LMB, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the LMB, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering substantially all employees of LMBI, L.P. (Plan Administrator) and its subsidiary ECR-LPR, L.P. (collectively the Sponsoring Employers). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

All employees age 21 or above of the Sponsoring Employers are eligible to participate once they have completed one full year of employment and 1,000 hours of service.

Contributions

The Sponsoring Employers match the participant's elected contribution (deferral), up to 6% of eligible compensation.

Participant contributions (deferrals) cannot exceed the lesser of 60% of eligible compensation or the Internal Revenue Service annual limit, which was $17,500 in 2014. Participants who will be age 50 or above before the end of the current plan year are eligible to elect to make Catch-Up contributions (deferrals), subject to the Internal Revenue Service annual limit, which was $5,500 in 2014. After-tax contributions are not permitted.

1. Description of the Plan (continued)

Eligible employees are also allowed to make rollover contributions, either before or after, they satisfy the Plan's eligibility requirement. However, rollover contributions will only be accepted from another qualified Plan or IRA. The Plan will not accept rollover of designated Roth contributions.

Participants are allowed to adjust their contribution (deferral) election at any time during the year. To do so, the participant must complete and submit a revised election form to the Plan. Revised elections become effective as of the first day of the next month to commence, following receipt of the participant's form.

Investments

The Plan provides a variety of investment options from which participants may select. Participants direct how their funds are to be invested by notifying Fidelity Management Trust Company (the Trustee), either by phone or via online account access.

Plan Administration and Expenses

The Plan's assets are held and administered by the Trustee. The Plan Administrator has responsibility for appointing and removing the Trustee, establishing a funding policy and method, and amending or terminating the Plan. The Sponsoring Employers bear responsibility for making contributions. All costs and expenses in administering the Plan are paid by the Plan, unless paid by the Sponsoring Employers.

Forfeited Accounts

At December 31, 2014 and 2013, the balance in the forfeiture account was $71,124 and $70,829, respectively. These accounts will be used to either reduce the contributions of the Sponsoring Employers or to pay administrative expenses under the Plan as directed by the Sponsoring Employers.

1. Description of the Plan (continued)

Participants' Accounts

Each participant's account is credited with the participant's contributions and the Sponsoring Employers' matching contributions and allocations of investment earnings or losses. Each participant's account may also be allocated a portion of any administrative expenses the Plan pays. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the vested amount in the participant's account.

Vesting

Each participant's account is automatically fully vested in the participant's contribution and the related allocations of investment earnings or losses. The Sponsoring Employers' matching contributions and the related allocations of investment earnings and losses become fully vested after the participant has accrued 3 years of vesting service.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum distribution equal to their vested account balance or a direct rollover to an eligible qualified plan specified by the participant. Active participants are also allowed to request receipt of a portion of their account balance as a hardship distribution upon providing appropriate documentation to the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (U.S. GAAP). Therefore, certain additions to net assets available for benefits are recognized when received rather than when earned (except for Sponsoring Employers and participant contributions, which are recorded when earned), and certain deductions from net assets available for benefits are recognized when paid, rather than when the obligation is incurred. Benefits paid to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (at exit price).

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation in the fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year. Dividend and interest income is recorded when received.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Fair Value Measurement

FASB ASC 820 establishes a fair value hierarchy that prioritizes and ranks the level of observability of inputs used to measure the investments at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Unadjusted quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level III – Significant unobservable inputs reflecting Plan-specific assumptions, consistent with reasonably available assumptions made by other market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets held and carried at fair value:

- Interest-bearing cash and mutual funds: Valued based on published market prices, which represent the net asset value of shares held by the Plan at year-end.

The following table classifies the Plan's assets by the fair value hierarchy levels as of December 31, 2014 and 2013.

Investments at Fair Value as of December 31, 2014

	Level I	Level II	Level III	Total	Redemption Frequency	Redemption Notice Period
Interest-bearing cash	$ 1,544,426	$ -	$ -	$ 1,544,426	Daily	None
Mutual funds:						
Fixed income funds	326,028	-	-	326,028	Daily	None
Equity funds	3,741,780	-	-	3,741,780	Daily	None
Target date funds	842,380	-	-	842,380	Daily	None
Allocation funds	483,714	-	-	483,714	Daily	None
Total mutual funds	5,393,902	-	-	5,393,902		
Total investments, at fair value	$ 6,938,328	$ -	$ -	$ 6,938,328		

3. Fair Value Measurement (Continued)

Investments at Fair Value as of December 31, 2013

	Level I	Level II	Level III	Total	Redemption Frequency	Redemption Notice Period
Interest-bearing cash	$ 1,552,368	$ -	$ -	$ 1,552,368	Daily	None
Mutual funds:						
Fixed income funds	285,353	-	-	285,353	Daily	None
Equity funds	3,306,503	-	-	3,306,503	Daily	None
Target date funds	651,556	-	-	651,556	Daily	None
Allocation funds	306,342	-	-	306,342	Daily	None
Total mutual funds	4,549,754	-	-	4,549,754		
Total investments, at fair value	$ 6,102,122	$ -	$ -	$ 6,102,122		

The methods described above used to determine the fair value of the Plan's investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

For the years ended December 31, 2014 and 2013, the Plan held no assets in which significant unobservable inputs (Level III) were used in determining fair value. The Plan did not have any significant transfers between Levels I and II during the periods.

4. Investments and Investment Income

All investment information disclosed in the accompanying financial statements, notes and supplemental schedule, including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, and dividend and interest income for the year ended December 31, 2014 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from the Trustee of the Plan that all of the information provided by the Trustee is complete and accurate. Information included in the accompanying financial statements as to investments, investment income, and all information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon those certifications.

5. Plan Termination

Although the Sponsoring Employers have not expressed any intent to do so, the Sponsoring Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant may elect to receive the amount in their participant account no later than the normal withdrawal dates allowed by the Plan.

6. Related-Party Transactions

Certain Plan investments are shares of mutual funds and interest-bearing cash managed by Fidelity Management & Research Company. Fidelity Management & Research Company is an affiliate of the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Tax Status

On March 31, 2008, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not applied for a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2011.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits (modified cash basis).

9. Subsequent Events

The Plan has evaluated subsequent events through March 21, 2016, and there are no additional subsequent events that require recognition or disclosure in the financial statements.
