RJN GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 2015 AND 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The RJN Group, Inc. 401(k) Plan (Plan) maintains its financial records and files its annual reports with the Internal Revenue Service on the modified cash basis of accounting. Except for the recognition of appreciation (depreciation) in fair value of investments, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

Investments - Investments, other than cash or cash equivalents, are carried at fair value in accordance with accounting standards for fair value measurements which define fair value as the price that would be received to sell an asset or transfer a liability in an orderly fashion between market participants at the measurement date.

Investments in shares of pooled separate accounts are reported at net asset value based on the market value of the underlying assets. Investments in mutual funds are reported at the quoted net asset value of the shares.

Investment Income - Dividends, interest, realized and unrealized gains and losses and investment expenses paid to the investment accounts are included in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

Payments on Benefits - Benefits are recorded when paid to the participant or beneficiary. All benefit payments are disbursed by the trustee.

Administrative Expenses - Certain administrative services are provided to the Plan by RJN Group, Inc. (Plan Sponsor).

Estimates - In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

NOTE 2. DESCRIPTION OF THE PLAN

The RJN Group, Inc. 401(k) Plan was established February 1, 1989 by RJN Group, Inc. to provide savings and retirement benefits for eligible employees. The Plan, financed by contributions of the participants and the employer, and the net earnings of the investments of the

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Plan, covers all non-collective bargaining employees of the Company who have been employed at least ninety days and are age twenty-one or older. The Plan is a single employer defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

Employees instruct the Company and/or the Contract Administrator of the Trust to invest their own contributions as well as Company contributions made on their behalf. The Plan currently offers a variety of pooled separate accounts with John Hancock Retirement Plan Services.

Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and Plan earnings. The Company's matching contribution is allocated based on a percentage of the participant's contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants are immediately vested in participant and rollover contributions plus the actual earnings thereon. Vesting in the remainder of their account is based on years of credited service. Participants are 100% vested after five years of service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Participants may borrow from the vested fund accounts a minimum of $1,000 to a maximum of 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate as published in the Wall Street Journal. Principal and interest is paid ratably through bi-weekly payroll deductions over a term not to exceed 60 months for general purpose loans or 240 months for residential loans.

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be used to pay for the Plan’s administrative expenses and then, subsequently, reduce future employer contributions. Accumulated forfeitures used for this purpose totaled approximately $7,569 and $5,362 at January 31, 2015 and 2014, respectively.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

On termination of service, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or a direct rollover distribution.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4. INCOME TAX STATUS

The Internal Revenue Service has issued a determination letter dated March 31, 2008, indicating that the Plan, as designed, is a qualified plan under Internal Revenue Code Sections 410(b) and 401(a)(4) and therefore not subject to tax.

Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the Internal Revenue Code.

The Plan accounts for income taxes in accordance with the Accounting Standards Codification Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of uncertain tax positions taken or expected to be taken in a tax return. As of January 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. At January 31, 2015, the Plan is no longer subject to income tax examinations for years prior to the fiscal year ended January 31, 2012.

NOTE 5. INVESTMENTS

The following table represents the fair value of investments, all of which are participant directed. Investments that represent 5% or more of the Plan's net assets at January 31, 2015 and 2014 are separately identified.

NOTE 6. FAIR VALUE MEASUREMENTS

Accounting standards provide a consistent definition of fair value using a fair value hierarchy based on observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

The following is a description of the inputs used in the valuation of the assets and liabilities.

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumption about the assumptions market participants would use in pricing the asset or liability.

The assets' fair value measurement levels within the fair value hierarchy are based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2015 and 2014.

Mutual funds: Valued at quoted market prices of shares held by the Plan at year end.

Pooled separate accounts: Valued by the trustee based on the net asset value of the underlying investments held by the account

The following table summarizes the Plan's investments in certain entities that calculate net asset value per share as fair value measurement as of:

January 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits**.**

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 11, 2015, which is the date the financial statements were available to be issued. This review and evaluation revealed no new material event or transaction which would require an additional adjustment to or disclosure in the accompanying financial statements.
