Notes to Financial Statements

July 31, 2015

1. DESCRIPTION OF PLAN:

The Plan was terminated effective July 31, 2015 by merger into the parent company's plan. The following information was effective prior to the termination.

General. The Plan is a defined contribution plan which was frozen as of September 20, 2013 in connection with the acquisition of the Plan sponsor. As a result, there were no new participants or employee deferrals for the ten month period ended July 31, 2015. The activity for the period ended July 31, 2015, is therefore limited to benefit payments, participant loan transactions and investment gains and losses. In addition, all participants became 100% vested in their accounts as of September 20, 2013.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts. Each participant's account is credited with investment gains and losses and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. All investments are participant directed. Participants can choose from various investment options. These options consist of mutual funds, units in pooled separate accounts and common trust funds held by Principal Life Insurance Company (Principal), Union Bond and Trust Company, and Delaware Charter Guarantee Trust Fund.

Participants may change their investment options at any time.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant with an account balance of \$5,000 or less will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. These are several payment options for participants with account balances in excess of \$5,000.

Administrative Expenses. Administrative costs of the Plan are paid by the Company.

Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments were stated at fair value. (See Note 6)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Participant loans are reported at the unpaid principal balance plus accrued interest. Delinquent participants' loans are reclassified as distributions based on the terms of the Plan document.

3. INVESTMENTS:

The Plan's investments at September 30, 2014 are listed in the following table. Investments that represent 5% or more of the Plan's net assets are separately identified.

<i>September 30,</i>	<i>2014</i>
Principal Global Investors - Large Cap S&P 500	\$ 997,279
Principal Global Investors - Lifetime 2030	2,820,161
Principal Global Investors - Lifetime 2040	1,474,267
Principal Global Investors - Lifetime 2050	1,284,237
Principal Stable Value Fund	1,567,514
Principal LifeTime 2020	784,081

4. TAX STATUS:

The Plan has adopted The Principal Financial Group Prototype Savings Plan for Internal Revenue Service purposes. The Internal Revenue Service has informed The Principal Life Insurance Company that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) by letter dated March 31, 2014. Although the Plan has been amended since this date, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in accordance with the applicable provisions of the IRC.

The Plan's tax returns for the years ended September 30, 2012 through 2015 are subject to examination by the Internal Revenue Service.

5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustees:

	2015	2014
Investments:		
Common trust fund	\$ -	\$ 1,567,514

Dividends	\$ 17,217

	<u>\$ 738,774</u>	

6. FAIR VALUE MEASUREMENTS:

The Plan's investments at September 30, 2014 are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Current accounting standards establish a hierarchy for determining fair value. This hierarchy consists of three levels: Level I inputs are based on quoted prices in active markets for identical assets; Level II inputs are observable inputs other than quoted prices such as market-based prices for similar assets; and Level III assets are those for which there are no observable inputs.

The fair value of the Plan's assets are determined as follows –

- Level I – The fair value of mutual funds is based on the quoted market prices of the shares held by the Plan.
- Level II – The fair value of pooled separate accounts is based on the quoted market prices of the underlying mutual fund shares held.
- Level III – The fair value of the Common Trust Fund (guaranteed investment contract) is determined by discounting cash flow based on current yields of similar investments with comparable durations.

The following table lists the classification of the Plan's investments –

<i>September 30, 2014</i>	<i>Fair Value</i>	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>
Common trust fund	\$ 1,567,514	\$ -	\$ -	\$ 1,567,514
