NOTE 1 – DESCRIPTION OF PLAN

The Cosentino North America Retirement Plan (the Plan) is a qualified retirement plan adopted by C & C North America, Inc. (the Company) on January 1, 2006 to provide employees with the opportunity to save for retirement on a tax-deferred basis. The Plan was amended and restated to conform to new tax laws. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

General – The Plan covers substantially all employees of the Company, except for leased employees, interns, or temporary employees who do not complete 1 year of service. An eligible employee must complete 3 months of service before they can participate in the Plan. The entry date is the first day of the month coinciding with or next following the date the employee meets the eligibility requirements.

Contributions – Participants may elect to defer up to 90% of their compensation into the Plan, not to exceed a dollar limit which is set by law. Participants age 50 or older before the end of the Plan year may elect to defer additional amounts as catch-up contributions to the Plan. An employee is automatically enrolled in the Plan, and a deferral of 3% of compensation is withheld, unless the employee completes an elective deferral agreement to select an alternative deferral amount or elects not to defer under the Plan. Participants may change or revoke their salary deferral election at any time during the Plan year.

The Company may make a discretionary nonelective contribution to the Plan. Any nonelective contribution will be allocated among eligible participants. For the 2014 Plan year, the Company did not make a nonelective contribution to the Plan.

Participants may also deposit into the Plan distributions that they have received from other plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with their contributions, employer contributions, rollover contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, rollover contributions, plus actual Plan earnings thereon. Vesting in employer contributions is based on years (or periods) of service. A participant is fully vested after five years (or periods) of service.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers collective trust funds and mutual funds as investment choices for participants. Participants may reallocate or transfer their investment selections at any time.

Payment of Benefits – A participant whose employment terminates for any reason is entitled to receive the vested portion of their account in the form of a lump-sum payment in cash, net of applicable tax, or a rollover to a qualified retirement account. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If a participant's vested benefit is $5,000 or less, a lump-sum payment will be made to the participant within a reasonable time regardless of whether the participant consents to receive it.

Participants who have reached age 59½ are eligible for an in-service distribution. Participants may also receive a hardship distribution to satisfy certain immediate and heavy financial needs.

Note Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. A participant may borrow the lesser of ½ of their vested interest in the Plan or $50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period prior. The minimum loan amount is $500, and a participant may have up to 5 outstanding loans. The loans are adequately secured and charged a reasonable rate of interest. Loan repayments are made through payroll deductions, and the term of the loan may not exceed 5 years, unless to purchase a principal residence.

Forfeitures – The non-vested portion of a terminated participant's account balance remains in the Plan and becomes a forfeiture. Forfeitures may first be used to pay any administrative expenses, and any remaining forfeitures will be used to reduce employer contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $80,087 and $67,232, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Benefits Paid to Participants – Benefits are recorded when paid. As of December 31, 2014, there are no amounts allocated to participants who have elected to withdraw from the Plan, but have not yet been paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 1, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Intermediate-term bond	$ 141,708	$ -	$ -	$ 141,708

Total assets at fair value	$ 4,824,038	$ 435,629	$ -	$ 5,259,667

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds – Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

All investments and investment activities included in the accompanying statements of net assets available for benefits, *Note 5*, statement of changes in net assets available for benefits, and supplemental schedule have been certified as complete and accurate by State Street Bank and Trust Company, the trustee, as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information by the trustee except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2013, all investments of the Plan were participant-directed. The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2013
T. Rowe Price Retirement 2020 – R	$ 778,303
T. Rowe Price Retirement 2030 – R	1,358,866
T. Rowe Price Retirement 2040 – R	1,231,088

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

Mutual funds	$ 2,962
Collective trust funds	26,406
Net appreciation in fair value of investments	$ 29,368

NOTE 6 – NONINTEREST-BEARING CASH

Effective December 31, 2014, the Plan liquidated all investments into noninterest-bearing cash. These funds, along with notes receivable from participants, were transferred to John Hancock Retirement Plan Services on January 2, 2015 and invested in funds as requested by each participant.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized money purchase pension plan sponsored by ADP Inc. The prototype plan obtained its latest opinion later on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will be 100% vested. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 9 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments were managed by the trustee. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net asset available for benefits.
