Report of Independent Auditors

Plan Administrator
United Mortgage Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of United Mortgage Corp. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

UNITED MORTGAGE CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2014 AND 2013 AND FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of Plan

The following description of the United Mortgage Corp. 401 (k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan, as amended, is a defined contribution plan for all eligible employees of United Mortgage Corp. (the "Company") who have completed at least six month of service and have reached the age of 21. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability or other termination of employment. The Board of Directors of the Company control and manage the operation and administration of the Plan. State Street Bank and Trust Company ("State Street" or the "Trustee") is the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to 90% of compensation on a pre-tax or Roth elective basis, with dollar limits established by the Internal Revenue Code. Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for a discretionary employer matching contribution based on a percentage of a participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on both company and employee contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is not vested in their employer match until completing six years of service, at which time they are 100% vested.

Years of Service	Vesting %
Less than 2	0
At least 2, but less than 3	20
At least 3, but less than 4	40
At least 4, but less than 5	60
At least 5, but less than 6	80
6 or more	100

1. Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their contribution investment options daily; transfer part or all of past investments to other funds daily; and may change their deferral percentage annually.

Notes Receivable from Participants

Participant loans are valued at the outstanding loan balance, which approximates fair value. Participants may borrow from their vested fund account balance a minimum of $500 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account balance during the prior twelve month period. A participant may have no more than one loan outstanding at any time. If you have and existing loan you may not apply for another loan until the existing loan is paid in full. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years) with the interest rate shall remain fixed throughout the duration of the loan. The loans are secured by the balance in the participants' account. At December 31, 2014 and 2013, the loans bear interest at 5.25% and mature at various dates through January 2020. Principal and interest are paid ratably through payroll deductions.

In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted.

Payment of Benefits

Upon termination of service due to death, disability, retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. At December 31, 2014 and 2013, all employees who elected to withdraw from the plan had been paid.

1. Description of Plan (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Unvested forfeitures may be used to reduce the employer's contribution.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value except for the investments in fully benefit-responsive common collective trusts which are stated at fair value and then adjusted to contract value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5 for discussion of fair value measurements).

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Recently Issued Accounting Standards

In May 2015, the FASB amended guidance for reporting investments in certain entities that calculate net asset value per share (or its equivalent) so that entities will no longer be required to categorize these investments in the fair value hierarchy or to provide the related fair value disclosures. The guidance is effective for the fiscal years beginning after December 15, 2016 with early adoption permitted and is not expected to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued guidance for I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient. This three-part Accounting Standards Update ("ASU") simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures.

2. Summary of Significant Accounting Policies (Continued)

Recently Issued Accounting Standards (continued)

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, October 14, 2015.

3. Invesco Stable Value Fund

The stable value fund (the "Fund") is a common collective trust fund sponsored by Invesco Investments ("Invesco"). The Fund seeks to maintain principal value, protect against market price volatility, obtain consistent income return and provide liquidity for benefit payments and withdrawals. The fund invests primarily in investment contracts issued by insurance companies, banks and other financial institution, and other instruments authorized by Invesco. Some alternative investment contracts are managed on an evergreen, or contract duration, basis. An evergreen contract has no predetermined maturity and the asset portfolio is managed to a target duration. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Funds, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

The Fund invests primarily in "wrap" contracts (also known as synthetic GICs) issued by third parties. The Fund purchases a wrap contract from a high-quality insurance company or bank.

The wrap contract amortizes the realized and unrealized gains and losses on the underlying bonds, typically over the duration of the bonds, through adjustments to the future interest crediting rate. The issuer of the wrap contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

3. Invesco Stable Value Fund (Continued)

The investment contracts for the Fund is fully benefit responsive at contract value. Participant-directed withdrawals in accordance with the Plan are payable at contract value even if the withdrawal is precipitated by an employer-initiated event, so long as the employee experiences a bona fide job loss. In the event of a spin-off or sale of a division where employee does not experience a bona fide job loss, the issuer will make a clone contract available to the successor employer's plan. In the event that the Plan is terminated, there is a material adverse change to the provisions of the Plan, or the employer elects to withdraw from a contract in order to switch to a different investment provider, the amount withdrawn from the contract would be payable at fair value rather than contract value. The contract value at December 31, 2014 was $1,572, as certified by the Trustee. At December 31, 2013, the Trustee certified that the fair value and the contract value were the same.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The Trustee, a party-in-interest to the Plan, has certified as to the accuracy and completeness of the investments at December 31, 2014 and 2013 as summarized below:

	2014		2013	
T. Rowe Price Growth Stock Fund	**$ 50,174**	*	$ 40,604	*
Blackrock Equity Dividend Fund	**60,131**	*	31,487	*
T. Rowe Price Retirement Fund 2020	**63,058**	*	50,755	*
J.P. Morgan US Equity Fund	**98,025**	*	56,055	*
T. Rowe Price Retirement Fund 2030	**74,474**	*	52,918	*
T. Rowe Price Retirement Fund 2035	**50,419**	*	25,838	*
Janus Triton Fund	**65,298**	*	39,010	*
Others, individually less than 5% of net assets available for benefits	**241,394**		121,921	
Total participant-directed investments	**$ 702,973**		$ 418,588	

* Represents investments valued at 5% or more of the Plan's net assets at December 31, 2014 and 2013.

The Trustee has also certified to the completeness and accuracy of $3,264 of net appreciation in fair value of investments and to $38,616 of dividend income from the Plan's mutual funds for the year ended December 31, 2014.

5. Fair Value Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).The three levels of the fair value hierarchy under are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

5. Fair Value Measurements (Continued)

Mutual funds: Valued at the net asset value of shares or units held by the Plan.

Stable value fund: Valued at the sum of the market value of all of the trust's investments.

Common collective trusts: Valued at the sum of the market value of all of the trusts' investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

As of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 670,561	$ -	$ -	$ 670,561
Stable value fund	-	1,572	-	1,572
Common collective trusts	$ 30,840	-	$ -	30,840
Total investments at fair value	$ 701,401	$ 1,572	$ -	$ 702,973

As of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 405,186	$ -	$ -	$ 405,186
Stable value fund	-	146	-	146
Common collective trusts	13,256	-	-	13,256
Total investments at fair value	$ 418,442	$ 146	$ -	$ 418,588

6. Related Party Transactions

At December 31, 2014, certain Plan investments were managed by State Street and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were $903 for the year ended December 31, 2014. Participant loans also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Company adopted a non-standardized Prototype 401(k) Savings Plan which received an opinion letter from the Internal Revenue Service, dated July 8, 2014 as to the Plan's qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and accordingly no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2013, the first year of the Plan's existence.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2014 and 2013 and changes in net assets available for benefits for the year ended December 31, 2014 from the financial statements to the Form 5500:
