Magy Staffing 401(k) Plan

Notes to Financial Statements September 2, 2015 and December 31, 2014

Note 1 - Plan Description

The following description of Magy Staffing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated effective April 30, 2015, at which point the Plan was frozen to new participants and new contributions and all participants became 100 percent vested. Accordingly, the descriptions below are provisions of the Plan prior to termination. See Note 6 for additional information.

General - The Plan is a defined contribution plan covering all full-time employees of Magy Staffing (the "Company") who have completed one year or 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions on a discretionary basis.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service and an additional 20 percent per year thereafter until they become fully vested after six years of service.

During 2015, the Company had a reduction in force that resulted in a partial termination of the Plan. Accordingly, the terminated participants became 100 percent vested in their account balances.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Magy Staffing 401(k) Plan

Notes to Financial Statements September 2, 2015 and December 31, 2014

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or plan expenses. At September 2, 2015 and December 31, 2014, forfeited account balances totaled \$0 and \$890, respectively.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Capital Bank and Trust Company or its affiliates. Capital Bank and Trust Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, based on quoted market values. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Basis of Accounting - As discussed in Note 6 to the financial statements, the plan sponsor terminated the Plan during the current period. As a result, the Plan changed its basis of accounting for periods subsequent to December 31, 2014 from the going-concern basis to a liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Magy Staffing 401(k) Plan

Notes to Financial Statements September 2, 2015 and December 31, 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including December 16, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Capital Bank and Trust Company (the "Custodian") held the Plan's investments and executed all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements are based solely on information provided by the Custodian. No investments were held as of September 2, 2015.

Significant investments at fair value at December 31, 2014 are as follows:

Mutual funds:

Washington Mutual Investors Fund	\$	38,330
AMCAP Fund		44,635
Investment Company of America		184,183
Growth Fund of America		50,292
American Balanced Fund		56,709
EuroPacific Growth Fund		47,134
SMALLCAP World Fund		51,417
American Funds 2020 Target Date Retirement Fund		42,982
American Funds 2025 Target Date Retirement Fund		103,329

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014. There were no plan assets held as of September 2, 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Magy Staffing 401(k) Plan

Notes to Financial Statements September 2, 2015 and December 31, 2014

Note 4 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2014

	Level I
Mutual funds:	
Equity investments	\$ 455,703
Fixed-income investments	79,949
Balanced investments	207,534
Money market fund - Short-term investment	21,825
Total	<u>\$ 765,011</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015 or 2014.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Magy Staffing 401(k) Plan

Notes to Financial Statements September 2, 2015 and December 31, 2014

Note 5 - Tax Status (Continued)

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2012.

Note 6 - Termination of Plan

Effective April 30, 2015, the plan sponsor elected to terminate the Plan. Upon termination, plan participants became 100 percent vested in their account balances and the Plan became frozen to new participants and new contributions. All plan assets were distributed and the Plan ceased to exist as of September 2, 2015.

Note 7 - Delinquent Contributions

During 2014, the Company remitted certain contributions to the Plan after the Department of Labor's required timeframe. The contribution for 2014 along with the lost earnings was remitted during the period from January 1, 2015 to September 2, 2015.
