INDEPENDENT AUDITOR'S REPORT

To the Participants and
Plan Administrator of
American Green, Inc. 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of American Green, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit, also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Disclaimer of Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the statements of net assets available for benefits of American Green, Inc. 401(k) Plan as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at Year End) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects of the matter described in the Basis for Disclaimer of Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the American Green, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all eligible, full-time, non-union employees of American Green, Inc. and its other related companies (the "Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Each year participants may contribute up to the maximum amount allowed by law. For calendar year 2014 participants may make elective deferrals up to $17,500. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans or individual retirement accounts (IRA's). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may make matching contributions equal to the lesser of the discretionary percentage of the participant's contributions or the participant's elective deferrals. Historically, this percentage has been 3%.

Catch-up Contributions -

For the year ended December 31, 2014, if a participant is eligible to make deferrals and reaches age 50 before the end of the calendar year, the participant may defer an additional $5,500 into the Plan as pre-tax contribution subject to certain IRC limitations. Catch-up contributions are not eligible for matching contributions made by the Company.

Investment Options –

Upon enrollment in the Plan, a participant may direct their allocation of basic and matching contributions with T. Rowe Price. Within T. Rowe Price, participants may select among numerous mutual funds.

Participant Accounts -

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings/losses, and administrative expenses directly attributable to the participant. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting Requirements -

Participants are immediately vested in their voluntary contributions, including catch-up contributions, rollover contributions from other plans, employer contributions, Company contributions and earnings thereon.

Notes Receivable from Participants -

Participants may borrow directly from their funds held by T. Rowe Price a minimum of $1,000 up to a maximum of 50% of the participant's non-forfeitable account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed $50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the twelve month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan. A participant can only have one loan currently outstanding from the Plan. Loans are secured by the balance in the participant's account and bear interest at commercially reasonable rates as determined by the Plan administrator. The current interest rate for outstanding loans is 4.25%. Principal and interest payments are made through bi-weekly payroll deductions.

Benefits Paid to Participants -

Upon termination of service due to death, disability, retirement, or other reasons, participants receive a lump-sum distribution in an amount equal to the vested interest in their account if the vested interest is less than $1,000. When the invested balance is $1,000 or more the participant has three options, to leave the balance in the account, to rollover to another account or distribute the funds.

Forfeitures -

The Plan has no forfeitures, as both employee and employer contributions to the Plan are immediately vested.

Hardship Withdrawals -

The Plan provides for withdrawals in the event of financial hardship, as defined in the Plan document.

In-Service Distributions -

The Plan provides for in-service distributions from all accounts to participants who have not separated from service and who have attained age 59 ½.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants -

Loans to participants are reported at their unpaid principal balances plus any accrued unpaid interest.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold and held during the year.

Payment of Benefits -

Benefits are recorded when paid.

Operating Expenses -

All expenses of maintaining the Plan are paid by the Company.

Date of Management's Review -

Subsequent events were evaluated through October 19, 2015, the date the financial statements were available to be issued.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions affecting certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices are observable for the assets or liabilities; Inputs are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds - Valued at the net asset value ('NAV') of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,883,737	$ -	$ -	$2,883,737

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,453,751	$ -	$ -	$2,453,751

NOTE 4 – INVESTMENTS

The following schedule presents investments, which represent 5% or more of the Plan's net assets for 2014 and 2013.

	FAIR VALUE AT DECEMBER 31, 2014	FAIR VALUE AT DECEMBER 31, 2013
T ROWE PRICE RETIREMENT 2015 FUND	$ 658,673	$ 605,621

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds managed by T. Rowe Price for the year ended December 31, 2014 and 2013.

Fees paid by the Plan for the investment management services of T. Rowe Price amounted to $7,208 and $7,165 for the years ended December 31, 2014 and 2013 respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company's 401(k) Plan provider, Boston Financial Data Services on behalf of T. Rowe Price, by a letter dated March 31, 2008, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
