Craft Oil Corporation Profit Sharing 401(k) Plan

Notes to Financial Statements

August 3, 2015 and December 31, 2014

1. Description of the Plan

The following description of the Craft Oil Corporation Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Craft Oil Corporation (the "Company") who completed 90 days of service and attained 19 years of age for elective deferrals and matching contributions and 21 years of age for non-elective contributions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Merger

The Board of Directors of PetroChoice Holdings, LLC, the parent company of Craft Oil Corporation, voted on May 19, 2015 to merge the Plan into the PetroChoice Holdings, LLC 401(k) Plan effective as of August 1, 2015 or as soon as administratively possible thereafter. As a result, the Plan's assets were transferred on August 3, 2015 to State Street Bank, the successor trustee, and ADP Retirement Services is the recordkeeper. There was a blackout period which began on July 28, 2015 and ended on September 1, 2015.

Contributions

Each year, participants in the Plan could contribute up to 100% of pretax compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants could designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provided for a discretionary Company matching contribution, based on participant elective deferrals. The Company contributed 50% of the first 6% of compensation that a participant contributed to the Plan. The Plan also provided for an additional employer discretionary contribution. There was no additional discretionary contribution in 2015. Participants directed all contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the Plan's earnings, and charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution was based on years of continuous service. Participants were 100 percent vested after six years of credited service.

Notes to Financial Statements

August 3, 2015 and December 31, 2014

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at a rate of 4.25% at December 31, 2014, which were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest was paid ratably through bi-weekly payroll deductions. Terms ranged from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant could receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allowed for hardship distributions if certain criteria were met.

Forfeited Accounts

At August 3, 2015 and December 31, 2014, forfeited non-vested accounts totaled \$8,171 and \$17,356, respectively. These accounts were used first to reduce Plan expenses and then used to reduce future Company contributions. Company contributions were reduced by \$6,923 and expenses were reduced by \$2,262 in 2015.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401k Committee determined the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation included the gains and losses on investments bought and sold as well as held during the year.

Craft Oil Corporation Profit Sharing 401(k) Plan

Notes to Financial Statements

August 3, 2015 and December 31, 2014

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they were incurred. Interest income was recorded on the accrual basis. No allowance for credit losses had been recorded as of December 31, 2014.

Payment of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through February 19, 2016, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

August 3, 2015 and December 31, 2014

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 340,063	\$ -	\$ -	\$ 340,063
Mutual Funds:				
Domestic Equity funds	2,217,880	-	-	2,217,880
Balanced Funds	1,735,995	-	-	1,735,995
Fixed income funds	589,254	-	-	589,254
Foreign Equity funds	399,913	-	-	399,913
Total assets at fair value	<u>\$ 5,283,105</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,283,105</u>

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund was valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The preceding methods may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

4. Investments

The following presents investments that represented 5 percent or more of the Plan's net assets available for benefits at December 31, 2014:

Mutual Funds:

Fidelity Advisor New Insight	\$	522,081
Baron Growth Fund		415,750
Federated High Income Bond		407,957
Janus Balanced Class S		391,842
American Century One Choice 2035 A		391,078
American Century Equity Income		369,640
Artisan Mid Cap Value Fund		346,990
American Century One Choice 2025 A		316,681
Money market, BlackRock Money Market		340,063

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought, sold, as well as held during the year) appreciated in value by \$106,766.

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments were managed by PNC Bank, N.A. ("PNC"), the trustee, and therefore, these transactions qualified as party in interest transactions. Fees incurred by the Plan for the investment manager services were included in net appreciation in the fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan was operating under a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferral Arrangement prepared by PNC. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan had been amended since receiving the determination letter. However, the plan administrator believes that the Plan was currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified and the related trust is tax exempt.

Craft Oil Corporation Profit Sharing 401(k) Plan

Notes to Financial Statements

August 3, 2015 and December 31, 2014

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of August 3, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of August 3, 2015 and December 31, 2014, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2015 to August 3, 2015.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. Administration of Plan Assets

The Plan's assets were administered under a contract with PNC, the trustee of the Plan. The trustee invested funds received from contributions, investment sales, and dividend income and made distribution payments to participants.
