Report on the Financial Statements

We were engaged to audit the accompanying financial statements of R Construction Company, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Capital Bank and Trust Company, the custodian of the Plan for the first ten months of the year, and Voya Retirement Insurance and Annuity Company, the custodian of the Plan as of year-end, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the respective custodians as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedule

The supplemental schedule of Assets (Held at End of Year) as of the year ended December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

R CONSTRUCTION COMPANY, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 1 – Description of Plan

The following description of the R Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2005 by R Construction Company, Inc. (the "Company") and is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age twenty-one or older. Full-time employees are eligible for matching contributions after one year of service, with semi-annual entrance. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the limit of pretax annual compensation, as defined in the Plan. Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may not to exceed a dollar limit which is set by law ($17,500 for 2014). Participants who are at least 50 years of age by December 31, 2014 are permitted to make additional catch-up contributions ($5,500 for 2014). Employees can begin making contributions on (or any time after) the first of the month following the satisfaction of the eligibility requirements. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make contributions to the Plan, and amounts are determined by the Company's board of directors. No Company contributions have been made to the Plan for 2014 and 2013. Plan sponsor contributions are subject to certain limitations.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant contributions, rollover contributions, allocations of Company contributions and investment earnings and losses, and charged with withdrawals and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is granted 20% for each year, becoming fully invested after five years of credited service.

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No participant loan shall exceed the participant's vested interest in the Plan. A participant cannot have more than one outstanding loan at any given time. The loans are secured by the balance in the respective participant's account and bear interest at 2% above the USA Today prime rate. Principal and interest is paid ratably, through monthly payroll deductions, over a period generally not extending beyond five years from the date of the loan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures represent the portion of non-vested benefits remaining from employees who have withdrawn from the Plan before becoming fully vested. Forfeitures shall be used to reduce future Company contributions. Currently, there have been no Company contributions into the Plan. Since participants are 100% vested in their contributions and earnings thereon, there were no forfeited non-vested account balances at December 31, 2014 and 2013.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Effective October 1, 2014, the Company changed the Custodian from Capital Bank and Trust Company to Voya Retirement Insurance and Annuity Company (the "Custodian"). The Plan's investments, consisting substantially of mutual funds and a fixed investment contract, are stated at fair value, as determined by the Custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2014, the contract value approximated fair value of the investment and contract value of the fixed investment contract is presented on the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Expenses relating to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as a distribution based upon terms of the plan document.

Plan Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan.

Note 2 – Summary of Significant Accounting Policies (Continued)

Concentrations of Credit Risk

The Plan's investments potentially subject the Plan to concentrations of credit risk. The Plan has not experienced any credit losses associated with these instruments.

Note 3 – Investments

Unaudited Information Certified as Complete and Accurate by the Plan Custodian

The statements of net assets available for benefits as of December 31, 2014 and 2013, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2014, and the accompanying notes to the financial statements were prepared in part from information certified by the custodian in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified as complete and accurate includes investments and notes receivable from participants totaling $639,414 and $569,297 at December 31, 2014 and 2013, respectively, and related investment income of $28,416 and $1,131 of interest on notes receivable from participants, respectively, for the year ended December 31, 2014.

Investments that represent 5% or more of Plan assets at December 31, 2014 and 2013 are as follows:

	2014	2013
Capital Income Builder	$ *	$ 314,628
Capital World Growth and Income Fund	$ *	$ 169,653
Invesco Equity and Income Fund	$ 363,861	$ *
MFS International Value Fund	$ 185,950	$ *

*Investment balance represents less than 5% of Plan assets or was not an available investment during the Respective year.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $17,633.

Note 4 – Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. *Money market fund:* Valued at cost which approximates fair value. *Fixed account:* Valued at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive upon termination of the contract. Contract value is estimated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Note 4 – Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total

Note 5 – Investment Contract with Insurance Company

As of December 31, 2014 and 2013, the Plan maintained one guaranteed investment contract related investment option, the Voya Fixed Account. The contract underlying this investment option is considered to be fully benefit responsive.

Note 5 – Investment Contract with Insurance Company (Continued)

The average yields based on actual earnings for the contract for the year ended December 31, 2014, was 2.80%. The guaranteed minimum crediting interest rate as of December 31, 2014 was 1.15%.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 – Related Party and Party-in-Interest Transactions

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. Voya Retirement Insurance and Annuity Company, the current custodian, and Capital Bank and Trust Company, the former custodian, are considered parties-in-interest, as defined by ERISA, since they provide services to the Plan as an investment custodian. Administrative fees paid to the custodian totaled $250 for the year ended December 31, 2014. These transactions are exempt from being prohibited transactions by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2014	2013
Net assets available for benefits per financial statements	$ 634,693	$ 564,793
Add: Excess contributions refundable to participants-end of year	4,721	4,504
Net assets available for benefits per Form 5500	$ 639,414	$ 569,297

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2014 to Schedule H of Form 5500:

	2014
Corrective distributions per financial statements	$ 4,721
Add: Prior year excess contributions refundable to participants	4,504
Less: Current year accrued corrective distributions	(4,721)
Corrective distributions per Form 5500	$ 4,504

The Plan made corrective distributions of $4,504 to a Participant during 2014. These corrective distributions were required in order to correct the failure of certain 2013 IRS nondiscrimination tests. Additionally, the Plan made corrective distributions of $4,721 to certain Participants during 2015, which were accrued at December 31, 2014. These corrective distributions were required in order to correct the failure of certain 2014 IRS nondiscrimination tests.

Note 9 – Tax Status

The Plan uses a prototype plan sponsored by its third party administrator. The third party administrator received a letter from the Internal Revenue Service dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The prototype plan has been amended since receiving this determination letter. The Plan itself had not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations related to the Plan for years prior to 2011.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Subsequent Events

Management has evaluated subsequent events through January 15, 2016, the date the financial statements were issued, and has determined there are no subsequent events to be reported in the accompanying financial statements.
