To the Administrative Committee
ACCO Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ACCO Savings and Investment Plan, which comprise the statements of net assets available for benefits as of September 30, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended September 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule.

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of September 30, 2015 and 2014, and for the year ended September 30, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Participants are allowed to contribute up to 60% of pretax annual compensation, and, upon age 50, may contribute up to 100% of pretax annual compensation, up to the annual IRS dollar limits. ACCO matches participant contributions at 100% up to a maximum of $1,500. Additional profit sharing contributions may be made at the discretion of the Board of Directors of the Company.

Participant Accounts

Separate accounts are maintained for each participant's deferred compensation, rollover, employer contribution and participant loan balances. Earnings of the Plan are allocated to the participant account balances according to the ratio that a participant's account balance within each investment fund bears to the total of all participant account balances within such fund. Employer matching contributions are allocated based on participant deferrals. Any profit sharing contributions are allocated to the participant account balances according to the ratio that a participant's compensation bears to the total of all participant compensation.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the prior 12 months, or 50% of their account balance. Loans to participants are accounted for in the Loan Fund. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan administrator. The loans are reported at their unpaid principal balances plus any accrued but unpaid interest.

Vesting

Participants are immediately vested in their salary deferrals plus earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of service; participants vest 20% per year of service. For terminations on account of death, permanent and total disability, or normal retirement at age 65, 100% vesting is granted.

1. Plan Description (continued)

Forfeitures

Forfeitures of terminated participants' non-vested accounts are transferred to and maintained in a single Forfeiture Account, which is invested in interest-bearing deposits. Forfeitures are utilized to restore accounts or increase the amount allocated to active participants as directed by the plan administrator. Forfeitures of $200,000 were allocated to active participants during the year.

Benefits

Upon termination, disability, death or certain hardship cases, participants or their beneficiaries are entitled to receive their vested balances.

Plan Management

The Plan is administered by Fidelity Management Trust Company, which is the trustee.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in net assets available for benefits.

Date of Management's Review

The trustee has evaluated the impact of all subsequent events through March 7, 2016, which was the date the financial statements were available to be issued, and has determined that no subsequent events require recognition or disclosure in the financial statements.

Administrative Expenses

The Company pays most of the administrative expenses associated with the Plan.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the disclosure of fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying disclosures. Actual results could differ from those estimates.

3. Investment Information Prepared and Certified by Trustee

All information related to investments and investment income included in the accompanying financial statements and supplementary schedule have been included based on information provided by Fidelity Management Trust Company (the trustee). The trustee has certified that the information provided is complete and accurate. The following investments represent 5% or more of net assets:

	2015	2014

4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

4. Fair Value Measurements (continued)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available to the Plan, and Level 2 inputs were only used when Level 1 inputs were not available. The common trust fund is valued based on the value of the underlying assets in the fund.

The following table presents the Plan's assets measured at fair value on a recurring basis.

Description	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total

5. Investment Contract

Description

The Plan's investments include the common trust fund, also known as the managed income portfolio. The fund invests principally in fixed income securities, and money market funds, and may also invest in futures contracts, option contracts and swap agreements. The objective of the fund is to preserve the principal investment while earning a level return that is consistent with principal preservation. The fund seeks to maintain a stable net asset value while permitting participant-initiated withdrawals. Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute.

The investment contract is presented on the face of the statements of net assets available for benefits as the Common Collective Trust, and is reported at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Operation

Investment transactions are accounted for on the trade date. Income from investment contracts is recorded at the contract rate.

Limitations on Contract Value Transactions

Certain events limit the Plan's ability to transact at contract value with the issuers of its investment contract. Such events include the following: (a) amendments to the plan documents, (b) changes to the plan's prohibition on competing investment options, or (c) termination or tax disqualification of the Plan or trust. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Yields

The average yield as of September 30, 2015 was 1.85% based on actual earnings and 1.18% based on the interest rate credited to participants.

Issuer-Initiated Contract Termination

Contract termination can result from certain breaches by the trust of its obligations, representations, or warranties with settlement at an amount which differs from contract value.

Contract Withdrawal

Pursuant to the declaration of trust, the Plan may withdraw from the trust with a twelve month advance written notice provided to the trustee.

6. Tax Status of the Plan

The Internal Revenue Service issued a determination letter to Fidelity Management & Research Company, dated March 31, 2008, stating that the prototype plan was acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The plan has been amended since receiving the determination letter. It is the plan administrator's opinion that the adopted plan qualifies under Section 401(a) of the IRC and also satisfies all other relevant sections of the IRC; therefore, it is the plan administrator's opinion that the Plan is exempt from federal and state income taxes.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to September 30, 2013.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-Interest Transactions

The Plan has investments managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan; therefore, Fidelity Investments is a party-in-interest.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Reconciliation to Form 5500
