Note 1 - Plan Description

The following description of the West Coast Quartz Corporation Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by West Coast Quartz Corporation (the Sponsor). The Plan became effective on June 1, 1995, for the purpose of providing retirement benefits to eligible employees as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement income Security Act of 1974 (ERISA), as amended. The Plan was last amended effective September 21, 2012.

Participant Directed Accounts

Upon enrollment in the Plan, each participant directs his or her own investment into a choice of funding options. A description of each fund is provided to participants by the Sponsor. Participants may change their investment option at any time.

Eligibility

Employees become eligible to participate in the Plan after completing three consecutive months of service and attaining the age of 21 years old. Employees may enroll in the Plan on the first day of the month coinciding with or following the date that eligibility requirements are met. To become eligible for the employer's matching contribution and discretionary profit sharing contributions, the employee must complete one year of service, defined as 1,000 hours of work in the Plan year, and be at least 21 years old.

Contributions

Participants may elect to contribute to the Plan their eligible pretax of compensation to the Plan up to the amount allowable under the Plan document. The Plan allows for catch up contributions to be made by certain eligible participants. For any Plan year, a participant's contribution may not exceed a specific dollar amount determined annually by the Internal Revenue Service. The Sponsor may elect to make a discretionary matching contribution. There may also be a discretionary profit sharing contribution to employees who meet certain eligibility requirements. This contribution shall be allocated to all eligible participants in the same ratio as each participant's eligible compensation bears to the total of such eligible compensation of all participants.

Rollovers

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provision.

Note 1 - Plan Description (continued)

Vesting

Participants are immediately vested with respect to employee contribution amounts. Vesting with respect to employer matching and profit sharing contributions is based on a graduated schedule beginning at 20% vesting after two years of continuous service and becoming fully vested after six years of service. In addition, participants become fully vested in their account if the Plan terminates or the participant becomes disabled, dies, or reaches the normal retirement age.

Forfeited Accounts

The non-vested portion of terminated employees' accounts is forfeited. Forfeitures will be used to pay for administrative expenses and reduce future Sponsor contributions to the Plan. As of May 31, 2014 and 2013, there was a balance of $9,353 and $9,289 in the forfeitures account, respectively. Forfeitures of $22 were used in the year ended May 31, 2014 to pay for Plan administrative expenses.

Participant Accounts

Each active participant's account is credited with (a) individual contributions, (b) Plan earnings and/or losses, and (c) the Sponsor's contributions, if any. Allocations are principally based on the participant's election, or account balance, as defined in the Plan agreement. Investment income or loss is calculated based on the number of shares owned by each participant in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are offset against Plan investment income and loss as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant will either (a) receive a lump-sum amount equal to the value of the participant's vested interest in their account, or (b) receive a monthly annuity. The options are based upon such factors as which forms and waivers are completed, the age of the employee, and the balance of the account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000. At May 31, 2014, there were no participants that had requested a withdrawal from the Plan and awaiting payment of benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Plan's Custodian and are invested in pooled separate accounts and an insurance contract based solely upon instructions from participants. The Plan's investments in pooled separate accounts are recorded at estimated fair market value as of the last day of the Plan year as quoted by Transamerica based on reported net asset values obtained on a daily basis from a national exchange. The Plan's investment in the insurance contract is recorded at contract value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Increases or decreases in fair value are recognized currently. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

Payment of Benefits

Benefits paid out of the Plan are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Reclassification

Certain reclassifications, not affecting the net increase or net assets available for benefits, have been made to the 2013 financial statements in order to conform with the 2014 presentation.

Note 3 – Notes Receivable from Participants

Included in assets at May 31, 2014, were twenty notes receivable from participants, collateralized by their vested account balances at the inception of the loans. Four of the notes receivable from participants have been deemed as distributions to the participants. These loan balances will remain as part of the participants' total account balance until the participant has separated from service from the Plan Sponsor. The notes mature between 2 and 23 years. Notes maturing in more than five years are for the purchase of a principal residence. The loans issued carry interest rates between 4.25% and 7%. Principal and interest is paid ratably through semi-monthly payroll deductions. Loans can be made to participants who meet certain loan qualification requirements. The maximum amount of a loan cannot exceed the lesser of 50% of the vested interest in the participant's account or $50,000, reduced by the highest outstanding loan balance during the preceding twelve consecutive month period. Participants can have up to two loan outstanding at one time, as long as the participant's account remains in compliance with ERISA.

