Report On The Financial Statements

We have audited the accompanying financial statements of JVA, Inc. Employees' Stock Bonus Plan And Trust, which comprise the statement of net assets available for benefits as of April 30, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of JVA, Inc. Employees' Stock Bonus Plan And Trust as of April 30, 2014, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The statement of net assets available for benefits as of April 30, 2013 was compiled by us in accordance with *Statements on Standards for Accounting and Review Services,* issued by the American Institute of Certified Public Accountants. A compilation is limited to presenting, in the form of financial statements, information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of April 30, 2013 and, accordingly, do not express an opinion or any other form of assurance on it.

Report On Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of April 30, 2014 and reportable transactions for the year ended April 30, 2014 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of JVA, Inc. Employees' Stock Bonus Plan And Trust's management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description Of Plan And Basis Of Presentation

The following description of the JVA, Inc. Employee' Stock Bonus Plan And Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined contribution plan covering substantially all employees of JVA, Inc. (the Company) who have completed one year of service and attained age 21. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the Code), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Contributions to the Plan are made at the discretion of the Board of Directors in the form of cash or Company stock. Contributions may consist of discretionary amounts specified by the Board.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contributions, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts. Amounts are allocated to each participant's account based upon the ratio of the participant's compensation to aggregate compensation of all participants for the Plan year.

Vesting

Participants' balances vest at the rate of 20% for each year of vesting service in the Plan with 100% vesting at the end of six years of vesting service.

Forfeitures

Forfeited amounts of Company discretionary contributions are reallocated to participants' accounts at the end of the Plan year. There were no forfeited amounts allocated to participants' accounts in 2014.

Payment Of Benefits

Generally, no distributions from the Plan are paid until a participant retires, dies or otherwise terminates employment with the Company. Distributions are made in cash.

In-Service Withdrawals

Upon reaching age 59 ½, a participant may elect to withdrawal all or a portion of their vested account balance.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into other investments. Participants who have reached age 55 and have at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Distributions are made in cash or Company common stock.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through February 16, 2016, the date which the financial statements were available for issue.

3. Investments

The Plan's investments consist of the following as of April 30, 2014 and 2013:

	April 30,	
	2014	2013 (Unaudited)
JVA, Inc. Common Stock		
Number of shares	**14,513**	14,537
Cost	**$ 2,240,851**	$ 2,142,120
Fair value	**$ 3,498,720**	$ 2,783,820
Vanguard 500 Index Fund	**94,838**	78,783
American Funds Growth Fund Of America	**7,936**	3,967
American Funds Washington Mutual Investors	**20,571**	17,119
American Funds Investment Company Of America	**4,799**	6,543
Vectra Bank - Interest Bearing Cash	**560,695**	366,115
	$ 4,187,559	$ 3,256,347

4. Fair Value Measurements

The Plan utilizes an establish framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

JVA, Inc. Common Stock

The fair value of JVA, Inc. common stock held by the Plan is valued at fair market value based upon an independent appraisal. This appraisal was based upon a combination of the market capitalization and discounted cash flow valuation techniques consistent with prior years.

The valuation process involves the Trustee's selection of an independent appraiser (the Appraiser). The Appraiser will make reviews, analyses and inquiries that are deemed necessary and appropriate to express an opinion on the fair market value of the common stock held by the Plan. Among the information obtained by the Appraiser are audited financial statements, forecasts and projections prepared by Plan management and publicly available financial data for certain companies that are deemed comparable to the Company. The Appraiser prepares a written report which the Trustee reviews in detail, discusses with the Appraiser and approves. The results of this process are documented in the minutes of the Trustee.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest Bearing Cash

Valued at fair value based on deposits into the account, plus earnings, less withdrawals from the account.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	April 30, 2014			
	Level 1	Level 2	Level 3	Total

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The Plan obtained its latest determination letter on February 27, 2015 in which the Internal Revenue Service (IRS) stated that the Plan, as designed, met the applicable requirements of the Code. The Plan has been amended since the date of the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan, as amended, is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's federal tax returns for tax years 2010 and later remain subject to examination by taxing authorities.

8. Parties-In-Interest Transactions

The Plan invests in Company common stock. The Plan also has agreements with various service providers to provide administrative services to the Plan. These transactions are allowable parties-in-interest under ERISA.

9. Risks And Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
