Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Right Away Redy Mix, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of March 31, 2015 and 2014 and the related statements of changes in net assets available for benefits for the year ended March 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of March 31, 2015 and 2014, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) March 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of Right Away Redy Mix, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) is provided for only general information purposes only. Participants should refer to the entire Plan agreement for a more complete description of the Plan's provisions.

Effective April 1, 2002, the Plan was restated to comply with the requirements of the Employee Retirement Income Security Act (ERISA) of 1974 and the Internal Revenue Code (IRC) of 1986, as amended by subsequent legislation.

Effective March 31, 2010, Right Away Redy Mix, Inc. Money Purchase Plan (MPP) was merged into the Plan. The contribution formula under the Plan is frozen. Immediately after the merger each participant shall have a balance in the 401(k) Plan equal to the sum of the account balances each participant had in the MPP and in the 401(k) Plan immediately prior to the merger. Investments transferred from the merger will be participant-directed.

General

The Plan is a defined contribution plan covering all employees of the Company and wholly owned subsidiaries, which are at least 21 years of age, and meet the Plan's eligibility requirements. Participants may contribute to the Plan effective the first day of the quarter following their hire and upon satisfying the age and one year of service requirement. Participants must meet the age and service requirements in order to be eligible for Company contributions to the Plan. Profit sharing and matching contributions are discretionary and are subject to certain limitations.

Employees governed under a collective bargaining agreement, are eligible to receive nonelective contributions after one hour of service. Entry date for nonelective contributions for collective bargaining employees is effective the first day of each month.

Nonresident aliens and effective April 1, 2010, leased and reclassified employees are excluded from participation in the Plan. Employees covered under a collective bargaining agreement are not eligible for the following specified contributions: matching, qualified nonelective and qualified matching.

Administration

The sponsor of the Plan is Right Away Redy Mix, Inc. David Filipek and Geoffrey Henrikson are the trustees of the Plan. A third-party record-keeper Milliman, Inc. processes and maintains the records of the Plan. Charles Schwab & Co. Inc. a division of Charles Schwab Bank, serves as custodian of the Plan's participant directed investments.

Contributions

Eligible participants may defer up to 100% of eligible compensation up to the maximum allowed by law. Eligible participants who are at least 50 years old by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a collective investment trust, money market funds, and a self-directed brokerage account as investment options for participants.

RIGHT AWAY REDY MIX, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statements
Years Ended March 31, 2015 and 2014

Employees subject to collective bargaining agreements will be eligible to receive nonelective contributions after one hour of service. These nonelective contributions are participant directed and determined by bargaining agreement. The contribution is allocated among the participants based upon a fixed contribution formula which states the following: 3% of compensation for members of Union Concrete Workers Association Driver's Association, Right Away Fresno Mechanics Association, Right Away Fresno Yard Association, Teamsters Local 315 Union Driver's Association and teamsters Local 315 Union Yard Association; 13% for Union City Drivers Associations. As of March 31st, 2015, the Pleasanton Mechanics receive \$4.59 per hour. Participants must be employed on the last day of the Plan year to receive an allocation of the contribution.

The Company may also make a discretionary nonelective profit sharing contribution, but is not required to contribute to the Plan. Contributions are subject to certain limitations. Profit sharing contributions are non-participant directed. The Company did make a profit sharing contribution of \$40,000 for the year ended March 31, 2014. The Company did not make a profit sharing contribution for the year ended March 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings and administrative expenses. For participant contributions and nonelective contributions determined by collective bargaining agreements, allocations are based on participant account balances on a daily valuation basis. Nonelective contributions for non-collective bargaining employees are allocated to balances based on the weighted average of participant's balances and valued at the last day of the month.

Allocation among the available funds is at the participant's discretion for employee and collective bargaining agreement nonelective contributions. Participants' may change these investment elections at any time. Profit sharing contributions are nonparticipant directed. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in employer's discretionary qualified nonelective contributions, safe harbor contributions and earnings thereon. Based upon a participant's one year period of service, vesting in any regular matching and employer profit sharing contributions occur at 20% per year after two years of service. For employees under collective bargaining agreements vesting for nonelective contributions is 30% after two years of service, 44% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service.

Break in Service

A participant will incur a break in service during any Plan year in which the participant works less than 501 hours.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at prime plus one percentage point. Notes must be repaid within 5 years unless used to purchase a primary residence, in which case, the term of the note may not be greater than 15 years. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Participant contributions can be distributed prior to termination for hardship claims, death or disability or retirement as defined in the Plan agreement. A participant may elect a lump sum payment or, if eligible, installments.

On termination of service for account balances less than \$1,000, a cash-out distribution will be made at the employer's discretion. For vested account balances greater than \$1,000, but not more than \$5,000, and the participant fails to elect a lump sum or rollover, the balance shall be rolled over to an Individual Retirement Account at a qualified financial institution. For account balances over \$5,000, written consent by the employee is required before distribution can be made.

