Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Eagle Crusher/Stedman Machine 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits of as of August 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended August 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee, as of August 31, 2015 and 2014, and for the year ended August 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Supplemental Schedule I, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of the year ended August 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with the DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

August 31, 2015 and 2014

Note 1: Description of Plan

The following description of the Eagle Crusher/Stedman Machine 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Eagle Crusher Company, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Each eligible employee will be credited with annual contributions with respect to the period beginning with the first entry date (September 1 and March 1) after attainment of age 18 and completion both of six months of service, as defined by the Plan. Prior to June 19, 2015, the attainment age was 21. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, and may contribute up to 100% of annual pretax compensation if catch-up contributions are made. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

At its discretion, the Company will match elective salary deferral contributions at a rate it designates prior to the end of each Plan year, based on class of employee. The Company contributes 50% of the first 6% of base compensation that a participant contributed to the Plan. These matching contributions are invested at a participant’s direction in the same investment options previously described. Additional discretionary, non-elective contribution amounts may be contributed at the option of the Company which shall be allocated in proportion to compensation to all eligible participants and are invested at a participant’s direction in the same investment options previously described. During the years ended August 31, 2015 and 2014, there were no additional discretionary contributions. Contributions are subject to certain IRS limitations.

In addition, participants are eligible to designate some or all of their elective deferral as “Roth Contributions,” as defined in the Plan document. These contributions are not tax-deferred, but are deferred on an after-tax basis which results in qualified distributions of these amounts being received tax-free. Such distributions are subject to the terms in the Plan document and Roth Contributions are subject to the requirements of the Code.

Note 1: Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the joint life expectancy of the participant and his or her designated beneficiary, as defined by the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2: Summary of Accounting Policies (continued)

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (“FASB”) which established the FASB Accounting Standards Codification (“ASC”) as the single source of authoritative accounting principles generally accepted in the United States of America.

Adoption of Recent Accounting Pronouncements

In July 2015, the FASB amended ASC Topic 960, Plan Accounting: Defined Benefit Pension Plans, ASC Topic 962, Defined Contribution Pension Plans, and ASC Topic 965, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. These amendments are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

August 31, 2015 and 2014

Note 2: Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account when they are incurred. No allowance for credit losses has been recorded as of August 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 11, 2016 the date the financial statements were available to be issued.

Note 3: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at August 31, 2015, and net depreciation in fair value of investments, interest and dividends for the year ended August 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity") (the trustee of the Plan). The contract value of the stable value fund was certified by Fidelity. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at August 31, 2014, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company (former trustee of the Plan).

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ <u>7,833,353</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>7,833,353</u>

Eagle Crusher/Stedman Machine 401(k) Retirement Plan

Notes to Financial Statements

August 31, 2015 and 2014

Note 4: Fair Value Measurements (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ <u>-</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>-</u>

Cash in transit at August 31, 2014, represented cash held in a non-interest bearing cash account resulting from a transfer of funds between custodians. The liquidated investments were in transit on August 31, 2014. Effective September 1, 2014, the custodian of the Plan was Fidelity.

Note 5: Guaranteed Investment Contract with Insurance Company

During fiscal 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Union Bond and Trust Company. Union Bond and Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) fund administration amendments or changes, (2) merger or consolidation of investors, (3) group terminations or layoffs, (4) implementation of an early retirement program, (5) termination or partial termination of the fund, (6) failure to meet certain tax qualifications, (7) participant communication that is designed to influence participants not to invest in the fund, (8) transfers to competing options without meeting the equity wash provisions of the fund, and (9) plan sponsor withdrawals without the appropriate notice to the fund and/or issuer.

The guaranteed investment contract permits the insurance company to terminate the agreement upon 30 days advance notice to the Plan.

Eagle Crusher/Stedman Machine 401(k) Retirement Plan

Notes to Financial Statements

August 31, 2015 and 2014

Note 5: Guaranteed Investment Contract with Insurance Company (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6: Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan (effective September 1, 2014) and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

August 31, 2015 and 2014

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
