INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Astrum Solar 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Astrum Solar 401(k) Plan, which comprise the Statement of Net Assets Available for Benefits as of December 31, 2013, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company (Reliance), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and for the year then ended that the information provided to the plan administrator by trustee is complete and accurate.

To the Plan Administrator and Participants of
Astrum Solar 401(k) Plan

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis-of-Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 12 to the financial statements, the Direct Energy Pension Committee voted in December 2014 to transfer the assets of the Plan to the Direct Energy US 401(k) Plan, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination of the Plan. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Astrum Solar 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established on January 1, 2013, is a defined contribution plan. The Plan covers substantially all employees of Astrum Solar, Inc. ("Company"). The Plan is subject to the provisions of ERISA.

Effective January 1, 2013, all employees of Insperity who were being leased to the Company became employees of the Company. As a result, the Astrum Solar 401(k) Plan was established, and the account balances for those employees, which totaled \$564,038, were transferred from the Insperity 401(k) Plan to the Plan on February 15, 2013.

Eligibility - The Plan covers substantially all employees of the Company. Employees who are nonresident aliens or independent contractors are not eligible to participate in the Plan. Employees are eligible to participate on the first day of the month following the attainment of three months of service, as defined.

Contributions - Each year, participants may elect to contribute between 1% and 90% of their compensation, as defined by the Plan, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral contributions or after-tax Roth contributions. Under the auto enrollment provision, a contribution of 4% of compensation will automatically be elected, unless otherwise directed by the employee. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make Qualified Matching Contributions (QMACs) and Qualified Nonelective Contributions (QNECs) to the Plan. For the year ended December 31, 2013, no QMACs or QNECs were made.

Participant Accounts - Each participant's account is credited with the participant's contributions as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options - Participants may direct the investment of their contributions into various registered investment companies (mutual funds) offered by the Plan.

Vesting - Participants are immediately vested in their contributions, QMACs, and QNECs plus earnings thereon.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - Participants may borrow from their fund accounts. The minimum note amount is \$500. The maximum aggregate dollar amount outstanding to any participant may not exceed the lesser of (1) \$50,000 reduced by the excess (if any) of the highest outstanding balance of all other notes from the Plan during the one-year period ending the day before the note was made, over the outstanding balance of notes from the Plan on the date on which the note was made or (2) 50% of the amount of the participant's account balance on the valuation date coincident with or immediately preceding the filing of the note application. The notes are secured by the balance in the participant's account and bear interest at a rate of the Prime rate plus 2%. All notes are required to be paid in five years or less, except for notes taken for the purchase of a primary residence, in which case the note must be repaid within 30 years. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums only and are payable upon termination of employment, death, disability or retirement at age 65. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and its trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2013, there was \$11,108 allocated to accounts of participants who had elected to withdrawal from the Plan, but had not yet been paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation of the investment, as they are paid through revenue sharing. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Investments at fair value as determined by quoted market prices:

Ivy Asset Strategy	\$ 253,852
Invesco Balanced-Risk Retirement 2050	148,721
Invesco Balanced-Risk Retirement 2030	65,142
Invesco Balanced-Risk Retirement 2040	61,805

During the year ended December 31, 2013, the Plan's registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$27,534.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividend income for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

NOTE 6 - TAX STATUS

The IRS has determined and informed ADP, Inc. by a letter dated March 31, 2008, that the prototype plan and the related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

**ASTRUM SOLAR 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013**

NOTE 6 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2010.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

ADP, Inc. (ADP) provides certain administrative services to the Plan pursuant to the Administrative Services Agreement and Compensation and Fee Disclosure Statement (the Agreement) between the Company and ADP. In conjunction with the Agreement, ADP receives, as additional compensation, certain payments (1) from one or more of the Plan's investment funds, or from affiliates or agents of such investment funds, for services provided by ADP with respect to such investment funds or (2) from any entity that marketed the retirement program under which ADP performs the services provided to the Plan and who co brands the program with ADP. These fees reduce the amount of expenses that would otherwise be payable pursuant to the Agreement. The Plan or Company may make payments to ADP for administrative expenses not covered by revenue sharing. ADP also receives compensation in the form of interest or other similar income ("float") on contributions and plan loan repayments. In addition, participants pay to ADP any transactional fees relative to notes and distributions. Fees paid by the Plan to ADP amounted to \$3,938 for the year ended December 31, 2013.

Reliance Trust Company (Reliance), the trustee of the plan, also provides certain administrative services to the Plan pursuant to the Trust Agreement between the Company and Reliance. In conjunction with the Trust Agreement, Reliance is compensated for its services under the Trust Agreement directly by ADP pursuant to a separate agreement between ADP and Reliance, in which ADP pays Reliance a fixed fee to provide trustee services to certain plans for which ADP provides recordkeeping and administration services. No fees were paid directly by the Plan to Reliance for the year ended December 31, 2013.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - OPERATIONAL ERRORS

During 2013, the Company failed to withhold and remit employee deferrals for one pay period. In addition, several employees were not auto enrolled in the Plan in a timely manner in accordance with the Plan's auto enrollment provisions. The Company has calculated the effect of these errors and recorded a corrective contribution receivable in the amount of \$3,699 on the Statement of Net Assets Available for Benefits as of December 31, 2013. Plan management will remit this amount, plus lost earnings, on behalf of participants during the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

For the year ended December 31, 2013, 37% of the Plan's investments were held in the Ivy Asset Strategy Fund. As such this is considered to be a concentration of credit risk.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to Schedule H of Form 5500:

NOTE 12 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through November 19, 2015, the date the financial statements were available to be issued.

During June 2014, the Company was acquired by Direct Energy. Effective December 10, 2014, the Direct Energy Pension Committee voted to transfer the assets of the Plan to the Direct Energy US 401(k) Plan, and on January 30, 2015, all the Plan's assets totaling \$1,152,364 were transferred into the Direct Energy US 401(k) Plan.
