We were engaged to audit the accompanying financial statements of United Community Financial Corporation Employee Stock Ownership Plan ("Plan"), which comprise the statements of net assets in liquidation as of May 21, 2015 and December 31, 2014, the statement of net assets available for benefits as of December 31, 2013 (ongoing), and the related statements of changes in net assets in liquidation for the period from January 1, 2015 to May 21, 2015 and for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by First Bankers Trust Services, Inc., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of May 21, 2015, December 31, 2014 and December 21, 2013 and for the period from January 1, 2015 to May 21, 2015 and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As described in Note 1 to the financial statements, the Plan was terminated effective November 2, 2014. As a result, the Plan Administrator determined that liquidation is imminent, and the Plan changed its basis of accounting from the going concern basis to a liquidation basis. Also as described in Note 1, pursuant to the Plan's termination, the net assets of the Plan were fully distributed as of May 21, 2015. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, Schedule H, Line 4j – Schedule of Reportable Transactions for the period ended May 21, 2015, and Schedule H, Line 4j – Schedule of Reportable Transactions the year ended December 31, 2014 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
May 21, 2015 (In Liquidation) and December 31, 2014 (In Liquidation) and 2013 (Ongoing)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the United Community Financial Corp. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established by United Community Financial Corp. (the "Company") effective January 1, 1998. The Plan operated as a leveraged employee stock ownership plan ("ESOP") and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended. Effective June 29, 2010, the plan was no longer leveraged.

Plan Termination: The Company terminated the Plan effective November 2, 2014. Effective November 2, 2014 all contributions to the Plan were discontinued and all participants became 100% vested in their accounts. All participants with balances were notified of Plan termination. All account balances were distributed to all participants as directed by May 21, 2015.

Plan Administration and Trustee: The Plan was administered by the Company. The Plan provided for the appointment of a trustee to maintain custody of the Plan's assets, to borrow money to purchase employer securities and to secure the repayment of the borrowings by pledging the employer securities purchased pursuant to direction from the Plan's Investment Committee.

Eligibility: Full-time employees of the Company and its participating subsidiaries were eligible to participate in the Plan on the first entry date (first day of the calendar quarter) coinciding with or next following meeting the Plan's eligibility requirement of six months of service and attainment of age 20. A full-time employee was given credit for employment with the Company or an affiliate. Part-time employees were eligible for participation after they have completed a year of service and attained age 20. A year of service is defined as a 12-month period, beginning on the employee's hire date, in which the employee is credited with at least 1,000 hours.

Contributions: As long as the Plan had a stock acquisition loan outstanding, the Company was obligated to make contributions to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan. Additional discretionary contributions could have been made by the Company.

There were no discretionary payments made to the Plan in 2015 or during the year ended December 31, 2014. Employee contributions to the Plan were not allowed. Certain professional fees have been paid directly by the Company.

Distributions: Distributions from the Plan were to be paid in cash or stock (at the election of the participant) when a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), became disabled or otherwise terminated employment with the Company and its participating subsidiaries.

Voting Rights: Participants had the right to instruct the trustee, confidentially, as to how the shares allocated to their accounts were to be voted for certain corporate matters affecting the Company. The trustee notified the participant when this right arose. To the extent the participant did not vote his/her shares, such shares were be voted by the trustee in the same proportion as the shares voted by the other participants.

Forfeitures: The Plan allocated previously forfeited non-vested balances to eligible participants based on a pro-rata portion of the participants' compensation.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Retirement, Disability and Death Benefits: Generally, a participant or beneficiary is entitled to 100% of his account balance upon retirement, disability or death.

Vesting: A participant became 100% vested after three years of credited service. All participants became 100% vested immediately upon plan termination.

Diversification: Participants who were at least age 55 with at least 10 years of participation in the Plan could have elected to diversify a portion of their account by transferring a portion of their account to another qualified defined contribution plan of the Employer.

Administrative Expenses: Administrative expenses were paid by the Plan or the Company as determined by the Company. Certain administrative functions were performed by officers or employees of the Company or its subsidiaries at no charge to the Plan. No such officer or employee received compensation from the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Effective November 2, 2014, the Plan Sponsor elected to terminate the Plan. Accordingly, the Plan's basis of accounting was changed to the liquidation basis of accounting for periods subsequent to November 2, 2014 from the accrual basis of accounting for an ongoing plan (going concern basis). Adoption of the liquidation basis of accounting had no material impact on the valuation of plan investments.

Risks and Uncertainties: The Plan invested in Company stock and a mutual fund. The investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investments: The Plan's investments are stated at fair value (see Note 4). Interest is recorded when earned. Purchases and sales of securities are recorded on a trade-date basis.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risk: At May 21, 2015, December 31, 2014 and 2013, approximately 0%, 99% and 99%, respectively, of the Plan's investments were invested in United Community Financial Corporation common stock.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 13, 2015 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since requesting the determination letter. However, the Plan administrator believes that the Plan is designed and was being operated in compliance with the applicable requirements of the IRC.

U.S generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 21, 2015, December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 4 - INVESTMENTS - UNAUDITED INFORMATION

NOTE 5 - FAIR VALUE MEASUREMENT

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) or identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair value of United Community Financial Corporation common stock and the mutual fund is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2014 Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

At May 21, 2015, December 31, 2014 and 2013, the Plan had investments of \$0, \$11,091,860 and \$8,100,730, respectively, in the common stock of the Plan sponsor which were party-in-interest investments. In addition, the Plan paid \$1,156 and \$0 in administrative expenses to First Bankers Trust Services, Inc. during the period ended May 21, 2015 and the year ended December 31, 2014, respectively.

NOTE 7 - SUBSEQUENT EVENTS
