HCT PACKAGING, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - PLAN DESCRIPTION

General: HCT Packaging, Inc. 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan established to provide savings and retirement benefits for eligible employees of HCT Packaging, Inc. (the "Employer"). The Plan Administrator, who is an officer of HCT Packaging, Inc. ("HCT"), the Employer, has entered into a trustee agreement with Principal Financial Group (the "Trustee").

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account reflects all contributions made by the employee and the Employer as well as income, gains, losses, withdrawals, distributions and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount of the vested balance in the participant's account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Employee Contributions: Eligible employees may elect to contribute to the Plan upon completion of 90 days of service and attainment of age 21. Participating employees may make contributions ranging from 1% to 96% of base salary on a pretax or after-tax basis, or a combination of both. All contributions are subject to IRS annual calendar year maximums. In addition, the Plan accepts qualified plan rollovers from eligible participants.

Employer Contributions: The employer may make a discretionary matching contribution. The percentage of the employee contributions matched, if any, is a percentage determined by the Employer and shall apply to all eligible participants for the entire plan year. The Employer will also make a qualified nonelective contribution of 3% of annual compensation for participants who were active participants at any time during the plan year, excluding any compensation earned during the year for which the participant was not active in the plan.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon, as well as the Employer's qualified nonelective contribution. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Participant Loans: Participating employees may borrow from the Plan on such terms and conditions as have been approved by the Employer, thereby resulting in the Plan's notes receivable from participants (the "notes"), which are secured by an assignment of the vested balance in the participant's account. The rate of interest on the notes is determined based on rates available for similar loans from commercial lending institutions. Notes have maturities of one to ten years, and must be repaid through payroll deductions over a period of not more than five years unless the proceeds are used to purchase a principal residence, in which case the note can be repaid over not more than ten years. The maximum amount borrowable is the lesser of (i) 50% of the participating employee's vested account balance or (ii) \$50,000. This \$50,000 maximum is reduced, however, by the amount of the participating employee's highest outstanding notes balance for the immediately preceding 12-month period; Participating employees may have a maximum of one loan outstanding at any time, and may receive only one new loan in a 12-month period.

Benefit Distributions: Upon termination from active service, if a participant's vested account balance does not exceed \$5,000, unless the participant makes a timely election to roll over the vested account to an Individual Retirement Account ("IRA") or another eligible retirement plan, or elects to have the vested account balance distributed, the vested account balance will be paid in a single-sum payment as soon as administratively feasible.

(Continued)

HCT PACKAGING, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - PLAN DESCRIPTION (Continued)

If a participant's vested account balance exceeds \$5,000 upon termination from active service, the participant may defer their distribution election under the Plan. They may also elect to roll over the vested account balance to an IRA or another eligible retirement plan, or elect a distribution in the form of a single-sum payment.

In addition, the Plan allows participants to make hardship withdrawals, as well as withdrawals of after-tax contributions on such terms as may be determined by the Employer.

Forfeited Account Balances: Forfeited non-vested Employer matching contributions are used exclusively to reduce the future contributions. The total forfeited non-vested account balances at December 31, 2014 and 2013 were \$0 and \$5,747, respectively, and are classified as investments in the Statements of Net Assets Available for Benefits. During the year ended December 31, 2014, Employer contributions were reduced by \$17,058 from the forfeited non-vested account balances.

Plan Termination: While the Employer has not expressed any intent to discontinue their contributions or terminate the Plan, in the event of termination, Plan assets would be distributed to the participants and beneficiaries in the order prescribed by ERISA. In the event of Plan termination, participants would become 100% vested in all contribution accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), including the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires Plan Management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions and such differences could be material.

Risks and Uncertainties: The Plan provides for various investment options. Investments, in general, are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit responsive investment contract are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expenses when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefit distributions and withdrawals are recorded upon payment.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses: The Plan's administrative expenses consist of loan processing fees and short-term trading fees (as provided in the Plan document), as well as investment advisory consulting fees, the costs of participant communications and professional and other fees charged by the Trustee. Other administrative expenses of the Plan are borne by HCT. The Plan Administrator is an employee or officer of HCT and provides certain services without charge.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts ("FBRICs"), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented and disclosed only at contract value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of FBRICs and investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of FBRICs and investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Unaudited Information: Amounts reported as of December 31, 2013 have not been audited by independent auditors.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated net investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company ("Principal Life") and Principal Trust Company ("Principal Trust"). This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2014, Using			
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investments measured at fair value on a recurring basis are summarized below:

		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life") known as the Fixed Income Guarantee Option ("FIGO"). Principal Life maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (b) bankruptcy of the Plan Sponsor or other Plan Sponsor event that cause a significant withdrawal from the Plan, (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (d) the Plan level liquidation of the investment with the Plan Sponsor's request of irrevocable advance prior to the twelve (12) month delay for such payment, which would be subject to a 5% surrender fee, changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions. By definition, the FIGO is an investment contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The guaranteed investment contract permits Principal Life to terminate the contract upon the occurrence of one or more of the following: (a) the Plan does not submit contributions, fees, or data in a timely manner, (b) the Plan provides Principal Life with incorrect or outdated information that would require Principal Life to rebuild Plan records at a cost greater than those costs outlined in the written service agreement, (c) amendments to the Plan document, (d) failure of the Plan to abide by any written agreements, or (e) Principal Life chooses to no longer do business with the Plan for any reason deemed appropriate to Principal Life.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan has adopted the Principal Financial Group Prototype Basic Savings Plan (Prototype Plan). The Prototype Plan received a favorable tax opinion letter dated March 31, 2014. Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employers, and certain others. Certain officers and employees of HCT perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. HCT pays their salaries and they receive no compensation from the Plan. HCT pays other administrative expenses on behalf of the Plan.

