RITE AID PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED FEBRUARY 28, 2015 AND 2014

1. PLAN DESCRIPTION

The following brief description of the Rite Aid Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined benefit pension plan that specifies a determinable pension benefit, usually based on factors such as age, years of service and salary. The Plan covers eligible classes, as defined, of employees of Rite Aid Corporation and its subsidiaries (the “Plan Sponsor” or “Plan Administrator”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2008, the Rite Aid Corporation Cash Balance Pension Plan (the “CB Plan”) was amended, in general, to provide a participant with non-forfeitable rights to 100% of accrued benefit at all times after the date on which such participant is credited with five years of service. Additionally, a participant who is credited with at least one hour of service on or after March 1, 2008 shall have non-forfeitable rights to 100% of accrued benefit at all times after the date on which such participant is credited with three years of service.

Effective October 1, 2013, Aon Hewitt became plan actuary and plan record keeper. Hewitt Ennis Knupp, an Aon Company became the investment manager and BNY Mellon became the custodian bank and trustee. In connection with the transition, the Plan’s investments in Northern Trust Co.’s funds were liquidated and the proceeds reinvested in funds with similar characteristics as offered by BNY Mellon based on the Plan’s targeted investment allocation.

Participation—Effective December 31, 2001, participation in the plan was frozen for non-union, non-grandfathered employees in the Plans. Prior to December 2001, participation in the Rite Aid Corporation Defined Benefit Plan (the “DBR Plan”), the Rite Aid Corporation Plan (the “RAC Plan”), and the CB Plan was open to all eligible employees, as defined in the plans.

Effective December 31, 1993, participation in the Thrifty Payless, Inc. Pension Plan (the “TPI Plan”) was frozen. Prior to December 1993, participation in the plan was open to all qualified employees who were not covered by a collective bargaining agreement. Participation began upon completing one year of service of at least 1,000 hours.

The early retirement benefit is the actuarial equivalent of the pension accrued to the date of early retirement. If employees terminate before rendering five years of service, they forfeit the right to receive their accumulated plan benefits.

Funding—Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor's funding policy is to make cash contributions to the Plan in an amount no less than the minimum funding requirements of the Employee Retirement Income Security Act of 1974 (ERISA) as determined by the Plan's independent actuary. The Plan Sponsor met the minimum funding requirements of ERISA for the years ended February 28, 2015 and 2014.

Forfeitures—If a participant terminates employment before their accrued benefit derived from employer contributions is fully vested, the non-vested portion is forfeited. Any forfeitures arising in the operation of the Plan are applied toward reduction of the cost to fund and maintain the Plan.

Vesting—Participants in the DBR Plan, the RAC Plan and the CB Plan fully vest in benefits after completing five years of credited service, normal retirement, death or disability. Participants in the TPI plan were 100% vested effective December 31, 1993. Effective March 1, 2008, the CB Plan was amended, in general, to provide that participants who are credited with at least one hour of service on or after March 1, 2008, be 100% vested at all times after the date on which such participant is credited with three years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP). Certain prior year amounts have been reclassified to conform with the current year presentation.

Investments Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for additional information regarding valuation methodology.

The Plan's investments are held in the Rite Aid Master Retirement Pension Trust. However, only the Rite Aid Pension Plan participates in this Master Trust.

Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the fair market value of the underlying investments.

The common collective trust funds may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefit Obligations—Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits are expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died and present employees or their beneficiaries.

The actuarial present value of accumulated plan benefit obligations is determined by an independent actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. Significant assumptions underlying the actuarial computations as of March 1, 2013 and 2014, are as follows:

Actuarial cost method	Unit Credit cost method
Asset valuation method	Fair market value
Assumed rate of return on investment	7.25% as of March 1, 2014 7.25% as of March 1, 2013
Mortality basis	For 2014—RP-2014 Healthy Annuitant Mortality Table with generational projection using Scale MP-2014 For 2013—Generational RP-2000 Mortality Table for annuitants and non-annuitants, with longevity improvements since 2000 based on Scale AA
Assumed retirement age	Varying rates from ages 55 to 73+

The actuarial present value of accumulated plan benefits as of March 1, 2014 and 2013 is as follows:

	2014	2013
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Inactive participants receiving benefits	\$ 51,977,823	\$ 45,393,534
Other participants	<u>60,955,413</u>	<u>59,974,644</u>
Total vested benefits	112,933,236	105,368,178
Non-vested benefits	<u>662,072</u>	<u>734,202</u>
Total actuarial present value of accumulated plan benefits	<u>\$113,595,308</u>	<u>\$106,102,380</u>

The changes in accumulated plan benefits between the valuation dates are as follows:

	2014	2013
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Inactive participants receiving benefits	\$ 51,977,823	\$ 45,393,534
Other participants	<u>60,955,413</u>	<u>59,974,644</u>
Total vested benefits	112,933,236	105,368,178
Non-vested benefits	<u>662,072</u>	<u>734,202</u>
Total actuarial present value of accumulated plan benefits	<u>\$113,595,308</u>	<u>\$106,102,380</u>

The foregoing actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan were to be terminated, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that certain changes in these estimates and assumptions could be material to the financial statements.

Administrative Expenses—Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the plan document. During the years ended February 28, 2015 and 2014, the Plan's expenses primarily included payments to the Plan's trustee, actuary, and record keeper for services rendered substantially all of which were paid by the plan. All other expenses were paid by the Plan Sponsor.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes to the Plan's net assets available for benefits during the reporting period. Actual results may differ from those estimates and assumptions.

Risk and Uncertainties—The Plan invests in common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

3. FAIR VALUE MEASUREMENTS

In accordance with Accounting Standard Codification (“ASC”) Topic 820, *Fair Value Measurements* (“ASC Topic 820”), the plan classifies its investments into level 1, which refers to securities valued using quoted prices from active markets for identical assets; level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy, a summary of the plan’s investments measured at fair value on a recurring basis at February 28, 2015 and 2014.

	Fair Value Measurements at February 28, 2015, Using

Total	<u>\$ -</u>	<u>\$ 128,984,516</u>	<u>\$ -</u>	<u>\$ 128,984,516</u>

For the years ended February 28, 2015 and 2014, there were no significant transfers in or out of levels 1, 2, or 3.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Common and Collective Trusts—Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the net asset value (NAV) of the underlying investments in accordance with ASC 820. There are generally no restrictions on redemptions from these funds and no unfunded commitments to invest. Therefore, the Plan classifies common and collective trusts as Level 2 securities in the fair value hierarchy. The underlying investments mainly consist of equity and fixed income securities funds that are valued based on the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEES AND CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of February 28, 2015 and 2014, and for the years then ended, included in the Plan's financial statements and supplemental schedules, that was prepared by The Bank of New York Mellon, trustee of the Plan for the period of October 1, 2013 to February 28, 2015, and The Northern Trust Company, the trustee of the Plan for the period March 1, 2013 to September 30, 2013, and furnished to the Plan Administrator. 5. TAX STATUS

The Plan obtained its latest determination letter dated November 20, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 28, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2012, 2013 and 2014 remain open to audit.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the Plan Document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits and certain disability benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by The Bank of New York Mellon, trustee of the Plan for the period October 1, 2013 to February 28, 2015, and The Northern Trust Company for the period March 1, 2013 to September 30, 2013. The transactions related to such investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and trustee services for the years ended February 28, 2015 and 2014 were \$566,410.00 and \$777,314.72, respectively.

8. SUBSEQUENT EVENTS

For the Plan year ended February 28, 2015, subsequent events were evaluated through December 10, 2015, the date the financial statements were available to be issued.