The normal retirement age under the Plan is 65 years of age. However, in-service distributions from elective deferral contribution accounts can be made once participant reaches the age 59-1/2.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures attributable to matching contributions are applied to reduce matching contributions. Forfeitures attributable to nonelective contribution balances are allocated as additional nonelective contributions to those employees. Forfeitures attributable to money purchase pension transfer balances and to balances attributable to fixed nonelective contributions for collective bargaining employees are used to reduce nonelective contributions for those employees. During the year ended March 31, 2015, forfeitures of \$12,126 were used to reduce employer nonelective contributions for collective bargaining employees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment custodians and third party administrator.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the principal loan balance is reduced and a benefit payment is recorded.

RIGHT AWAY REDY MIX, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statements
Years Ended March 31, 2015 and 2014

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to administration of specific transactions such as distributions are charged directly to the participant's accounts and investment related expenses are included in administrative expenses. Expenses for annual administration are allocated to the participant accounts and investment expenses are charged against participants' profit sharing accounts pro rata. Indirect administrative expenses paid by the Plan totaled \$0 and direct expenses for administrative and securities commissions were \$143,736 for the year ended March 31, 2015. All other significant Plan expenses were absorbed by the Company.

3. Investments

The following investments represent 5% or more of the Plan's net assets available for benefits at March 31:

	<u>2015</u>	<u>2014</u>
Oakmark Equity & Income Fund	\$4,228,577	\$3,913,270
Weitz Value	1,768,826	1,574,718

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$584,812.

	<u>Participant Directed</u>	<u>Nonparticipant Directed</u>	<u>Total</u>
Common stock	\$ 3,475	\$ 609,408	\$ 612,883
Mutual funds	(90,808)	2,225	(88,583)
Corporate bonds	-	87,806	87,806
Government securities	-	(72,694)	(72,694)
Calls	-	45,400	45,400
	<u>\$ (87,333)</u>	<u>\$ 672,145</u>	<u>\$ 584,812</u>

4. Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Union Bond and Trust Company (Union Bond). Union Bond maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value and since the average contract value, approximates fair value no adjustment to contract value was necessary to arrive at net assets available for benefits. Contract value, as reported to the Plan by Union Bond, represents contributions made under the contract, plus earnings, less participants' withdrawals and administrative expenses or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise the average yield was approximately 1.64% and 1.53% for 2015 and 2014, respectively. The crediting interest rate was approximately 1.47% and 1.20% for 2015 and 2014, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Uncertified Nonparticipant-Directed Investments

Information about the uncertified net assets and the significant components of the uncertified changes in net assets relating to the uncertified nonparticipant-directed investments is as follows:

	<u>2015</u>	<u>2014</u>
Net assets:		
Money market	\$ 236,120	\$ 244,466
Common stock	10,906,766	10,028,779

	<u><u>\$ 813,246</u></u>

6. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2015 and 2014:

Common Stocks, Preferred Stocks, Corporate Bonds, and Government Securities

Valued at the closing price reported in the active market in which the individual securities or bonds are traded.

Collective Investment Trust

Valued at net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Certificates of Deposit

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

RIGHT AWAY REDY MIX, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statements
Years Ended March 31, 2015 and 2014

Mutual Funds and Money Market Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Calls and Warrants

Valued at closing price reported in the active market in which the investments are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of March 31, 2015:

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts, including Company contributions.

8. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are money market funds managed by Charles Schwab. Charles Schwab is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Broker commissions incurred by the Plan in the amount of \$139,315 are included in administrative fees for the year ended March 31, 2015. The Plan made direct payments to the third party administrator for transaction fees in the amount of \$4,421 for the year ended March 31, 2015. The Plan sponsor pays directly any other fees related to the Plan's operations.

9. Information Certified by Trustee

The Plan's investments are currently held in safekeeping with Charles Schwab Bank, the Plan's custodian. Investments are in accordance with the policy set by the Plan's administrator or by subsequent policy amendments.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, is the custodian of the Plan, has certified to the completeness and accuracy of all participant-directed investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2015 and 2014, and the participant-directed investments on the schedule of assets held for investment purposes as of March 31, 2015, and the related investment activity for participant directed investments reflected in the statement of changes in net assets available for benefits for the year then ended.

10. Amounts Allocated to Participants who Have Withdrawn

As of March 31, 2015, 17 participants with vested account balances totaling \$5,882,952 had withdrawn from participation upon termination, but had not yet received distribution of their vested account balances.

11. Income Tax Status

The trust established under the Plan on April 1, 1987 to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and, accordingly, the trust's net investment income is exempt from income taxes.

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended and restated effective April 1, 2002, restatement includes the merger of the Money Purchase Plan (MPP) into this Plan as of March 31, 2010. The amendment and restatement received a favorable determination letter dated July 28, 2010.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

13. Concentration of Credit Risk

Approximately 80% of the uncertified nonparticipant-directed Plan assets are invested in equity investments at March 31, 2015 and 2014, respectively.

14. Subsequent Events

The plan sponsor was sold during February 2015. The new plan sponsor will merge the plans subsequent to year end at December 31, 2015. Subsequent to the Plan's fiscal year end during July 2015 the plan changed the non-participant directed investments to participant directed. All substantial subsequent events as of March 31, 2015 through December 29, 2015 which represents the date these financial statements were available to be issued have been disclosed.
