Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year), assets (Both Acquired and Disposed of Within Year), schedule C, Line 2(h) Formula Description for the Year Ended December 31, 2013, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Correction of Errors in Previously Issued Financial Statements

As discussed in Note 10 to the financial statements, the comparative December 31, 2013 and 2012 financial statements have been restated to correct misstatements. The corrections in Note 10 necessitated changes to Notes 1, 4, and 9.

AFC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2013 and 2012

(1) Description of the Plan

The following brief description of the AFC 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the provisions.

General - The Plan, effective January 1, 2000, is a defined contribution plan which covers all eligible employees of Advanced Fresh Concepts Corp. and Advanced Fresh Concepts Franchise Corp. (hereinafter referred to as the "Company"). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The custodian of the Plan assets is State Street Bank & Trust Company ("State Street"), while record keeping for the individual participants' accounts is furnished by Automatic Data Processing Inc. ("ADP").

Eligibility – All employees who have completed one-year of service. Employees will receive credit for one month of service for each month in which they complete one hour of service. Employees are eligible to participate in the Plan on the first day of the month following the completion of the eligibility requirements.

Contributions – Participants may elect to defer the receipt of a portion of their compensation to be contributed to the Plan as a pre-tax deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contribution into various investment options offered by the plan. The Company contributes 25% on the first 6% of the employee contributions, subject to a maximum of 1.5% of eligible employee compensation contributed to the Plan. Matching contributions paid or accrued was approximately $52,000 and $44,000 in 2013 and 2012, respectively. In some Plan years, the Company may, at its discretion, make an additional matching contribution.

Section 401(k) of the Internal Revenue Code ("Code") and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All employees were limited to a maximum contribution of $17,500 in 2013 and $17,000 in 2012 by Code Section 402(g) of the Code. If any participant's compensation deferrals for a year exceed the maximum allowable for that year, the excess amount may be returned to the Company and then paid to the participant as taxable compensation.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferred contributions to the Plan may also make a catch-up contribution of up to $5,500 in 2013 and 2012.

Participant Accounts – Each participant's account is maintained separately and is credited bi-weekly with the participant's contribution along with the Company's matching contribution. Forfeitures of terminated participant's nonvested portion of their employer account are used by the plan administrator to reduce future contribution by the Company and are deducted accordingly. The allocation of the income, expenses, gains and losses of the Plan are adjusted monthly based on each remaining participants' pro rata share of deferrals at the beginning of each month of the Plan year.

Vesting - Participants in the Plan are fully vested in their deferral accounts and rollovers (if any). Participants become fully vested in the Company's matching contribution upon attainment of age 65, the Plan's Normal Retirement Age or age 59 ½, which is the Early Retirement Age under the terms of the Plan, in the event

of death, or becoming total and permanent disabled while employed by the Company. Otherwise, participants vest in their matching account according to the following schedule:

Years of Participation	Vested Percentage
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
Over 6 years	100%

Investment Options – The Automatic Data Processing Prototype 401 (k) Plan ("ADP Prototype Plan") offers a program to participating employee benefit plan sponsors, which features twenty investment options valued daily (the "Options"). Plan sponsors are currently offered the Options upon adopting the ADP Prototype Plan. Seven of the twenty Options are under the ADP/State Street Collective Trust ("Trust") and the remaining thirteen are outside of the Trust. State Street serves as the custodian and trustee for the Options. Each option seeks to achieve its objective by investing in an underlying fund with similar investment objectives. The investment objectives (according to the respective prospectus or trust documents) of the funds in which the Options invest are as follows:

(1) Description of the Plan (Continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. Only one loan, per participant, may be outstanding at any given time. The loans are secured by the balance in the participant's account. The interest rate for a loan will be the rate in effect in the month the loan becomes effective. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month. Loan payments are made through payroll deductions over a period of five years (30 years if for a principal residence).

