COLUMBUS URBAN LEAGUE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

## NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Columbus Urban League Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Columbus Urban League (Organization). Participation commences immediately upon satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may voluntarily contribute up to a portion of their pretax annual compensation between 1% and 90%, as defined in the Plan agreement, for the contribution period. The total amount contributed in any year is not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with IRC Section 414(v). Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization may make a contribution to the Plan, as determined by the Organization's Board of Directors. An employee must make elective deferrals to the Plan to receive this discretionary contribution. There were no discretionary contributions in 2014.

The Plan allows for automatic enrollment at a deferral rate of 1% of the employee's eligible compensation upon meeting the participation eligibility requirements. Eligible employees are automatically enrolled after a 30-day period unless the employee elects not to participate.

Participant Accounts - Each participant's account is credited with the participant's contributions and the investment earnings, which are invested directly into the Plan's investment options as directed by the participant.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting of employer discretionary match contributions is based on years of continuous service. Vesting in employer match contributions occurs at 25% intervals after two years, with 100% vesting after five years of credited service. Participants become fully vested in the event of death, disability or reaching the Plan's normal retirement age.

Payment of Benefits - Upon termination of service or normal retirement at age 65, participants may elect to receive a lump-sum amount equal to the value of their account or periodic installments over a specific amount of years. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants - Participants may borrow from their fund a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their account balance. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance a participant had under the Plan during the previous one-year period. The notes are secured by the balance in the participant's account and bear interest at the prime lending rate at the date of the note plus two percentage points. The rate of interest throughout the life of the note will be the rate set on the date the loan is approved and processed by the Organization. Principal and interest is paid ratably through weekly or biweekly payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses - The Plan is responsible for payment of Plan administrative expenses; however, the Organization may pay the Plan expenses directly. Transaction charges (for notes receivable from participants and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by Plan management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits to participants are recorded when they have been approved for payment and paid by the Plan.

Risks and Uncertainties - The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards update (ASU) No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). This ASU eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement. Reporting entities must provide sufficient information to enable users to reconcile total investments in the fair value hierarchy and total investments measured at fair value in the statement of financial position. Additionally, the scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. This guidance is effective for nonpublic entities in fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. This guidance requires retrospective application. Early adoption is permitted for all plan entities. The Plan administrator has elected to early-adopt these amendments where applicable. The results of this implementation did not have an impact on the net assets available for benefits and the related changes in net assets available for benefits, but rather affected only certain disclosures within the financial statements as well as certain reclassifications within the statement of net assets available for benefits, related to investments stated at contract value.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. This ASU reduces the complexity in employee benefit plan reporting. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Currently, fully benefit-responsive investment contracts are required to be measured at contract value with a reconciliation of contract value to fair value, when these measures differ, on the face of the plan financial statements. Part II eliminates the requirement to disclose individual investments representing 5% or more of net assets available for benefits for both participant-directed investments and nonparticipant-directed investments. Additionally, net appreciation or depreciation in investments for the period is no longer required to be disaggregated and disclosed by general type, however, should still be presented in the aggregate. Part II also requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2015. A reporting entity should apply the amendments to Parts I and II retrospectively to all periods presented, while Part III should be applied prospectively. Early application is permitted. The Plan administrator has elected to early-adopt these amendments where applicable. The results of this implementation did not have an impact on the net assets available for benefits and the related changes in net assets available for benefits, but rather affected only certain disclosures within the financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

## NOTE 3 - FAIR VALUE MEASUREMENTS

The Fair Value Measurement and Disclosure Topic of the Financial Accounting Standards Board's (FASB) Accounting Standards Codification provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common Collective Trust:* Valued at the NAV of the pro-rata share of units of the common collective trust fund held by the Plan at year-end. The NAV, as provided by the trustee or its agent, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 - FAIR VALUE MEASURMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | Assets at Fair Value as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 206,062 | - | - | $ 206,062 |
| Investments measured at net asset value (a) | | | | 18,494 |
| Total Assets At Fair Value | | | | $ 224,556 |

| | Assets at Fair Value as of December 31, 2013 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 159,736 | - | - | $ 159,736 |
| Investments measured at net asset value (a) | | | | 23,794 |
| Total Assets At Fair Value | | | | $ 183,530 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2014 and 2013.

| December 31, 2014 | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Common collective | | | | |
| Stable vale fund | $18,494 | None | Daily | None |

| December 31, 2013 | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Common collective | | | | |
| Stable vale fund | $23,794 | None | Daily | None |

## NOTE 4 - CERTIFICATION

The Plan administrator has received certification from State Street Bank and Trust Company (State Street Bank), the trustee of the Plan's assets, as to the completeness and accuracy of the investments and related investment income for the year ended December 31, 2014. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

## NOTE 5 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 8, 2014 stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2011.

## NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will be distributed in accordance with the terms of the Plan agreement.

## NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank. State Street Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

2014 Form 5500
Columbus Urban League
EIN: 31-4379453
Plan Number: 220634

Dear Department of Treasury Associate,

The Columbus Urban League (CUL) respectfully request the waiver of all penalties and fees related to the late filing of the 2014 Form 5500. CUL believes it has good cause for filing the 2014 Form 5500 after the extended due date.

The Columbus Urban League is a 501 (C) 3 not-for-profit agency providing social services to the public. During the 2015 year CUL's Chief Financial Officer (CFO) became seriously ill requiring her to take medical leave for six weeks, and return to work gradually over a 30 day period. While the CFO was out all projects were delayed, resulting in the delayed issuance of the 401K plan audit report.

Columbus Urban League regrets the delayed filing of Federal Form 5500, however, circumstances out of the control of CUL resulted in the delay, and CUL believes it acted in good faith by filing the report as soon as the CFO was able to work with our auditors to complete the audit report. CUL respectfully request the Department to waive all penalties and fees resulting for the late filing of the 2014 Federal Form 5500.

Your review and approval of this request is appreciated.

Sincerely,

Mary Love
VP & Chief Financial Officer
