NOTES TO FINANCIAL STATEMENTS
March 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Diamond Rental, Inc. (the Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering eligible employees of the Sponsor who have completed one year of service and have attained age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) maximum deferral limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation. Contributions are automatically invested in a designated balance fund until changed by the participant. The Sponsor makes matching contributions of 50% of the first 5% of base compensation that a participant contributes to the Plan. The Sponsor may make discretionary profit sharing contributions at the option of the Sponsor's Board of Directors.
- C. Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Sponsor's matching contributions after two years of credited services. Vesting in the portion of their accounts attributable to profit sharing contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less one year	0 %
At least one year	20 %
At least two years	40 %
At least three years	60 %
At least four years	80 %
At least five years	100 %

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

- E. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period not to exceed the assumed life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- F. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.
- G. Forfeited Accounts - At March 31, 2015 and 2014, forfeited nonvested accounts totaled \$934 and \$458, respectively. These accounts will be used to reduce future employer contributions.
- H. Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees paid to the recordkeeper and financial advisors, are paid by the Sponsor. Expenses not paid by the Sponsor are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Change in Accounting Principle

In 2015 the Plan elected to discontinue certain plan investment disclosures that do not provide decision-useful information, including individual investments that represent 5 percent or more of net assets available for benefits, the disaggregation of investment general type by major security type, and the net increase or decrease in fair value of investments by general type. The 2014 investment disclosures have been modified to apply the change retrospectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is based on quoted prices for identical assets in active markets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year items have been reclassified to conform to the current year presentation.

Subsequent Events

The plan administrator has evaluated subsequent events through December 16, 2015, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

NOTE 4 - INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, the contract is measured at contract value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Great-West. The plan administrator believes the occurrence of such events is not probable.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in accordance with the requirements to qualify for tax-exempt status.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