Distributions and Withdrawals – Upon termination of service due to death, disability, or retirement, vested benefits due to the participants or their beneficiaries will be paid in a lump sum or in installments. The Plan also allows for hardship withdrawals of part or all of a participant's deferral account, from which participants must first obtain maximum available loan amount under the Plan. Effective on July 1, 2002, participants would not be required to take maximum available loan before receiving a hardship withdrawal upon certification of Plan's administrator.

In January 2008, the Plan was notified by their trustee of changes in rules to withdrawn and terminated participants effective in 2008. The changes required the plan to notify and contact these participants to explain their options to their account. Account balances with less than $1,000 were required to be either distributed or rolled over into the withdrawn or terminated participant individual retirement account. If they did not establish an individual retirement account, ADP would assist in establishing one for them. Participant with account balances over $5,000 were allowed to continue to maintain their account with the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all interests of participants become fully vested and the Company will arrange for distribution of all participants' accounts to the participants or their designated beneficiaries in accordance with the Plan.

Forfeitures - Upon termination of employment, the non-vested portion of the employer account will be forfeited. The forfeiture will occur in the plan year that a vested distribution is received or when a distribution is not received after five consecutive one year breaks in service. Forfeitures are retained in the Plan and used for reduction of future employer contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $606 and $2,534, respectively. These accounts will be used to reduce future employer contributions. In addition, in 2013, employer contributions were reduced by $606 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance with no allowance for credit losses. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Net Assets Available for Plan Benefits – Net Assets Available for Plan Benefits at December 31, 2013, include approximately $350,000 allocated to the accounts of persons whose employment has been terminated as of or prior to that date.

Risk and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Income Recognition – The Plan's investments in the shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The fair value of the investments in the common/collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Company pays for all administrative expenses, with the exception of asset management fees charged to participants in the variable funds.

(3) Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, the custodian of the plan, has certified to the completeness and accuracy of all investments and related activity in the accompanying financial statements and supplemental schedules as of and for the years ended December 31, 2013 and 2012.

(4) Investments (Unaudited)

The following investments as December 31, 2013 and 2012 represent 5% or more of the Plan's net assets:

	2013	2012
Participant directed investments:		
Mutual funds, at fair value:		
Oppenheimer Capital Appreciation Fund	$	$ 155,441
PIMCO Total Return Fund	321,127	195,977
Neuberger Berman Partners Fund	280,152	198,938
Templeton Growth Fund	416,489	302,491
Common collective trust, at fair value:		
SSGA S&P 500 Index Fund	311,604	
SSGA S&P 500 Index Securities Lending Series Fund		243,873
SSGA S&P MidCap Index Non-Lending Series Fund	390,340	270,651
Interest bearing cash account, at fair value:		
SSGA Cash Series U.S. Government Fund	421,047	343,895
	$ 2,140,759	$ 1,711,266

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $413,856 and 222,220, respectively, as follows:

	2013	2012
Mutual Funds	$ 200,906	$ 127,357
Common Collective Trust	212,950	94,863
	$ 413,856	$ 222,220

(5) Contributions

Contributions received from participants for 2013 are net of payments totaling $30,162 in excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The $30,162 is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2013.

(6) Income Tax Status

The ADP Prototype Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has not been amended since receiving the determination letter. Therefore, no provision for income taxes has been included in the plan's financial statements.

(7) Related Party Transactions

State Street, which manages all plan investments, is the trustee as defined by the Plan, and ADP, which also provided administrative services during the year, is defined as the record keeper for the Plan. Therefore, transactions related to those companies qualify as party-in-interest. While State Street charges no fee to the Company, payments for ADP are deducted out of the Company's main checking account. Therefore, service fees of approximately $6,000 paid to ADP in the years 2013 and 2012 are not reflected in the Statement of Changes in the Net Assets Available for Plan Benefits.

(8) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs that are not corroborated by market data

The following summarizes the financial assets and liabilities that are measured at fair value on a recurring basis at December 31, 2013 and 2012:

December 31, 2013	Fair Value	Level 1	Level 2	Level 3
Investments in:				
Mutual funds	$ 1,802,570	$ 1,802,570	$ -	$ -
