Independent Auditor's Report

Impact Networking, LLC
401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Impact Networking, LLC 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (3), which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H Item 4(a)–Schedule of Delinquent Participant Contributions and Schedule H Line 4(i)–Schedule of Assets Held at End of Year, as of December 31, 2013, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note (1) Description of Plan

The following description of Impact Networking, LLC (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established on January 1, 2000.

A. General

The Plan is a defined contribution plan covering all nonunion employees of the Company upon their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

B. Contributions

Each year, participants may contribute the maximum percentage allowable, not to exceed Internal Revenue Service Code ("IRC") limits of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, the Company, at its discretion, may make matching contributions on behalf of Plan participants. For the Plan year ended December 31, 2013, no matching contributions were made on behalf of Plan participants.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) self-directed plan earnings reduced by expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note (1) Description of Plan – Continued

E. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

G. Forfeited Accounts

As of December 31, 2013 and 2012, forfeited nonvested accounts amounted to $9,089 and $13,421, respectively. Forfeitures may be used to reduce employer contributions. Forfeitures of $5,436 were used to reduce employer contributions for the year ended December 31, 2013.

Note (2) Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

D. Payment of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

G. Subsequent Events

The Plan has evaluated subsequent events through October 9, 2014, the date the financial statements were available to be issued.

All the net appreciation in the fair value of instruments arises from investments in participant directed pooled separate accounts. During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $368,114.

Note (4) Fair Value of Financial Instruments

The fair value measurements and disclosures topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It describes three approaches to measuring the fair value of assets and liabilities: 1) the market approach, 2) the income approach and 3) the cost approach. Each of these approaches includes multiple valuation techniques. It does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk. Level 1 inputs are given the highest priority in the hierarchy while Level 3 inputs are given the lowest priority. Assets and liabilities carried at fair value are classified in one of the following three categories based upon the nature of the inputs to the valuation technique used:

- Level 1 – Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

- Level 3 – Unobservable inputs that are not corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Pooled separate accounts – Based on the value of underlying assets, as reported to the Plan by the contract issuer. The pooled separate accounts are comprised of a portfolio of underlying securities that can be valued on active markets and are classified as variable annuities. The fair value of the contracts is calculated by applying the Plan's percentage ownership in the pooled separate accounts to the total market value of the accounts' underlying securities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note (4) Fair Value of Financial Instruments – Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2013 and 2012. As required by the fair value measurements and disclosures topic, these assets are classified in their entirety based on the lowest level input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect their placement within the fair value hierarchy levels.

Restatement – Due to a reevaluation of the assets held by the Plan, it was determined the investments previously classified as Level 1 mutual funds should have been classified as Level 2 pooled separate accounts, based on the investments themselves as well as the fair value hierarchy. Accordingly, the 2012 fair value disclosure has been updated to reflect this change.

Note (4) Fair Value of Financial Instruments – Continued

(a) Bond funds include investments in government, corporate, municipal and convertible bonds providing investors low risk returns consisting of periodic dividends including interest payments on the fund's underlying assets plus periodic realized capital appreciation.

(b) Emerging market funds provide returns from investing in the securities of companies and governments in developing countries.

(c) Equity income funds are funds invested in established, creditworthy companies making consistent dividend payments. These funds seek to provide investors with lower risk investment returns from a wide variety of income investments. The funds can hold both common and preferred stocks and may target companies with certain dividend yields.

(d) Foreign funds are investments in companies located outside of the United States and offer a diverse amount of asset types, including foreign government and corporate bonds, which can act as hedges against currency exchange rate changes. These funds also target specific market segments with growth potential.

(e) Growth and income funds are funds that seek to provide both growth of capital and a stream of income. This is done by investing primarily in the common stock of companies that have had not only increasing share value, but also a solid record of paying dividends.

(f) Growth funds are diversified portfolios of stocks that have capital appreciation as their primary goal, with little or no dividend payouts. Portfolio companies would mainly consist of companies with above-average growth in earnings that reinvest their earnings into expansion, acquisitions, and/or research and development.

(g) Income funds seek to generate an income stream for investors by investing in securities that offer dividends or interest payments. The funds can hold bonds, preferred stock, common stock or real estate investment trusts (REITs).

(h) Small company funds are invested in companies generally with $500 million or less in market capitalization

(i) Specialty funds consist of a real estate fund which invests primarily in residential and/or commercial real estate to produce income and capital gains for its investors.

Note (5) Related Party Transaction

Plan investments consist of pooled separate accounts managed by the Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net investment gain from registered investment companies, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

Note (6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company contribution portion of their account.

Note (7) Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan accounts for any potential interest or penalties related to the possible future liabilities for unrecognized income tax benefits as interest/other expense. The Plan is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2010.

Note (8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note (9) Delinquent Participant Contributions

During 2013, the Company failed to timely remit participant contributions and loan repayments of $90,974 to the Plan pursuant to 29 CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Under the regulation, amounts paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. As a result, the Company has engaged in a nonexempt prohibited transaction under ERISA Section 406. The Company has remitted the non-timely participant contributions and loan repayments, including lost participant earnings during 2013 and 2014.
