Board of Directors
Sun Federal Credit Union
Defined Benefit Plan and Trust
and 401(k) Plan
Maumee, Ohio

Dear Board of Directors:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Sun Federal Credit Union Defined Benefit Plan and Trust and the 401(k) Plan for the years ended May 31, 2015 and May 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Sun Federal Credit Union Defined Benefit Plan and Trust and the 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 5 on the Defined Benefit Plan and Trust and Note 8 of the 401(k) Plan to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

We tested the participants' data to determine that all eligible employees are included in both retirement plans. An eligible employee is an employee who has reached 20 years of age for the Defined Benefit Plan and Trust and 18 years of age for the 401(k) Plan.

This communication is intended solely for the information and use of the Board of Directors, management, and regulatory agencies, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

A handwritten signature in dark ink, appearing to read "Cindrich Mahalak" followed by a stylized flourish or initials.