Note 4 - Separated Participants

Included in investments at May 31, 2014, were accounts valued at $447,299 representing deferred vested benefits for 12 separated participants. The Sponsor has notified each separated participant of their deferred vested benefit.

The Plan's investments in mutual funds, including investments bought, sold, and held during the period, appreciated in value by $278,781 in for the year ended May 31, 2014. All individual participant account balances are participant-directed as to investment programs.

Note 7 – Income Tax Status

As of September 21, 2012, the Sponsor amended the Plan by adopting the Transamerica Financial Life Insurance Company Volume Submitter 401(k) Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service on May 30, 2008, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service Code. The Plan has been amended since the date covered by the opinion letter and the Sponsor has not yet submitted the Plan, as amended, to the Internal Revenue Service for a determination letter. The Sponsor and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of May 31, 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files informational tax returns in the U.S. federal jurisdiction (Form 5500). The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2010. The Internal Revenue Service (IRS) is not presently conducting any examinations of the Plan's U.S. informational tax returns for 2010 through 2012 fiscal years. At May 31, 2014, there are no tax provisions for which the deductibility is uncertain, or for which there is uncertainty regarding the timing of such deductibility.

Note 8 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan only allows for Level 1 and Level 2 inputs. The Plan's investment policy does not include Level 3 inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at May 31, 2014 and 2013.

Pooled separate accounts:
Pooled separate accounts ("PSA") contain observable Level 1 quoted pricing inputs or quoted prices for similar assets in active or non-active markets. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are classified as Level 2 investments since they are not publicly quoted and the investments may be redeemed at their net assets values ("NAV") as of the measurement date. The NAV is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding.

Insurance contract:
The insurance contract is a group variable annuity contact issued by Transamerica Life Insurance Company. Similar to the pooled separate accounts described above, the insurance contract's NAV is based on the market value of its underlying investments. This investment is classified as a Level 2 investment because the NAV is not a publically quoted price in an active market. The investments may be redeemed at their NAV as of the measurement date.

Note 8 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2014 and 2013:

Note 9 - Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The majority of the fees related to the Plan are paid directly by West Coast Quartz Corporation.

The Sponsor is the administrator of the Plan, and, as such, carries out the duties imposed by ERISA. The Sponsor delegated certain responsibilities for the operation and administration of the Plan. Custodial services are contracted with Transamerica Life Insurance Company, and recordkeeping services are contracted with Transamerica Retirement Services.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, West Coast Quartz Corporation, has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Note 11 – Party-In-Interest Transactions

Certain Plan investments in insurance contracts and pooled separate accounts are managed by Transamerica Life Insurance Company, the Custodian of the Plan. Any purchases and sales of these funds are performed in an active market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 12 - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 13 – Delinquent Employee Deferral Transmittals

During the year ended May 31, 2014, the Sponsor erroneously failed to remit certain employee deferrals and loan repayments to the Plan within the time frame required by the Department of Labor (DOL). These late employee deferrals and loan repayments totaled $10,883. These deferral and loan repayments are included in the Plan's receivable at May 31, 2014. The Sponsor computed the lost earnings on these deposits and subsequently remitted the deposits and made a contribution for lost earnings to the Plan. The Sponsor has also submitted Form 5330 to the IRS with the payment for penalties related to the late employee deferrals and loan repayments.

Note 14 – Voluntary Compliance Program

Due to administrative changes at the Sponsor, the Plan's informational tax return (Form 5500) due to the Internal Revenue Service (IRS) no later than March 15, 2015, was not been filed by the due date. The Sponsor is in the process of filing a Voluntary Correction Program (VCP) submission with the IRS, which further details this matter, as well as the delinquent employee deferral transmittals (See Note 13), and the Sponsor's plan for correcting these matters. The delinquent Form 5500 is to be filed with these financial statements. None of these items had a material effect on the Plan's Net Assets Available for Benefits, and the Sponsor does not expect the VCP submissions to affect the Plan's tax status.

Note 15 – Subsequent Events

The Sponsor has evaluated whether any events related to the Plan occurred subsequent to May 31, 2014, and through November 20, 2015, which is the date the financial statements were available to be issued, and determined that there were no material events or transactions that have not been properly recognized or disclosed in the financial statements.
