Independent Auditors' Report

The Plan Administrator
Murry's, Inc. 401(k) Retirement Plan
Greenbelt, Maryland

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Murry's, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of May 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company (State Street), the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that State Street holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended May 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the accompanying 2015 financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of May 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2014 Financial Statements

The financial statements of the Plan as of May 31, 2014 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated December 23, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of Murry's, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering all full-time employees of Murry's, Inc. and its wholly-owned subsidiaries (the Company) who have attained the age of 21 and completed one year of service, excluding employees subject to collective bargaining agreements, leased employees and employees who are nonresident aliens. Plan entry dates are the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors of the Company is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a percentage or fixed dollar amount of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows self-directed investments, which are limited only to investments in accordance with ERISA.

The Company may make discretionary matching and non-elective employer contributions as defined in the Plan and as approved annually by the Board of Directors. In no event shall matching contributions exceed 6% of compensation. Eligible participants must be employed on the last day of the Plan year in order to receive a Company contribution. There were no discretionary matching or non-elective employer contributions made by the Company for the years ended May 31, 2015 and 2014.

Participants' Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and plan earnings. Participant accounts may also be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are immediately vested in their pre-tax contributions and rollover contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service in accordance with the following schedule:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as defined by the Wall Street Journal, plus 1%. The interest rates on loans outstanding at May 31, 2015 are 4.25%. Principal and interest are repaid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons as permitted by the plan document, a participant may elect to receive a lump-sum, installment payment, partial payment or an annuity equal to the value of the participant's vested interest in his or her account. The Plan will make a mandatory distribution of a participant's vested account balance following severance from employment for participants with balances up to a maximum of $5,000.

Continued...

(1) Description of Plan, Continued

Forfeited Accounts

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures should be used first to restore forfeitures of reinstated employees. Forfeitures may also be used to reduce employer contributions and/or offset Plan administrative expenses. At May 31, 2015 and 2014, forfeited nonvested accounts totaled $106 and $200, respectively. In 2015 and 2014, $498 and $1,953 of administrative expenses were paid from forfeited accounts, respectively.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract, which approximates contract value. The statements of changes in net assets available for benefits is prepared on a contract basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Continued...

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of May 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Plan has a revenue sharing arrangement with the trustee and established a plan level account (ERISA account) that captures excess income collected by the trustee that can be used to pay eligible plan expenses or can be allocated to participants. At May 31, 2015 and 2014, the ERISA account totaled $12,390 and $6,174, respectively. During 2015, Plan expenses aggregating $577 were paid from this account. There were no expenses paid from this account during 2014.

Reclassifications

Certain items in the accompanying 2014 financial statements have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through February 3, 2016, the date the financial statements were available to be issued.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets at May 31:

	2015	2014
JP Morgan Intrepid Value A	$ 3,906,439	*
Loomis Sayles Core Plus Bond A	$ 4,112,589	*
Transamerica Partners Stock Index Fund	$ 2,215,806	$ 2,663,713

PIMCO Total Return	*	$ 5,143,908
MFS Value R2	*	$ 4,301,761

Investment is less than 5% of the Plan's net assets at year end.

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2015	2014
Registered investment companies	$ 1,446,870	$ 3,050,116
Guaranteed interest account	49,757	67,070
Participant directed brokerage accounts	(18,527)	68,930
	$ 1,478,100	$ 3,186,116

(4) Financial Information Certified by the Trustee

The plan administrator has chosen the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee certified the following as complete and accurate:

- The investments at fair value at May 31, 2015 and 2014.
- Notes receivable from participants at May 31, 2015 and 2014.
- Net appreciation in fair value of investments for the years ended May 31, 2015 and 2014.
- Interest and dividends for the years ended May 31, 2015 and 2014.
- Interest income on notes receivable from participants for the years ended May 31, 2015 and 2014.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Continued...

(5) Fair Value Measurements, Continued

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Guaranteed interest account: Value is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The Plan has no unfunded commitments related to any of its investments and there are no plan initiated redemption restrictions on these investments. There are no redemption restrictions on participant's holdings in the investments and the Plan can redeem their investments daily.

Participant-directed brokerage accounts: Participant-directed brokerage accounts allow participants to invest in securities that are traded on active exchanges. These investments are valued using quoted market prices available in an active market for identical instruments for which the individual securities are traded and are invested in registered investment companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different assumptions or methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investment in the Guaranteed Interest account for the year ended:

	2015	2014
Beginning balance	$ 4,159,365	$ 4,380,020
Interest	54,173	73,483
Purchases	121,848	150,553
Settlements	(1,371,053)	(444,691)
Ending balance	$ 2,964,333	$ 4,159,365

(6) Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note 2, because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The contract is included in the financial statements at contract value, as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts, which approximates contract value, at May 31, 2015 and 2014, is $2,964,333 and $4,159,365, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and is compounded and credited semi-annually. The average yield earned by the Plan and the average yield credited to participants was 1.4% and 1.5% for the years ended May 31, 2015 and 2014, respectively.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days, or in the rare circumstances, paid over time. There are not any events that allow the issuer to terminate the contract and which would require the sponsor to settle at an amount different than contract value.

(7) Related Party Transactions and Party-In-Interest Transactions

One Plan investment is a registered investment company managed by an affiliate of Transamerica Retirement Solutions, the record-keeper of the Plan. Retirement Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

Certain administrative expenses were paid by the Plan. Administrative expenses by the Plan to the record-keeper and trustee amounted to $5,069 and $7,159 for the years ended May 31, 2015 and 2014, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax Status

The Plan uses a prototype plan document sponsored by Diversified Investment Advisors which merged with Transamerica Retirement Services during 2012 under the name Transamerica Retirement Solutions (Transamerica Solutions). The IRS has determined and informed Transamerica Solutions Corporation by a letter dated March 31, 2014, that the prototype document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended May 31, 2015:

Net decrease per the financial statements	$ (5,034,156)
Excess contribution liability, beginning of year	(19,866)
Excess contribution liability, end of year	18,544
Net loss per Form 5500	$ (5,035,478)

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at May 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 27,819,787	$ 32,853,943
Excess contribution liability	18,544	19,866
Net assets available for benefits per Form 5500	$ 27,838,331	$ 32,873,809
