Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bosch Rexroth Pneumatics Corporation 401(k) Plan for Bargaining Unit Employees (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Mercer Trust Company, the trustee of the Plan. Their report, dated October 10, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Bosch Rexroth Pneumatics Corporation (the Company) 401(k) Plan for Bargaining Unit Employees (formerly known as the Bosch Rexroth Corporation Mecman Division, Lexington Facility 401(k) Plan for Bargaining Unit Employees) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all bargaining unit employees of the Company who have attained age nineteen and completed six months of employment. The Plan's entry date for eligible employees is the first day of the first month upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On June 1, 2013, the name of the Plan was changed to Bosch Rexroth Pneumatics Corporation 401(k) Plan for Bargaining Unit Employees.

Effective December 31, 2013, Bosch Rexroth Pneumatics Corporation was sold to Triton Managers IV Limited, and became known as AVENTICS Corporation.

Mercer Trust Company (Mercer) is the trustee of the Plan and, as such, has custody of all of the Plan's assets, executes transactions therein, receives contributions from the Company, and disburses funds according to the trust agreement.

Contributions:

The Plan is funded by both pre-tax salary deductions and employer contributions. Participants may elect to defer up to 17% of their compensation up to Internal Revenue Code annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined employee benefit plans. The employer makes a weekly contribution for all employees up to 50% of the first 7% of eligible compensation contributed by the participant.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Participant Accounts:

Each participant's account is credited with the participant's elective pre-tax contributions, the Company's matching contributions, allocations of Plan earnings and fees which are directly attributable to a participant's transactions. Allocations of the Company's contributions are based upon participant earnings as defined in the Plan's provisions. Allocations of Plan earnings are based on the specific investment performance of each participant's investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options:

A participant may direct contributions in 1% increments in any of the investment options offered by the Plan which include mutual funds and collective trusts, as well as the Bosch Stable Value Fund, which holds a liquidity fund and several synthetic guaranteed investment contracts. Participants may change their investment options daily.

Vesting:

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as outlined in the following table:

<u>Years of service</u>	<u>Percent of non-forfeitable interest</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years or more	100%

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Notes Receivable from Participants:

Participants may borrow from their accounts up to the lesser of one-half (50%) of their vested account balance, or \$50,000 (subject to certain limitations as defined in the Plan document). The minimum loan is \$1,000. Participants may only have one outstanding loan at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, or attainment of age 59 ½, a participant or participant's beneficiary (in the event of a participant's death) may elect to receive the entire value of his or her account in a lump sum payment, annual or quarterly installments, or a rollover into an Individual Retirement Account (IRA) or the participant's new employer's qualified plan if it accepts rollovers. If a participant's entire account value is \$1,000 or less, it will be distributed without consent. If the account balance is greater than \$1,000 but less than \$5,000, a terminated participant's account balance will automatically be rolled into a qualified IRA.

In the event of financial hardship, the employer may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account, if less. Employee deferral contributions to the Plan, and any other employer-sponsored matching contributions, are suspended for six months after a participant receives a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$3,832 and \$3,786, respectively. Forfeitures of \$-0- and \$7,565 were used to reduce employer matching contributions for the years ended December 31, 2014 and 2013, respectively.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in the understanding of the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Shares of mutual funds are valued at the daily closing price as reported by the fund. Units of collective trusts are valued at the net asset value of the units held by the Plan at year-end, based on information reported by the investment advisor using the financial statements of the collective trusts.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts within the Bosch Stable Value Fund option. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

BOSCH REXROTH PNEUMATICS CORPORATION 401(K) PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

An annual recordkeeping fee of \$62.50 (\$15.63 per quarter) is charged to participants accounts by the recordkeeper. This amount is reflected in administrative expenses in the accompanying financial statements. Fees allocated to participants accounts for administrative services totaled \$5,189 for the year ended December 31, 2014. Other administrative expenses, including audit fees, are paid by the Company.

