The Contractors Retirement Plan
Sponsored by Inter-Con Security Systems, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of The Contractors Retirement Plan sponsored by Inter-Con Security Systems, Inc., which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2014, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of The Contractors Retirement Plan sponsored by Inter-Con Security Systems, Inc. as of December 31, 2014 and the changes in its net assets available for benefits (modified cash basis) for the year then ended, on the basis of accounting described in Note B.

Emphasis of Matter

As described in Note B, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. Our opinion is not modified with respect to this matter.

Report on Compiled Financial Statements

Plan management is responsible for the accompanying statement of The Contractors Retirement Plan sponsored by Inter-Con Security Systems, Inc., which comprises the statement of net assets available for benefits (modified cash basis) as of December 31, 2013. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions (modified cash basis), are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Supplemental Information – Continued

Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
(Modified Cash Basis)

YEAR ENDED DECEMBER 31, 2014

A. DESCRIPTION OF PLAN

The following description of The Contractors Retirement Plan sponsored by Inter-Con Security Systems, Inc. (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formed effective January 1, 2013 by adopting the form of 401(k) Profit Sharing Plan and Trust, The Contractors Retirement Plan (Master Plan) (Note C), and is a profit sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible individuals consist of employees rendering services for Inter-Con Security Systems, Inc. on contracts subject to the Davis-Bacon Act, Service Contract Act or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included.

Contributions

Participants may elect to defer a portion of their compensation (as defined). Prevailing wage contributions, determined by the employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts, are also allowed. Additional contributions, as determined by the employer, are also allowed. Such contributions cannot exceed the lesser of 100% of the employee's compensation or $52,000 for a year.

Participant Accounts

Each participant's account is credited with the participant's elective deferral and an allocation of the employer's contribution. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis as the unit values of the funds change. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

A. DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

Upon application by any participant of the Plan, and subject to such rules as the Plan administrator may establish, the Plan Administrator may in his/her discretion direct the Trustee to make a loan to such participant, not to exceed (including interest) 50% of the participant's vested balance. Any loan made pursuant to the Plan will bear a rate equal to the prime interest rate at the loan origination date. The interest rate on loan balances was 3.25% for the year ended December 31, 2014. The loan is secured by a pledge of such participant's vested balance and principal and interest are paid ratably by the participant.

Vesting

Participants are immediately vested in their share of employer contributions, elective deferral contributions and net Master Trust earnings allocated to their accounts.

Forfeitures, if any, will be used to reduce future employer contributions.

Benefit Payments

Under terms of the Plan, participants are eligible for benefit payments upon reaching age 59.5. The Plan also provides for distributions to participants, or beneficiaries, upon death, disability, early retirement at or after age 55, and termination of employment. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified retirement plan or individual retirement arrangement on their behalf. A terminated participant shall be entitled to receive benefits based on the distributable value of their participant account in one or more of the following ways:

a. Lump sum payment,

b. Purchase of a Joint and Survivor or Life Annuity,

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Termination

The employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting utilized, employer contributions are recognized when received rather than when accrued by the employer. In addition, benefit payments to participants are recorded when paid and administrative expenses are accrued monthly by the Plan.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with a maturity of three months or less, at the date of acquisition, to be cash equivalents.

Investment Valuation

The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment incomes less actual distributions and allocated administrative expenses.

The Plan's investment in the Master Trust is exposed to various risks, such as credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of those investments will occur in the near term that could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses when they are paid. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fair Value Measurements

The Plan follows The Financial Accounting Standards Board ASC 820, *Fair Value Measurements* ("FASB ASC 820").

ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted market prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets and liabilities that are not active
- Observable inputs other than quoted prices that are used in the valuation of assets or liabilities (e.g. interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fair Value Measurements – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

103-12 Investment Entity: These investments are investment vehicles valued using the unit value provided by the administrator of the fund. The unit value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The unit value is an input other than a quoted price that is observable. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investment in 103-12 IE	$ –	$ 21,292,422	$ –	$ 21,292,422

C. INVESTMENT IN RETIREMENT PLAN TRUST

Plan Benefit Services, Inc. sponsors the master plan and trust documents. A master profit sharing plan in the form of the Contractors and Employees 401(k) Profit Sharing Plan (401(k) Plan) was established in 1993. A trust in the form of the Contractors and Employees Retirement Plan Master Trust (Trust) was established in 1987. Under the terms of the 401(k) Plan, all assets of the Plan are maintained in the Trust.

The Trust files a Form 5500 as a 103-12 Investment Entity.

The investment in the Trust represents the allocated net portion of the Trust that is attributable to The Contractors Retirement Plan sponsored by Inter-Con Security Systems, Inc., and includes all of the Plan's investments. The Plan's share of the net assets of the Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains and losses are allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2014 and 2013, the Plan's interest in the net assets of the Trust was approximately 3% and less than 1%, respectively.

The following presents the fair value of investments of the Trust:

	December 31, 2014	2013
Investments, at Fair Value		
Mutual Funds	$149,410,697	$106,438,162
Collective Trusts	565,147,217	531,100,660
Insurance Company General Account	16,890,983	16,902,174
Cash and Cash Equivalents	1,437,807	3,179,179
	$732,886,704	$657,620,175

Investment income for the Trust for the year ended December 31, 2014 is as follows:

Investment Income	
Net Appreciation in Fair Value of Investments	$ 22,371,744
	$ 22,371,744

C. INVESTMENT IN RETIREMENT PLAN TRUST – Continued

The investments held in the Trust are stated at fair value. Investments are values based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

D. BENEFIT PAYMENTS

At December 31, 2014, the account balances of participants who have elected to withdraw from the Plan but have not been paid, although not accrued for financial statement purposes, amounted to $748,313.

E. RELATED-PARTY TRANSACTIONS

The Plan is part of a Trust whose recordkeeper and Master Plan Sponsor is Plan Benefit Services, Inc. Various administrative expenses and asset charges of the Trust are paid to Plan Benefits Services, Inc. and are allocated to the Plan reducing the net investment income.

F. INTERNAL REVENUE SERVICE STATUS

The Master Plan obtained its latest opinion letter, dated October 1, 2009, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Code. Such an opinion is not a determination as to whether the Plan sponsored by Inter-Con Security Systems, Inc. qualifies under Code Section 401(a). However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe the Plan was qualified as of the financial statement date.

The Plan follows the provisions of FASB ASC 740, *Accounting for Uncertainty in Income Taxes.* The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

G. PROHIBITED TRANSACTIONS

During the year ended December 31, 2014, Inter-Con Security Systems, Inc., the Plan's sponsor, failed to deposit contributions to the Plan's trust in a timely manner in accordance with Department of Labor regulations. Contributions totaling $3,924,529 relating to numerous pay periods in 2014 were deposited late. In addition, during the year ended December 31, 2013, contributions totaling $214,542, relating to pay periods during November and December 2013, were deposited late. Each instance of a late deposit resulted in a prohibited nonexempt transaction in the form of a loan between the Plan and the Plan Sponsor.

H. SUBSEQUENT EVENTS

The Department of Labor conducted an audit spanning from November 2013 through August 2015 from which it was determined an additional $1,841,958 in total employee contributions were not forwarded in a timely manner for the months of January through August 2015. The lost earnings associated with these amounts, along with the late deposits notated in Note G have been paid in full.

Management of the plan has evaluated subsequent events for disclosure and/or recognition through the date of the *Independent Auditor's Report*, which is the date the financial statements were available to be issued.
