HUGHSON NUT, INC. 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Hughson Nut, Inc. Employees are eligible after completing one year of service and attaining age twenty-one. The Plan has semi-annual entrance dates of August 1st and February 1st and participants are eligible to participate effective with the first plan entrance date following completion of their one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Matching Contributions

The Employer makes a matching contribution of 50% of the employee's salary deferrals that do not exceed 4% of the employee's compensation, as defined in the plan documents as long as the employee has 1,000 hours of credited service in the plan year and is actively employed at the end of the plan year.

Discretionary Contributions

For the plan year ending July 31, 2015, the employer did not make discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of expenses as specified in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all their contributions and earnings. The employer contributions have a six year vesting schedule, which starts at twenty percent after two years of service and increases by twenty percent each year so that at the end of six years an employee is fully vested in the employer contributions and earnings.

Payment of Benefits

On termination of service a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. At July 31, 2015, there are participants who have terminated employment but have not yet requested a distribution. The amount paid out maybe less as not all of the participants are fully vested.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in 1% increments into any of the eighteen mutual fund or five portfolios with specific investment objectives comprised of various percentages of the eighteen individual mutual fund options. The investment options are all regulated investment companies with Charles Schwab Bank being the custodian of the plan assets. The investment advisor may recommend and change investment options based upon the performance of the individual mutual funds.

Participants may change their investments options at any time.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3. MANAGEMENT REVIEW

In preparing the financial statements, the Plan has evaluated all events and transactions for potential recognition or disclosure that occurred through February 9, 2016, the date the financial statements were available to be issued.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were required to be used by the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2015 and 2014:
