BIDCLERK, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the BidClerk, Inc. (Company) 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of the Company. Employees over 21 years of age who have completed at least three months of service were eligible to participate in the Plan. An eligible employee could become a Plan participant on the first day of each month following completion of such service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants could contribute up to 85% of pretax annual compensation, subject to Internal Revenue Service (IRS) limitations, as defined in the Plan. Participants could also make after-tax contributions. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2013, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 90 days. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company could also elect to make discretionary matching contributions to the Plan. Participants must have completed one year of service in order to receive any discretionary contributions. Effective January 1, 2015, the Plan was amended to reduce the eligibility service requirement for discretionary matching contributions to three months of service. The Company contributed 50% of the first 4% of compensation that a participant contributed to the Plan in 2015.

Participant Accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contribution, Plan earnings, and allocations of employer discretionary contributions, if any. Allocations were based on the participant's earnings, account balance or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Notes Receivable from Participants

The Plan allowed participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate remained fixed throughout the duration of the loan. Principal and interest were paid ratably through payroll deductions. The term of the loans did not exceed five years unless it was for the purchase of a principal residence, in which case it could have been longer than five years.

Payment of Benefits

On termination of service due to death, disability, retirement or separation from service, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals from the Plan could have also been made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 25%, 50%, 75% and 100% vested after completion of one, two, three and four years of credited service, respectively.

Forfeitures

At May 1, 2015 and December 31, 2014, forfeited nonvested accounts totaled \$0. Forfeited nonvested accounts could be used to reduce future employer contributions. In 2015, employer contributions were reduced by \$68 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Benefit Payments

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Investment Valuation

Investments were stated at the amounts certified to the Plan Administrator by Capital Bank and Trust Company at May 1, 2015 and December 31, 2014, which represents fair value at the statement of net assets available for Plan benefits date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Subsequent Events

Subsequent events have been evaluated through December 28, 2015, the date that the financial statements were available for issue.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	<u>2015</u>	<u>2014</u>
Investments in excess of 5% of current value of Plan assets at fair value as determined by quoted market price:		
Capital World Growth Income Fund	\$ -	97,209
Target Date Retirement Fund 2025	-	71,990
Target Date Retirement Fund 2035	-	142,143
Target Date Retirement Fund 2040	-	69,983
Target Date Retirement Fund 2045	-	57,553
Target Date Retirement Fund 2050	-	130,421
Target Date Retirement Fund 2055	-	64,662
 Aggregate total of investments under 5% of current value of Plan assets	 -	 <u>316,342</u>
	\$ <u>-</u>	<u>950,303</u>

During the period ended May 1, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$40,781.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company was the custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions for the period ended May 1, 2015. Fees paid by the Plan for the investment management services amounted to \$1,025 for the period ended May 1, 2015.

BIDCLERK, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - TAX STATUS OF PLAN

The Plan adopted a non-standardized form of a prototype Plan. The Prototype Plan received an opinion letter dated March 31, 2008 from the Internal Revenue Service, and as a result, was exempt from federal income taxes. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan was designed in compliance, and was taking necessary action to have the Plan operate in compliance, with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions, that more likely than not, would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of May 1, 2015 and December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods or any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants bore interest at 4.25%. Notes receivable from participants consisted of \$0 and \$11,952 at May 1, 2015 and December 31, 2014, respectively.

BIDCLERK, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 1, 2015 and December 31, 2014.

Shares of registered investment companies were valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

BIDCLERK, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8 - FAIR VALUE MEASUREMENTS, CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 1, 2015 and December 31, 2014:

Asset at Fair Value as of May 1, 2015

NOTE 9 - PLAN MERGER

During 2015, BidClerk, Inc. merged into iSqFt, Inc. a subsidiary of Blueprint Sub Inc. As a result of the merger, BidClerk, Inc., 401(k) Plan and Trust merged into the Blueprint Sub, Inc. 401(k) Plan effective May 1, 2015.
