Report on the Financial Statements

We have audited the accompanying financial statements – liquidation basis of Cardone Industries, Inc. Employee Stock Ownership Plan (“the Plan”), which comprise the statements of net assets available for distribution – liquidation basis as of April 30, 2015 and December 31, 2014, and the related statement of changes in net assets available for distribution – liquidation basis for the four month period ended April 30, 2015, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for distribution of the Plan as of April 30, 2015 and December 31, 2014, and the related statement of changes in net assets available for distribution – liquidation basis for the four month period ended April 30, 2015 in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

As described in Note 1 to the financial statements, the Trustees of the plan elected to liquidate and sell 100% of the common stock of Cardone Industries, Inc (the “Sponsor Company”) of the Sponsor Company on November 15, 2013, and terminated the Plan effective November 15, 2013. In accordance with the accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis effective January 1, 2013.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS – LIQUIDATION BASIS

APRIL 30, 2015 AND DECEMBER 31, 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cardone Industries, Inc. (the "Company") Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

On November 15, 2013, the Trustees of the Plan (the "Trustees") entered into a Stock Purchase Agreement on behalf of the Plan to liquidate and sell all the Common Stock owned by the Plan for \$30,033,303, based on determinations made by the Trustees that it would be in the best interests of the Plan and its participants. The Plan received the proceeds of the stock sale and made cash distributions to the participants beginning after November 15, 2013. As a result, the Plan has terminated, effective November 15, 2013 and distributed the remaining vested balances in accordance with plan provisions. Final distributions were processed and paid to participants with the last distribution and reduction of Plan assets to zero occurring in April 2015.

GENERAL

The Plan is a defined contribution plan established on January 1, 1998 covering all eligible employees who are employed by the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and designed to comply with Section 4975(e)(7) and regulations thereunder of the Internal Revenue Code.

PARTICIPANT ACCOUNTS

The administrator established and maintained an account in the name of each participant. Each participant's account was charged with an allocation of administrative expenses. Benefit payments were specifically charged to the participant's account. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

ELIGIBILITY

Employees of the Company were generally eligible to participate in the Plan after one year of service provided that they worked at least 1,000 hours during such plan year. Participants who did not have at least 1,000 hours of service during such plan year or were not employed on the last working day of the plan year were not eligible for an allocation of Company contributions for such year.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest the balance in his or her account based on total years of service with the Company.

Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	--%
2	20%
3	40%
4	60%
5	80%
6	100%

In the event of plan termination, participants will become 100% vested in their accounts. As described in Note 1, the Plan was terminated effective November 15, 2013.

DIVERSIFICATION

Diversification was offered to participants close to retirement so that they had the opportunity to move part of the value of their investment in Company stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan may have elected to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elected to diversify received a distribution to their 401(k) account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS AND FORFEITED ACCOUNTS

On termination of service due to death, disability or retirement, a participant received in cash a lump-sum amount equal to the value of the participant's vested interest in his or her account. Forfeitures by terminated employees of amounts not vested were used to reduce employer contributions. Upon termination of the plan, all forfeitures were allocated to participants. Employee forfeited, nonvested amounts were approximately \$-0- at April 30, 2015 and December 31, 2014. Employer contributions were not reduced for the four month period ended April 30, 2015.

PLAN TERMINATION

The Company has the right under the plan agreement to discontinue funding contributions and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants became 100% vested in their accounts. As described in Note 1, the Plan was terminated effective November 15, 2013.

CONCENTRATIONS

Substantially all of the Plan's assets were invested in the BMO Harris Bank N.A. ("BMO") Money Market Fund as of December 31, 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting, except distributions, which are recorded when paid. On November 15, 2013, the Trustees entered into a Stock Purchase Agreement on behalf of the Plan to sell all the common stock owned by the Plan. As such, the financial statements for the four months ended April 30, 2015 and the year ended December 31, 2014 have been prepared on the liquidation basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

ADMINISTRATIVE EXPENSES

Certain recordkeeping and administrative expenses of the Plan were borne by the Company. Third party administrator fees and custodian fees were paid by the Plan. Various transaction charges including distributions were charged directly to the respective participants' accounts and represent substantially all of the Plan's administrative expenses.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CARDONE INDUSTRIES, INC.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS – LIQUIDATION BASIS

APRIL 30, 2015 AND DECEMBER 31, 2014

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Money market fund - Valued at the daily closing price as reported by the Fund, mutual and money market funds held by the Plan are open-end Funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. During 2014, there were no transfers of financial assets and liabilities between levels within the fair value hierarchy.

APRIL 30, 2015 AND DECEMBER 31, 2014

NOTE 5 - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 18, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended or restated since receiving the determination letter. Therefore, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The money market fund is held by the Trustee of the Plan, BMO, as of April 30, 2015 and December 31, 2014. Company contributions are managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan. The third party administrator fees and trustee fees are paid by the Plan.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment is a money market fund managed by the trustee, BMO. These transactions qualify as party-in-interest transactions. The investment with BMO is \$ -0- and \$160,592 at April 30, 2015 and December 31, 2014, respectively.

NOTES TO FINANCIAL STATEMENTS – LIQUIDATION BASIS

APRIL 30, 2015 AND DECEMBER 31, 2014

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invested in a money market fund, which is considered to be investment securities and is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Distribution - Liquidation Basis.

NOTE 9 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events to determine if events or transactions occurring through February 15, 2016, the date the financial statements were available for issuance, require potential adjustments to, or disclosure in, the accompanying financial statements. Based upon the evaluation, the Plan's management did not identify any subsequent events that require adjustment or disclosure in the financial statements.
