Spurs Sports & Entertainment 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of Plan

The following description of the Spurs Sports & Entertainment 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all eligible employees, as defined, of Spurs Sports & Entertainment (Plan sponsor) who have completed six months of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Employer contributions to the Plan consist of matching contributions and elective contributions made annually at the discretion of the Plan sponsor's board of directors.

Participants may elect to defer a portion of their compensation by an amount that does not exceed the maximum allowed under Internal Revenue Service (IRS) rules and regulations.

Each year, participants may contribute up to 100 percent of pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants age 50 or older by December 31 are eligible to contribute additional "catch-up" contributions up to the limits prescribed by the Internal Revenue Code (IRC). The Plan sponsor makes matching contributions up to 3 percent of gross compensation with a limit of $6,000.

Participant Investment Account Options and Participant Accounts

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

The Plan document includes an automatic deferral feature whereby a participant is treated as electing to defer three percent of eligible compensation unless the participant made an election otherwise. Each participant's account is credited with the participant's contribution and allocations of the Plan sponsor's contribution and Plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Participant forfeitures of non-vested contributions are applied to administrative expenses incurred by the Plan. Total forfeitures used to pay administrative expenses were $1,250 for the year ended December 31, 2013. Any excess forfeitures will be used to reduce employer contributions for the year in which the forfeiture occurs. Total forfeitures used to pay employer match for the year ended December 31, 2013, were $27,655.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan sponsor's contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service, or upon the death or disability of the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed interest rate set by the Plan Retirement Committee.

Payment of Benefits

On termination of service, death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Hardship withdrawals are available to Plan participants upon approval.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Plan sponsor or the Plan at the Plan sponsor's discretion.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Plan Tax Status

The Plan operates under a prototype non-standardized adoption agreement sponsored by Fidelity. This prototype plan document has an opinion letter dated March 31, 2008. The Plan has not obtained or requested a determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities before 2010.

Note 3: Certification by Plan Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Accordingly, the custodian has certified that the following information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2013 and 2012

- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2013

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Investments

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2013	2012
Fidelity Management Trust Company		
Fidelity Advisor Freedom 2035	$ 2,430,974	$ 1,797,982

Fidelity Advisor Freedom 2040	$ 873,726	$ 773,519

*Did not meet five percent criteria at respective financial statement date.

During 2013, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated by:

Mutual fund	$ 1,264,336

Note 5: Fair Value of Plan Assets

ASC Topic 820, *Fair Value Measurements,* defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when

measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The fair values of investments in pooled separate accounts are valued based upon the fair value of the underlying investment in the pooled account. The underlying investments in the pooled accounts are actively traded and these fair values are used in determining the net asset value of the pooled separate account. The fixed interest account is valued at fair value which approximates contract value and represents what participants would receive if they were to withdraw or transfer funds prior to maturity. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan does not have any assets that qualify as Level 3 securities.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at December 31.

Note 6: Party-in-interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan sponsor paid certain professional fees related to the Plan for the year ended December 31, 2013.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013, to Form 5500:

Note 9: Risks and Uncertainties

The Plan may invest in various types of investments. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report on the financial statements, which is the date the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of Plan

The following description of the Spurs Sports & Entertainment 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all eligible employees, as defined, of Spurs Sports & Entertainment (Plan sponsor) who have completed six months of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Employer contributions to the Plan consist of matching contributions and elective contributions made annually at the discretion of the Plan sponsor's board of directors.

Participants may elect to defer a portion of their compensation by an amount that does not exceed the maximum allowed under Internal Revenue Service (IRS) rules and regulations.

Each year, participants may contribute up to 100 percent of pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants age 50 or older by December 31 are eligible to contribute additional "catch-up" contributions up to the limits prescribed by the Internal Revenue Code (IRC). The Plan sponsor makes matching contributions up to 3 percent of gross compensation with a limit of $6,000.

Participant Investment Account Options and Participant Accounts

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

The Plan document includes an automatic deferral feature whereby a participant is treated as electing to defer three percent of eligible compensation unless the participant made an election otherwise. Each participant's account is credited with the participant's contribution and allocations of the Plan sponsor's contribution and Plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Participant forfeitures of non-vested contributions are applied to administrative expenses incurred by the Plan. Total forfeitures used to pay administrative expenses were $1,250 for the year ended December 31, 2013. Any excess forfeitures will be used to reduce employer contributions for the year in which the forfeiture occurs. Total forfeitures used to pay employer match for the year ended December 31, 2013, were $27,655.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan sponsor's contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service, or upon the death or disability of the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed interest rate set by the Plan Retirement Committee.

Payment of Benefits

On termination of service, death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Hardship withdrawals are available to Plan participants upon approval.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Plan sponsor or the Plan at the Plan sponsor's discretion.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Plan Tax Status

The Plan operates under a prototype non-standardized adoption agreement sponsored by Fidelity. This prototype plan document has an opinion letter dated March 31, 2008. The Plan has not obtained or requested a determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities before 2010.

Note 3: Certification by Plan Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Accordingly, the custodian has certified that the following information is complete and accurate:

Note 5: Fair Value of Plan Assets

ASC Topic 820, *Fair Value Measurements,* defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when

measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The fair values of investments in pooled separate accounts are valued based upon the fair value of the underlying investment in the pooled account. The underlying investments in the pooled accounts are actively traded and these fair values are used in determining the net asset value of the pooled separate account. The fixed interest account is valued at fair value which approximates contract value and represents what participants would receive if they were to withdraw or transfer funds prior to maturity. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan does not have any assets that qualify as Level 3 securities.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at December 31.
