JB JAMES CONSTRUCTION, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1 - Description of Plan -

The following description of the JB James Construction, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. It covers all employees of JB James Construction, LLC (plan sponsor). Employees must be 20.5 years of age or older and have at least one year of service to be eligible for participant elective deferrals and employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Merger

Effective December 31, 2012, the net assets of JB James Construction, LLC 401(k) Plan were merged into the Louisiana AGC 401(k) Multiple Employer Plan. As a result, all investments and participant account were transferred from the JB James Construction, LLC 401(k) Plan into the Louisiana AGC 401(k) Multiple Employer Plan.

Contributions

Prior to the Plan merger, participants could elect to make elective deferrals to the Plan through payroll withholdings up to the maximum percentage of compensation and dollar amount subject to Internal Revenue Code (IRC) limits. Participants who had attained age 50 before the end of the plan year are eligible to make additional catch-up contributions subject to IRC limits. The plan sponsor could provide a discretionary matching contribution. For the year ended December 31, 2012, the plan sponsor made quarterly matching contributions up to 2% of participants' elective deferrals.

Forfeitures

Forfeitures of terminated participants' nonvested account balances could be used to pay administrative expenses of the Plan and any remaining amounts could be used to reduce employer contributions. Forfeited non-vested balances at December 31, 2012 and 2011 totaled \$-0- and \$3,254 respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's matching contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Prior to the Plan merger, participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts was based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

Notes Receivable from Participants

Prior to the Plan merger, participants could borrow amounts from their accounts subject to the provisions of the Plan. Loans are limited to 50% of a participant's vested account balance in the Plan. Loans were generally repaid through payroll deductions over a period not to exceed five years. The interest rate is determined at the origination of the loan, based on prevailing market conditions at the time, and is fixed over the life of the loan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant could receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Note 2 - Summary of Significant Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Investments are valued at fair value as quoted by the trustee of the Plan. All assets of the Plan are participant directed. Effective as of December 31, 2012, all assets of the Plan were transferred to the Louisiana AGC 401(k) Multiple Employer Plan.

Benefits are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Accordingly, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As of December 31, 2011, the Plan was invested in a common collective trust, Comerica Stable Value Fund, which owned fully benefit-responsive investment contracts. The Plan reflected these fully benefit-responsive investment contracts at fair value and recognized an adjustment from fair value to contract value of (\$1,754) as of December 31, 2011, in the accompanying Statements of Net Assets Available for Benefits. The Plan held no benefit-responsive investment contracts as of December 31, 2012.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administration expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

Prior to the Plan merger, the Plan invested in common/collective trust funds and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 4, 2013, the date the financial statements were available to be issued.

Note 3 - Investments -

The following investments represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	<u>2012</u>	<u>2011</u>
Comerica Stable Value (Contract Value \$67,444 for 2011)	*	\$ 69,198
Comerica Destination 2015 Fund, 801 units	*	\$ 11,295
Comerica Destination 2035 Fund, 1296 units	*	\$ 18,435
Comerica Destination 2045 Fund, 683 units	*	\$ 9,817
Neuberger Berman Genesis Trust Fund, 210 shares	*	\$ 10,143

*Balance does not exceed 5% of the Plan's net assets for the respective year.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Effective December 31, 2012, the assets of the Plan were transferred to the Louisiana AGC 401(k) Multiple Employer Plan as disclosed in Note 1 to these financial statements.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2011:

Common Collective Trust Funds - the fair value of the common collective trust funds is derived from the fair value of the underlying securities based on quoted market prices in active or inactive markets.

Mutual Funds - the fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Common Collective Trust Funds	\$ -	\$ 109,114	\$ -	\$ 109,114
Mutual Funds:				
Equity Funds	50,011	-	-	50,011
Balanced Funds	8,505	-	-	8,505
Totals	<u>\$ 58,516</u>	<u>\$ 109,114</u>	<u>\$ -</u>	<u>\$ 167,630</u>

Note 5 - Unaudited Information Certified by the Trustee -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2012	2011
Investments, at Fair Value:		
Common Collective Trust Funds		
(Contract Value \$107,360 in 2011)	\$ -	\$ 109,114
Mutual Funds	-	58,516
	<u>\$ -</u>	<u>\$ 167,630</u>
Investment Income	<u>\$ 16,351</u>	

Note 6 - Plan Termination -

The plan sponsor had the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7 - Tax Status -

The plan sponsor has adopted a prototype plan which received a favorable tax determination letter from the Internal Revenue Service that it qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2009.

Note 8 - Party-in-Interest Transactions -

Prior to the Plan merger, certain plan investments were held in common and collective trust funds managed by an affiliate of Wells Fargo Bank. Wells Fargo Bank is the trustee of the plan assets as defined by the plan, and, therefore, these transactions qualify as parties-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation of investments, as they are paid through revenue sharing, rather than direct payment. The Company pays any other fees related to the Plan's operations.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500 -
