REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of the
Medical Expense Reimbursement Plan of the
Irvine Employees Benefit Trust

Report on Financial Statements

We have audited the accompanying financial statements of the Medical Expense Reimbursement Plan (the Plan) of the Irvine Employees Benefit Trust (the Trust), which comprise the statements of net assets available for benefits as of June 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Praxity MEMBER
GLOBAL ALLIANCE OF INDEPENDENT FIRMS

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of June 30, 2015 and Schedule H, line 4(j) – Schedule of reportable transactions for the year ended June 30, 2015, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Medical Expense Reimbursement Plan of the Irvine Employees Benefit Trust (the Trust) provides only general information. Participants should refer to the Plan Document and Trust Agreement for a complete description of the Plan's provisions.

General – The Medical Expense Reimbursement Plan (the Plan) of the Trust was established on September 10, 1999, with benefits and contributions determined retroactively to July 1, 1998, under an agreement between the City of Irvine (City) and the Irvine Police Association (Plan Sponsor). The Plan provides health benefits covering all employees of the City who are members of bargaining units represented by the Irvine Police Association (IPA), the Irvine City Employees Association (ICEA), and the Association of Supervisory and Administrative Personnel (ASAP). The Plan may be subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA); although, legal counsel has advised Plan management that Department of Labor authority is not clear on this matter.

Benefits – The Plan provides for reimbursement to eligible retirees and surviving spouses and children of eligible retirees of health insurance premiums, qualified medical expenses, and long-term care insurance coverage. To be eligible for benefits, a covered employee must (1) have a minimum of 5 years active service, as defined in the Plan agreement, (2) be at least 50 years of age for IPA members, or 55 years of age for ICEA and ASAP members, (3) have ceased employment and be eligible to receive retirement benefits from the applicable retirement system, and (4) have contributed to the Plan for a minimum of five years. For participants who retired prior to March 10, 2008, the participant is eligible for benefits after ten years of active service if all other requirements are satisfied.

The reimbursement is subject to a maximum monthly benefit amount set by the Board of Trustees and not to exceed actual premiums or expenses paid by the participants. In addition, the monthly benefit amount is adjusted based on the years of active service as follows:

Years of Active Services	Percentage of Benefit Amount
20 or more years	100%
15 to less than 20 years	75%
10 to less than 15 years	50%
5 to less than 10 years	25%

The category of "5 to less than 10 years" applies only to participants who retired on or after March 10, 2008. The Plan required ten years minimum Active Service for eligibility for participants who retired prior to March 10, 2008. The maximum monthly benefit amount is determined from time-to-time by the Plan's Board of Trustees for each bargaining unit, is not guaranteed and is dependent on the level of contributions from the City, the participants, and other factors.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Contributions – Participants and the City are required to contribute a percentage of the participant's base pay as follows:

	Employer	Participant
IPA participants	0%	3%
ICEA participants	3%	1%
ASAP participants	2%	1%

Effective July 1, 2006, an employee of the City remains a participant of a health and welfare plan in which the employee's initial bargaining unit participates, even if the employee moves to a different bargaining unit due to a change of employment within the City. In the event of such changes, the City will contribute an amount up to the contribution required for the new bargaining unit. If the City's contribution required for the new bargaining unit is less than what is required for the previous bargaining unit, the difference will be made up by the participant through mandatory payroll deduction.

A participant whose employment is terminated or reduced to less than full time (for reasons other than gross misconduct), may continue to contribute for a maximum of 18 months by periodic self-payment of COBRA contributions, and a spouse or child of an employee may also be entitled to self-pay COBRA contributions for a maximum of 36 months after death of an employee. If the period of self-payments plus the period of contributions prior to termination meet the time period required to qualify for benefits, then the participant will be eligible for benefits upon meeting all other eligibility requirements.

Plan termination – Although it has not expressed any intention to do so, the Board of Trustees, as the Plan administrator, has the right to terminate the Plan. In the event of termination of the Plan, the Plan assets remaining after the payment of expenses shall be distributed to participants and beneficiaries as specified in Section 501(c)(9) of the Internal Revenue Code.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – All expenses of maintaining the Plan are paid by the Plan.

Recent accounting pronouncement – In July 2015 the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Health and Welfare Benefit Plans (Topic 965)*. Part II of ASU 2015-12 removes the requirements to: (1) disclose individual investments held which exceed 5% of net assets available for benefits, (2) disclose net appreciation (depreciation) in fair value of investments by type of investment held, and (3) disaggregate investments reported in the fair value hierarchy table by class of investment. ASU 2015-12 has been adopted for the June 30, 2015 plan year-end, and the above items applicable to the prior year have been presented in accordance with ASU 2015-12 retrospectively. Accordingly, the investment disclosures have been eliminated or modified as of June 30, 2014.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. The Plan has evaluated subsequent events through February 3, 2016, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds: Valued at the closing price reported on the active market on which the securities are traded.

Corporate bonds and U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Interest-bearing cash: Valued at the total amount in the custody of a bank and approximates the fair value.

The following table discloses the Plan's assets at fair value, by level of the fair value hierarchy, as of the end of the plan year:

	Fair Value Measurement at June 30, 2015

	$17,089,493	$739,277	$ -	$17,828,770

NOTE 4 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds and a money market fund managed by Fidelity Investments, the Plan's custodian. Such investments are $2,210,596 and $2,317,794 at June 30, 2015 and 2014, respectively. These transactions are exempted party-in-interest transactions. The Plan paid $48,798 in 2015 and $47,107 in 2014 to the investment managers, advisor, and custodian. Additionally, the Plan's administrative expenses included $118,392 in 2015 and $80,102 in 2014 of administrator, accountants, actuary, and attorney fees related to services provided by parties-in-interest.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated January 19, 2001, that the Plan and related Trust are tax exempt in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan is subject to income tax examinations for three years from the filing of a tax return. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan is a defined contribution health and welfare plan whose principal sources of funds to make benefit payments are from: (1) funds currently on hand, (2) contributions to be received in the future from the City under the terms of agreements between the participating bargaining units and the City, (3) contributions to be received in the future from the Participants, and (4) gains or losses from investment of funds. Contributions from the City and the Participants are subject to agreements with the participating bargaining units, which have a limited term. Although the participating bargaining units intend to bargain for continued contribution obligations in future collective bargaining agreements, continuation is subject to the collective bargaining process. Accordingly, it is possible that contributions will not be extended beyond the term of the existing agreements.

The Trustees' determination of benefit levels is based on estimates and assumptions, including anticipated investment return, participant mortality and expected funding from the City and the Participants. There are risks that the estimates and assumptions made in determination of the current benefit levels will not be realized. While the Trustees' determination of benefit levels is intended to provide benefits over the long-term, there is no guarantee that funds will be available in sufficient amounts to continue benefits at the level currently anticipated and communicated to members, or at all.

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