The Plan holds units of pooled separate accounts managed by Principal Life. The Plan also holds a fully benefit-responsive group annuity contract issued by Principal Life. Principal Life is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to Principal Life qualify as party-in-interest transactions.

Notes receivable from participants and all direct and indirect expenses paid for by the Plan also reflect party-in-interest transactions.

Plan Administrator
HCT Packing, Inc.
Bridgewater, New Jersey

Professional standards require that we communicate matters related to our audit of the financial statements of the HCT Packaging, Inc. 401(k) Profit Sharing Plan ("the Plan") that we consider significant and relevant to the responsibilities of Those Charged with Governance in overseeing the financial reporting process. Those Charged with Governance includes the person(s) with responsibility for overseeing the strategic direction of and obligations related to the accountability of the Plan. We cover such matters below.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA

You should understand that the auditor is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America and that the audit of the financial statements does not relieve you of your responsibilities and does not relieve management of their responsibilities. Refer to our engagement letter with the Plan for further information on the responsibilities of management and Crowe Horwath LLP.

PLANNED SCOPE AND TIMING OF THE AUDIT

We are to communicate an overview of the planned scope and timing of the audit. Accordingly, we communicated the following matters regarding the planned scope and timing of the audit with you during the audit:

- How we proposed to address the significant risks of material misstatement, whether due to fraud or error.
- Our approach to internal control relevant to the audit.
- The concept of materiality in planning and executing the audit, focusing on the factors considered rather than on specific thresholds or amounts.
- Where the entity has an internal audit function, the extent to which the auditor will use the work of internal audit, and how the external and internal auditors can best work together.
- Your views and knowledge about matters you consider warrant our attention during the audit, as well as your views on:
 - o The allocation of responsibilities between you and management.
 - o The entity's objectives and strategies, and the related business risks that may result in material misstatements.
 - o Significant communications with regulators.
 - o Other matters you believe are relevant to the audit of the financial statements.

SIGNIFICANT ACCOUNTING POLICIES AND MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Significant Accounting Policies: You should be informed of the initial selection of and changes in significant accounting policies or their application. Also, you should be aware of methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas where there is a lack of authoritative consensus. We believe management has the primary responsibility to inform you about such matters. There were no such accounting changes or significant policies requiring communication.

Accounting Standard	Impact of Adoption
Significant Unusual Transactions.	No such matters noted.
Significant Accounting Policies in Controversial or Emerging Areas.	No such matters noted.

Management Judgments and Accounting Estimates: Further, accounting estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. These judgments are based upon knowledge and experience about past and current events and assumptions about future events. Certain estimates are particularly sensitive because of their significance and because of the possibility that future events affecting them may differ markedly from management's current judgments and may be subject to significant change in the near term.

The process used by management in formulating particularly sensitive accounting estimates and the primary basis for our conclusions regarding the reasonableness of those estimates primarily involved the following areas for this year:

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions
Fair Values of Investments Not Subject to Our Audit Procedures	The recording of investments at fair value requires management to use certain assumptions and estimates pertaining to the fair value of its investments.	As disclosed in the notes to the Plan financial statements, the fair values of all investments were certified pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and were not subject to our audit procedures, based upon the terms of our limited-scope audit engagement.
Classification of Investment Securities Within the Fair Value Hierarchy	FASB ASC 820- Fair Value Measurements and Disclosures requires the reporting of investments by classification level within a fair value hierarchy.	We reviewed the documentation maintained by management and performed procedures to test the reasonableness of management's judgments and accounting estimates related to the classification levels of investments within the fair value hierarchy as defined by FASB ASC 820- Fair Value Measurements and Disclosures.

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions
Income Tax Status of Plan	The Plan has not yet received a new determination letter reflecting recent plan amendments from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and that the related trust is exempt from federal income taxes. However, management believes the Plan is designed and is being operated in compliance with the applicable requirements of the Code in order to be qualified and tax-exempt.	During our audit, we became aware of no significant design or operational deficiencies which would likely prevent the Plan from being qualified or the related trust from being tax-exempt under the Code.

AUDITOR'S JUDGMENTS ABOUT QUALITATIVE ASPECTS OF SIGNIFICANT ACCOUNTING PRACTICES

We are to discuss with you our comments about the following matters related to the Plan's accounting policies and financial statement disclosures. Accordingly, these matters will be discussed during our meeting with you, as applicable.

- The appropriateness of the accounting policies to the particular circumstances of the Plan, considering the need to balance the cost of providing information with the likely benefit to users of the Plan's financial statements.
- The overall neutrality, consistency, and clarity of the disclosures in the financial statements.
- The effect of the timing of transactions in relation to the period in which they are recorded.
- The potential effect on the financial statements of significant risks and exposures, and uncertainties that are disclosed in the financial statements.
- The extent to which the financial statements are affected by unusual transactions including nonrecurring amounts recognized during the period, and the extent to which such transactions are separately disclosed in the financial statements.
- The issues involved, and related judgments made, in formulating particularly sensitive financial statement disclosures.
- The factors affecting asset and liability carrying values, including the Plan's basis for determining useful lives assigned to tangible and intangible assets.
- The selective correction of misstatements, for example, correcting misstatements with the effect of increasing reported earnings, but not those that have the effect of decreasing reported earnings.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Corrected Misstatements: We are to inform you of material corrected misstatements that were brought to the attention of management as a result of our audit procedures.

There were no such adjustments.

Uncorrected Misstatements: We are to inform you of uncorrected misstatements that were aggregated by us during the current engagement and pertaining to the latest and prior period(s) presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

There were no such adjustments
