1. DESCRIPTION OF THE PLAN

The following description of the Young & Rubicam 401(k)/Savings Plan (the "Plan") provides only general information. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees except hourly employees of Young & Rubicam Inc. (the "Company") and certain participating companies. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Vanguard Fiduciary Trust Company ("VFTC") is the trustee and recordkeeper of the Plan.

Effective July 31, 2015, the Company became a participating employer in the Savings & Investment Plan, ("SIP"), a Plan sponsored by WPP Group, USA, Inc. ("WPP"). All assets of the Plan representing all participant account balances were transferred to the SIP on July 31, 2015.

Contributions/Eligibility

Deferred Contributions
Generally, each year participants may contribute up to 50% of their base pay as pre-tax or Roth contributions. Participants can also rollover amounts representing eligible distributions from other qualified plans. Participants who are considered "highly compensated" may be limited in the amounts they contribute to the Plan. The maximum pre-tax contribution for 2015 and 2014 is $18,000 and $17,500, respectively.

Matching Contributions
Discretionary matching contributions are made once a year to eligible participants who are employees on the last day of the Plan year. Discretionary matching contributions are up to a maximum of 5% of base pay up to the Internal Revenue Service ("IRS") compensation limit for 2015 and 2014 of $265,000, and 260,000, respectively. Matching contributions received by the Plan in 2015 were for the 2014 Plan year, and were included in receivables on the Statements of Net Assets Available for Benefits at December 31, 2014. There were no matching contributions paid for the 2015 Plan year with the exception of $7,987, which relates to matching contributions for I Behavior, Inc. 401K Plan participants transferred into the Plan in 2015.

Catch-up Contributions
Participating employees who have attained age 50 may contribute an additional percentage of eligible compensation as catch-up contributions (up to the annual federal dollar limit for these contributions). The maximum amount of catch-up contributions for 2015 and 2014 was $6,000 and $5,500, respectively. Contributions are invested according to each participant's investment elections and are subject to certain limitations.

Additional Discretionary Contributions
The Company may make additional discretionary contributions, based on a percentage of a participant's eligible compensation. Employees of two participating companies, SpaFax and RLM Finsbury, are not eligible for this additional contribution. Additional retirement contributions received in 2015 were for the 2014 Plan year, and were included in receivables on the Statements

1. DESCRIPTION OF THE PLAN - (continued)

Additional Discretionary Contributions – (continued)
of Net Assets Available for Benefits at December 31, 2014. There were no additional discretionary contributions for the 2015 Plan year.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's additional discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered a number of mutual funds and a common collective trust fund.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Additionally, participants are vested in Company contributions, including related earnings, after being credited with three years of service.

Forfeited Accounts
At December 31, 2014, forfeited non-vested accounts totaled $1,226,188. During the period from January 1, 2015 through July 31, 2015, forfeitures of $726,992 were used to offset Company contributions. Forfeitures of $1,078,401 were transferred to the SIP on July 31, 2015, which were included in net assets transferred out in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Loans must be repaid within five years for general purpose loans and ten years for loans used to purchase a primary residence. However, the term may not extend beyond the participant's employment with the Company. Loans generally bear interest rates commensurate with local prevailing rates. The interest rate is set at the beginning of the loan and remains fixed for the entire term of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits
Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or for the period from January 1, 2015 through July 31, 2015.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Subsequent Events
The Plan's management evaluated subsequent events through February 12, 2016, the date the financial statements were available to be issued, and no additional disclosures were required.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or other inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1
The fair value of the mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The short-term reserve fund is valued at the price of $1 per share.

Level 2
The Vanguard Retirement Savings Trust ("VRST"), a common collective trust, invests primarily in synthetic guaranteed investment contracts and short-term money market funds. The VRST is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. FAIR VALUE MEASUREMENTS - (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. There were no assets held at July 31, 2015.

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bond funds	$ 55,903,642	$ -	$ -	$ 55,903,642

International funds	26,549,103	-	-	26,549,103
Target funds	99,684,037	-	-	99,684,037
Value funds	74,737,199	-	-	74,737,199
Short-term reserve fund	1,286,411	-	-	1,286,411
Common collective trust	-	83,487,647	-	83,487,647
Total assets at fair value	$ 565,129,141	$ 83,487,647	$ -	$ 648,616,788

4. INVESTMENT IN COLLECTIVE TRUST

The investment in the VRST includes fully benefit-responsive investments stated at fair value. Contract value is equal to principal balance plus accrued interest. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments and the redemption frequency is daily. The redemption notice period of the Trust is twelve months, which provides for Plan redemptions at contract value, subject to the provisions of the Trust. The average yield and crediting interest rates for the VRST were 2.30% and 1.89%, for 2014. The average yield and crediting interest rates were not applicable for the period ended July 31, 2015.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

5. INVESTMENTS

The following presents Plan investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2014:

Description of investment	2014
Vanguard PRIMECAP Fund	$ 89,751,965
Vanguard Institutional Index Fund	87,923,484
Vanguard Retirement Savings Trust III	83,487,647
Vanguard Morgan Growth Fund	75,031,341
Vanguard Total Bond Market Index Fund	52,976,800
Vanguard Windsor II Fund	39,794,721

There were no assets held in the Plan at July 31, 2015.

During the period from January 1, 2015 through July 31, 2015, the entire net appreciation in the Plan's fair value of investments (including gains and losses on investments bought and sold, as well as held during the period) of $19,372,076 was attributable to investments in mutual funds.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a common collective trust managed by an affiliate of VFTC. VFTC is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated November 28, 2011, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances. As described in Note 1, all assets were transferred to the SIP on July 31, 2015.

10. NET ASSET TRANSFERS

During 2015, net assets of $6,966,634 representing certain participant account balances were transferred in from the I-Behavior, Inc. 401K Plan, and on July 31, 2015 all assets of the Plan in the amount of $677,123,755 were transferred out to the SIP. Both of these Plans are tax- qualified retirement plans each sponsored by an affiliate of the Company.

11. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting under ERISA, VFTC, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

1. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at July 31, 2015 (date of asset transfer) and December 31, 2014.

3. Investment balances at current value included in the Schedule of Assets (Held at End of Period) - July 31, 2015.
