS
