NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2015 AND 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Hotwatt, Inc. Profit Sharing & 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Hotwatt, Inc. Profit Sharing & 401(k) Retirement Plan is a defined contribution plan that was established on July 1, 1986 by Hotwatt, Inc. (the "Company") covering all eligible employees of the Company. Effective July 1, 1992, the Plan was amended to include a salary reduction provision under Section 401(k) of the Internal Revenue Code ("IRC") for the exclusive benefit of eligible employees of the Company. The Plan was amended during the year ended June 30, 2012 to provide differential pay and distribution options for veterans reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

ELIGIBILITY

Any employee who has completed one year of service with the Company and is at least twenty-one years of age or older is eligible to participate in the 401(k) portion of the Plan.

CONTRIBUTIONS

Participants may contribute to the Plan a specific percentage or dollar amount of pretax annual compensation, as defined in the Plan, up to the maximum amount allowable under the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts, if the contributions satisfy federal and state regulations for qualified rollovers. Participants direct the investment of their contributions to various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants.

The Company is allowed to make discretionary nonelective contributions to the Plan as approved by the Board of Directors. There were no Company contributions for the years ended June 30, 2015 and 2014.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's nonelective contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their salary-deferred and rollover contributions, plus actual earnings thereon.

A participant's vested interest in employer contributions and earnings thereon is as follows:

Years of Service	% of Account Vested
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The participant may have no more than one loan outstanding at one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Such loans must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be longer. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Eligible employees are entitled to payment of benefits beginning no later than sixty days after attaining normal retirement age (65). If a participant's employment ends because of disability, their account becomes fully vested. If a participant's employment ends because of death, their account becomes fully vested, and any part of their account not otherwise disposed of under the Plan will be distributed to the beneficiaries named in the manner elected by the participant or, if not determined, in a lump-sum distribution to the participant's estate. Distributions in an amount equal to the value of a participant's account can be made as follows if the participant's balance exceeds $5,000:

a) a single lump-sum payment in cash or

b) installments over a period of not more than the assumed life expectancy of the participant (or the assumed life expectancies of the participant and the participant's beneficiary)

If a participant's balance is less than $5,000, the participant will receive a single lump-sum payment in cash.

HARDSHIP WITHDRAWALS

Participants may apply for a hardship withdrawal as defined by the IRC to meet excessive medical or educational expenses, payments for burial or funeral expenses of a deceased parent, spouse, child or dependent, expenses incurred to purchase a new principal residence or to prevent eviction from a principal residence and expenses for the repair of damage to a principal residence under IRC Section 165. The Plan Administrator must approve the application. A participant may not make any elective deferrals for at least six months after receipt of a hardship withdrawal.

FORFEITURES

At June 30, 2015 and 2014, forfeited non-vested accounts amounted to $9. These accounts may be used to reduce administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation presented on the Statements of Changes in Net Assets Available for Benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded as a distribution of loan balance to participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

CORRECTIVE DISTRIBUTIONS

During the 2015 plan year, excess contributions from participants arising from relevant nondiscrimination provisions, was netted against participants contributions in the statement of changes in net assets available for benefits. The contributive distributions liability of $3,305 as of June 30, 2015 was distributed in August 2015 so the Plan would be in compliance with these nondiscrimination requirements.

SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through January 22, 2016 the date the financial statements were available to be issued. No events requiring recognition or disclosure in the financial statements were identified.

NOTE 3 – INVESTMENTS

The investment information included in the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Hand Benefits & Trust Company, the trustee, as of and for the years ended June 30, 2015 and 2014. The Plan Administrator has obtained certifications from Hand Benefits & Trust Company that the information provided to the Plan Administrator related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the Plan's investments, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

Net investment income	$ 43,569	$ 222,198

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurements and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants would become 100 percent vested in their employer contributions.

NOTE 6 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated November 19, 2001 that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; and therefore believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

Hand Benefits & Trust Company is the Plan's trustee; therefore, transactions between the Plan and trustee qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These securities are exposed to various risks such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2015 and 2014 to Schedule H of Form 5500:

Net (decrease) increase in net assets available for benefits per the financial statements	$ (276,385)	$ 67,463