Subsequent Events:

The Plan has evaluated subsequent events through the date the financial statements were available to be issued, which is December 3, 2015.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013 and supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mercer Trust Company, the trustee of the Plan, under the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The contract value of the guaranteed investment contract was certified by the trustee.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value as follows:

Mutual funds	\$ 6,429
Collective trusts	169,979
	<u>\$ 176,408</u>

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BOSCH REXROTH PNEUMATICS CORPORATION 401(K) PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

There were no transfers between hierarchy levels during 2014 and 2013. The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

BOSCH REXROTH PNEUMATICS CORPORATION 401(K) PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Stable value fund: This consists of the JP Morgan Liquidity Fund and the JP Morgan Intermediate Bond Fund (Funds), which are common collective trusts sponsored by JP Morgan and are considered to be a stable value fund with the underlying investments in investment contracts that carry a “benefit responsiveness” feature. This guarantees that participant-initiated withdrawals from the fund will be covered at contract value. The Fund is valued at fair value and then adjusted by the issuers to contract value. Fair value equals the sum of the market value of all the Fund’s investments, and contract value is equal to the sum of all benefits owed to participants in that fund. This is classified as Level 2 of the valuation hierarchy as participants may ordinarily direct the withdrawal or transfer all of, or a portion of, their investment at contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2014:

7. STABLE VALUE FUND

The Plan holds synthetic guaranteed investment contracts (“GICs”) as part of the Bosch Stable Value Fund (the Fund). They synthetic GICs provide for a fixed return of principal over a specified time through fully benefit-responsive wrapper contracts issued by AIG Financial Products, Royal Bank of Canada, and State Street Bank. The assets underlying the synthetic GICs substantially consist of an intermediate bond collective trust fund.

The underlying fixed investments are owned by the Fund and held in trust for plan participants. Wrap contracts accrue interest using a formula called the “crediting rate.” The crediting rate formula smoothes the impact of interest rate changes by amortizing any difference between market value and book value over a period of years equal to the duration of the portfolio benchmark. Crediting rates are reset quarterly and the wrap contracts provide a guarantee that the crediting rate will not fall below 0%.

The resulting gains and losses in the market value of the underlying investments relative to the wrap contracts value are represented on the statements of net assets available for benefits as the “adjustment from fair value to contract value.” If the adjustment amount is positive, this indicates that the Fund contract value is greater than the market value of the underlying investments. The embedded market value losses will be amortized in the future through a lower interest crediting rate. If the adjustment amount is negative, this indicates that the Fund contract value is less than the market value of the underlying investments. The amortization of the embedded market value gains will cause the future interest crediting rate to be higher.

BOSCH REXROTH PNEUMATICS CORPORATION 401(K) PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

The fair value of the synthetic GICs equals the total fair value of the underlying assets plus the fair value of wrapper contracts. The fair value of the Plan's interest in the Fund at December 31, 2014 and 2013 was \$600,015 and \$761,927, while the contract values were \$597,060 and \$758,574, respectively. The fair value of the Plan's interest assigned to the wrapper contracts at December 31, 2014 and 2013 was \$-0-. At December 31, 2014 and 2013, the crediting interest rate for the Fund contracts was 1.42% and 1.57%, respectively. At December 31, 2014 and 2013, the average yield of the Fund contracts based on actual earnings was 1.25% and 1.14%, respectively. The credit ratings for AIG Financial Products were A+ at both December 31, 2014 and 2013, and the credit ratings for Royal Bank of Canada and State Street Bank were AA- at both December 31, 2014 and 2013.

There are currently no reserves against contract values for credit risk of the contract issuers of any other risk.

In certain circumstances, the amount withdrawn from a wrapper contract would be payable at market value rather than at contract value. These circumstances include restructurings, early retirement plans, divestitures, bankruptcies, or any law, regulations or administrative ruling applicable to the plan that could have a material adverse effect on the portfolio's cash flow. The plan administrator believes the occurrence of any such event is remote.

The providers of the wrapper contracts can only terminate at a value different than contract value under an event of default (that was not remedied) such as failure to follow the terms of the contract.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Notes receivable from participants qualify as exempt party-in-interest transactions. Mercer Trust Company is the trustee of the Plan and, therefore, transactions with Mercer Trust Company qualify as party-in-interest transactions. Certain operating expenses of the Plan are paid by the Plan sponsor. Blue & Co., LLC serves as the auditor for the Plan. Audit fees for the Plan's audit were paid by Plan sponsor.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

9. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 17, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's ERISA counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will be entitled to 100% of the value of their accounts.

In the event of any merger or consolidation of the Plan with, or transfer of assets of the Plan to any other plan, each participant's account, immediately after such event, would equal the market value of the account prior to such event. As further discussed in Note 12, Plan assets were transferred to a new plan under the administration of AVENTICS Corporation in 2015.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. SUBSEQUENT EVENTS

The Plan was terminated and all Plan assets were transferred from Mercer Trust Company to Ascensus Trust Company. These Plan changes were completed on January 31 and February 2, 2015, respectively. The Plan's assets were transferred to a new plan named AVENTICS 401(k) Plan for Bargaining Unit Employees. The new plan is under the administration of AVENTICS Corporation.
