NOTE 1 - DESCRIPTION OF PLAN

The following description of the Wabash Valley Service Company Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger

On November 13, 2012, by resolution of its board of directors, Wabash Valley Service Company approved a motion to cease contributions and to merge the Plan into the Growmark Plan effective January 1, 2013. All assets were transferred to the Growmark Member Cooperative 401(k) Savings Plan. The transfer of assets to the Growmark Plan occurred on January 31, 2013.

General

The Plan is a defined contribution plan and was established by the Company for all full-time employees of Wabash Valley Service Company (the Company) who have completed one year of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). For the purpose of this Plan, a trust has been created to receive all contributions and to pay all benefits under the Plan.

The Company appoints one employee to serve as Administrator of the Plan. Among the duties of the Administrator are the maintenance of participants' records, the determination of the right of any person to a benefit, the determination of the method of payment of such benefit, and others.

Capital Bank and Trust Company has been named trustee of the Plan by the Company and is responsible for the holding, investing and disposal of all trust assets.

Participation

Participation in the Plan is extended to any individual who is in the service and employ of Wabash Valley Service Company. Such individuals may become a participant in the Plan upon completion of one year of service (at least 1,000 hours of service per Plan year) with the Company and attainment of the age 21. Participants may enter semi-annually, the first day of the first month of the Plan year or the first day of the seventh month of the Plan year after meeting the eligibility requirements.

Contributions

Participants' contribution
The Plan permits voluntary contributions by participants, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Matching contribution
Upon the Company's discretion, the Company may make matching contributions equal to a discretionary percentage of salary deferrals. Matching contributions are invested in the same options as participant contributions, at the participant's discretion. There were no discretionary matching contributions to the Plan for the period ended January 31, 2013 and year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions (if any) and an allocation of Plan earnings. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus earnings. Participants' interests in their share of the Company contributions vest in accordance with the following schedule based on years of service (a plan year where the participant performs at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

If an active participant dies prior to attaining his normal retirement age, his vesting percentage shall be 100%. Full vesting also occurs upon attainment of normal retirement age or termination of employment due to disability. As of the termination date, all participants became 100% vested in their account balance.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures from less than 100% vested accounts are used to offset Company contributions or to reduce administrative expenses. Forfeited nonvested accounts used to offset Company contributions were $0 during the period ended January 31, 2013 and year ended December 31, 2012, respectively. Forfeited nonvested accounts transferred out of the Plan were $2 and $0 during the period ended January 31, 2013 and year ended December 31, 2012. Forfeited nonvested accounts available to offset future Company contributions or to reduce the future administrative expenses were $0 and $2, at January 31, 2013 and December 31, 2012, respectively.

Payments of Benefits

Benefits are payable to the participant upon:

a) death or retirement from the service of company on or after normal retirement date (age 65), or on account of disability; or
b) resignation or dismissal from the service of company prior to normal retirement date.

If the benefits are payable in the event of (a) above, the amount of benefits would be equal to the then balance in the participant's accounts. However, if (b) is applicable, the benefits payable would be the total of the participant's own contributions and the company matching contributions, up to the amount of the participant's vested interest in matching contributions. If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000, it will automatically be rolled over into an individual retirement account (IRA). Balances of $1,000 or less will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Benefits may be paid in either a lump-sum payment or substantially equal installments over a period of time not exceeding the participant's life expectancy or the joint life expectancy of the participant and the beneficiary.

Each participant or former participant may, in writing, designate a beneficiary or beneficiaries to whom distributions of interest in the trust shall be made in the event of the participant's death.

Participants, who have attained age 59-1/2, may elect to withdraw from their tax-deferred contributions account including net earnings. The Plan also allows for in-service withdrawals of all or part of the participant's contribution balance in the case of immediate and heavy financial need (as defined). The withdrawal cannot exceed the amount required to relieve the financial need.

Administrative Expense

The expenses of administering the Plan, including investment fees, are paid by the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on a liquidation basis.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to Plan assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrators determine the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements is complete and accurate.

a) Total participant-directed investments in the accompanying statements of net assets available for benefits of $0 and $3,548,923 as of January 31, 2013 and December 31, 2012, respectively.

b) Net investment income as shown in the accompanying statements of changes in net assets available for benefits of $128,464 and $486,320 for the period ended January 31, 2013 and year ended December 31, 2012, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access;

- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets and liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2013 and December 31, 2012:

- Mutual funds: Valued at the net asset value (NAV) of the shares held by the Plan at year end.

- Money market fund: Valued at $1 per share which approximates fair value.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth funds	$ 1,751,529	$ -	$ -	$ 1,751,529
Fixed income funds	33,604	-	-	33,604
Index funds	270,671	-	-	270,671
Balanced funds	1,364,501	-	-	1,364,501
Money market fund	-	128,618	-	128,618
Total assets at fair value	$ 3,420,305	$ 128,618	$ -	$ 3,548,923

NOTE 6 - RELATED-PARTY TRANSACTIONS

Certain Plan investments were managed by Capital Bank and Trust Company. Administrative and trustee services, as defined by the Plan, are provided by Capital Bank and Trust Company, and therefore these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company, for which no compensation is received.

NOTE 7 - PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. On January 31, 2013, the Plan merged with Growmark Member Cooperative 401(k) Savings Plan.

NOTE 8 - TAX STATUS

The Plan and related trust have adopted the American Funds Distributors Inc. Prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the prototype Plan is acceptable for use by employers under Section 401 of the IRC. The Plan itself has not requested a determination letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and is being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluated subsequent events through November 2, 2015, the date the financial statements were available to be issued. Events or transactions occurring after January 31, 2013, but prior to November 2, 2015 that provided additional evidence about conditions that existed at January 31, 2013, have been recognized in the financial statements for the year ended January 31, 2013. Events or transactions that provided evidence about conditions that did not exist at January 31, 2013 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended January 31, 2013.
