## **Crius 401(k) Plan**

Notes to Financial Statements  
December 31, 2014

### **1. Plan Description**

The following description of the Crius 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan covering all non-excluded employees of Crius Energy Management (the "Company" or "Employer") who have completed 3 months of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### ***Contributions***

Each year, participants may contribute their pre-tax or post-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may, in its sole discretion, make a profit sharing contribution or an employer Safe Harbor contribution to the Plan. For the current plan year, the Company made a Safe Harbor contribution in the amount of \$203,698.

#### ***Vesting***

Participants are 100% vested in their contributions, rollover contributions and Safe Harbor matching contribution plus actual earnings thereon. Vesting in the Company's profit sharing and matching contributions (prior to 1/1/2013, and discretionary Company matching contributions) are based on years of continuous service as follows:

| <u>Years or Service</u> | <u>Percentage Vested</u> |
|-------------------------|--------------------------|
| 1                       | 25%                      |
| 2                       | 50%                      |
| 3                       | 75%                      |
| 4                       | 100%                     |

#### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Crius 401(k) Plan**

Notes to Financial Statements

### **1. Plan Description (*continued*)**

#### ***Forfeitures***

If a participant terminates employment and is less than 100% vested in their Employer profit sharing and matching contributions (prior to 1/1/2013, and discretionary Company matching contributions), the participant will forfeit the non-vested portion of their account. The Company uses forfeited non-vested amounts to pay administrative expenses. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$22,702 and \$12,186. During 2014, administrative expenses were reduced by \$21 from forfeited non-vested accounts.

#### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000, subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is the prime rate, plus one percentage point and will be fixed for the duration of the loan. Loans are repaid through payroll deductions within a five year period, unless the loan was made to acquire a primary residence, in which case the Administrator may permit a longer repayment term.

#### ***Payment of Benefits***

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

### **2. Summary of Significant Accounting Policies**

#### ***Basis of Accounting and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Fair Value Measurements***

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

## **Crius 401(k) Plan**

### **2. Summary of Significant Accounting Policies (*continued*)**

#### ***Investment Valuation and Income Recognition***

Mutual funds are valued at the net asset value ("NAV") of the shares held by the Plan at year end. The fair value of the common/collective trust is based on the underlying unit value reported by Wells Fargo valued at NAV. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Expenses***

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

#### ***Accounting for Uncertainty in Income Taxes***

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2012.

#### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 24, 2016.

### 3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

\* - Amount was less than 5% of the Plan's net assets available for benefits.

#### 5. Common/Collective Trust

The Plan invests in the Wells Fargo Stable Return Fund (the "Fund"). Because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Fund invests all of its assets in the Wells Fargo Stable Return Fund G (the "G Fund"). The G Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (or wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

## **Crius 401(k) Plan**

Notes to Financial Statements  
December 31, 2014

### **5. Common/Collective Trust (*continued*)**

The net asset value of the Fund is calculated daily. Net investment income, if any, and realized and unrealized gains on investments are not distributed but rather are reinvested and reflected in the net asset value of the Fund. Units are issued and redeemed at the latest net assets value.

The yield earned by the Fund at December 31, 2014 and 2013 was 1.40% and 1.36%. This represents the annualized earnings of all investments in the Fund, including earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the Fund at December 31, 2014 and 2013. The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2014 and 2013 was 1.64% and 1.52%. This represents the annualized earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2014 and 2013.

### **6. Party-In-Interest Transactions**

Certain investments of the Plan are managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

### **7. Tax Status**

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

### **8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

### **9. Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
