Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Note 1 - ***Description of the Plan***

The Ledwell & Sons Enterprises, Inc. Employee Benefit Plan & Trust provides medical benefits covering eligible employees of the company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The plan provides benefits (medical, hospital, surgical, major medical, prescription drugs and dental) that cover permanent, full-time employees (and their covered dependents) that fall within the eligibility classifications of the company and choose to participate. There is no minimum hour requirement for owners to participate in the plan. The plan also provides continuation coverage as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) for qualified beneficiaries who would otherwise have lost coverage under the plan. The plan does not have any post retirement obligations for benefits offered to retired employees or beneficiaries of retired employees with the exception of dental benefits.

The plan provides benefits through a funding arrangement that includes a trust, which is funded by the plan sponsor and/or the participating employees, and with insurance to protect the plan against unpredictable excess claims. Under the plan agreement, the company contributes in cash to the plan in a manner and at such time determined by a committee, which is a plan fiduciary. Employees contribute to the plan in order to participate. The contribution is based on the coverage elected by the participants (i.e. single, family, etc.) and their participant class. Former members covered under COBRA make contributions to the plan for continuation of health coverage.

Medical benefits are provided on a partially self-insured basis. The plan has purchased insurance contracts to protect the plan against excessive or unpredictable claims. The insurance contracts include specific loss provisions that cover claims in excess of $100,000 for each individual covered under the medical plan. The insurance contracts also include aggregate loss provisions that cover the combined claims for all participants of the plan when the qualified claims for the plan year exceed a stated amount. The stated amount under the aggregate loss provisions was approximately $2,172,883 at April 30, 2015.

Although it has not expressed the intent to do so, the company has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. Funds contributed to the plan are irrevocably restricted for the use and provision of benefits to company employees.

The foregoing description of the plan provides only general information. Employees should refer to the Summary Plan Description & Plan Document for a more complete description of the plan's provisions.

Note 2 - ***Summary of Significant Accounting Policies***

When applicable, quoted market prices are used to value investments. Certificates of Deposit are valued based on original cost plus accrual interest. Certificates of Deposit with a maturity of three months or less are treated as cash.

The obligation for claims incurred before the financial statement date, but not reported to the plan as of the end of year, is estimated on an overall basis based on prior loss experience, and review of claims paid subsequent to the plan year end. The obligation is determined based on the present value of the ultimate cost to settle the claims.

Note 3 - ***Tax Status***

The plan and trust is no longer pursuing tax exempt status. However, taxable income of the trust is defined in such a way that yields no tax liability for the current year. Accordingly, no tax liability or expense is reflected in the financial statements.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Plan may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. There were no unrecognized tax benefits identified or recorded as liabilities for the year ended April 30, 2015.

Note 4 - ***Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, IBNR and claims payable. Actual results may differ from those estimates.

Note 5 - ***Reconciliation of Financial Statements to Form 5500***

The following is a reconciliation of net assets available for benefits per the accompanying April 30, 2015 financial statements to the Form 5500:

	2015
Net assets available for benefits per the financial statements	$ 422,182
Benefit obligations currently payable (health claims)	(36,238)
Net assets available for benefits per the Form 5500	$ 385,944

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended April 30, 2015:

	2015
Benefits paid to participants per the financial statements	$ 2,801,411
Add: Amounts payable at end of year	36,238
Less: Amounts payable at beginning of year	(0)
Benefits paid to participants per the Form 5500	$ 2,837,649

Amounts currently payable to or for participants, dependents, and beneficiaries are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to April 30, 2015, but not yet paid as of that date.

Note 6 - ***Fair Value Measurements***

The Plan determined the fair value of its assets and liabilities through a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data. Level 3 inputs are unobservable and are based on assumptions that market participants would utilize in pricing the asset.

The fair value of financial instruments, including cash, approximate the carrying value, principally because of the short maturity of those items and are considered Level 1.

Note 7 - ***Subsequent Events***

The plan evaluated its April 30, 2015 financial statements for subsequent events through November 9, 2015, the date of which the financial statements were available to be issued. The plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Note 8 - ***Fidelity Bonding Requirement***

ERISA requires every fiduciary of an employee benefit plan and every person who handles funds of the plan to maintain fidelity bond coverage equal to 10% of the amount of plan assets. The trustee (fiduciary) does maintain such a bond.
