Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Verisight Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of June 30, 2015 and 2014 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

1. Description of Plan

The following description of Sutter Home Winery, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Sutter Home Winery, Inc. (the "Company") on July 1, 1988, and was most recently amended effective July 1, 2015 to comply with the Pension Protection Act of 2006. The Plan is defined as a contribution retirement plan of the 401(k) and profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who are at least 18 years of age become eligible for the 401(k) portion of the Plan upon the date of hire. Employees who are at least 18 years of age become eligible for the profit sharing portion of the Plan when they have six months of service and a minimum of 500 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The 401(k) and Profit Sharing Plan Committee has retained Verisight, Inc. as the administrator of the Plan. Merrill Lynch is the investment advisor for the Plan.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are made at the discretion of the Company incorporating the compensation limits under ERISA. Contributions are allocated in the same ratio that the participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer profit sharing contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income as presented on the statements of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Continued

1. Description of Plan, continued

Vesting, continued

Discretionary employer contributions, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
0–1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon death, retirement, total and permanent disability and if the Plan is terminated.

Notes Receivable from Participants

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their vested account balance, or $50,000, whichever is less. Loan terms range from one to five years, except for loans used to purchase a primary residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The loans are secured by no more than fifty percent of the balance in the participant's account. Loans that began prior to January 29, 2013 bear interest at 130% of Applicable Federal Rates ("AFR"). New loans beginning January 29, 2013 and later bear interest at prime plus two percent. Interest rates on participant loans ranged from .26%–9.91% as of June 30, 2015 and 2014. Principal and interest are paid through payroll withholding.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer profit sharing contributions, rollovers, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship or a disability.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the plan administrator. Account values will be determined as of the day the distribution is made.

Once requested by the participant (or their beneficiaries), distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment.

Investment Options

The selection of investments in the Plan is not directed by the participants.

Continued

1. Description of Plan, continued

Forfeitures

Forfeitures that occur during a plan year will be added to employer discretionary contributions and will be allocated in the same manner. As of June 30, 2015 and 2014, forfeited non-vested accounts totaled $335,947 and $599,507, respectively. During the year ended June 30, 2015, forfeited funds in the amount of $599,507 were added to the employer contribution. During the year ended June 30, 2014, no forfeited funds were added to the employer contribution.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Recognition of Benefit Payments

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Expenses

The Plan paid certain administrative expenses relating to the maintenance of the Plan's records incurred by the Plan. Other expenses related to the Plan such as audit fees are paid by the Company.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the ASU take effect for fiscal years beginning after December 15, 2015, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The Plan has elected to early adopt all parts of the ASU as of June 30, 2015 and 2014 and for the years then ended. The adoption of this ASU had no material impact on net assets available for benefits.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Continued

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014:

Money Market and Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2015:

	Assets at Fair Value as of June 30, 2015			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 460,724	$ -	$ -	$ 460,724

6. Party-in-Interest and Related-Party Transactions

The Preferred Deposit Business account is managed by Bank of America, an affiliate of Merrill Lynch, Pierce, Fenner & Smith Inc. The account totaling $125,395 and $57,500 as of June 30, 2015 and 2014, respectively, is included in the money market fund total in Note 3. Any purchases and sales of this fund are performed in the open market at fair value. Fees incurred by the Plan for the investment management services are included in net (depreciation) appreciation in fair value of investments.

7. Tax Status

The Plan uses a prototype plan document sponsored by Verisight, Inc. Verisight, Inc. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provisions for income tax have been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 29, 2015, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since June 30, 2015 that requires recognition or disclosure in such financial statements.
