Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

**To the Plan Trustees of
The Retirement Plan of Power Financial Credit Union
Pembroke Pines, Florida**

Report on the Financial Statements

We were engaged to audit the financial statements of the Retirement Plan of Power Financial Credit Union (the "Plan"), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of June 30, 2015 and 2014, and the related statement of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended June 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financials statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Pentegra Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended June 30, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment and Reportable Transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the June 30, 2015 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE RETIREMENT PLAN OF POWER FINANCIAL CREDIT UNION NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of The Retirement Plan of Power Financial Credit Union (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined benefit plan available to employees of Power Financial Credit Union. An employee is eligible to participate in the Plan after they have completed one year of credited service and have attained the age of 20 1/2. The Plan is subject to the provisions of the Employee Retirement Securities Act of 1974 (ERISA).

Pension Benefits

Effective January 5, 2015, the Plan has been amended. Plan benefit accruals for employment service ceased for the period of employment beginning January 1, 2015 and forward. Plan benefit for service prior to January 1, 2015 will continue to accrue according the following formulas:

Normal Retirement Benefits - At your normal retirement age (65), with five years of participation, you will be entitled to receive a normal retirement benefit. For employees hired on or before June 1, 2008, the normal retirement date is the first day of the month coinciding with or next following your Normal Retirement Age and will be equal to 60% of compensation (benefit is based on average salary during the highest 5 consecutive years of employment) with a minimum service of 25 years vesting at a 3-7 year step schedule. For employees hired after June 1, 2008, the normal retirement date is the first day of the month coinciding with or next following your Normal Retirement Age and will be equal to 40% of compensation (benefit is based on average salary during the highest 5 consecutive years of employment) with a 25-year service minimum, vesting at a 5-year cliff schedule. Payment of benefits will begin as soon as practicable following your Normal Retirement Date.

Early Retirement Benefits - Your Early Retirement Date is the first day of the month coinciding with or next following the date you have attained age 55 and completed 5 years of vesting service with your employer. For employees hired on or before June 1, 2008, the Early Retirement Benefit payable at your Early Retirement Date will be equal to your Accrued Benefit reduced by .167% for each month by which the date benefits commence precedes Normal Retirement Date. For employees hired after June 1, 2008, the Early Retirement Benefit payable at your Early Retirement date will be equal to your Accrued Benefit reduced by .5% for each of the first 60 complete calendar months and .333% for each month for the next 60 months, by which the date benefits commence precedes the Normal Retirement Date. Payment of your Early Retirement benefits will begin as soon as practicable following the date you elected to receive payment.

Late Retirement Benefits - The benefit you will receive at your late retirement date generally takes into account the requirement that you continue to earn or "accrue" benefits past your normal retirement age. The calculation of your late retirement benefits is based on complex Internal Revenue Service (IRS) regulations which would generally provide, for each plan past normal retirement age, a late retirement benefit equal to the greater of the following:

- a) the retirement benefit you have actually earned or "accrued" as of the end of the plan year in which you actually retire,
- b) the actuarial equivalent of the benefit you were entitled to as of the close of the plan year immediately preceding your actual retirement date.

THE RETIREMENT PLAN OF POWER FINANCIAL CREDIT UNION NOTES TO THE FINANCIAL STATEMENTS

Disability Benefits - A disability benefit does not exist under this Plan.

Death Benefits - If death occurs, the amount paid to the surviving spouse is equal to the present value of Accrued Death Benefit.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The Plan's financial statements are on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Investment Transactions and Related Investment Income: Purchases and sales of securities are recorded on a trade date basis. Realized gains and losses on security transactions are computed on the basis of average cost of investments sold. Interest from investments is recorded as earned on the accrual basis.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' accumulated pension credits as determined under the Plan ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employees' service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of June 30, 2015 were as follows:

<u>Actuarial Cost Method</u>	<u>Modified Aggregate</u>
Investment return	6.43%
Mortality for funding	2015 Combined male and female static mortality tables for non-annuitants and annuitants
Salary increases	3.00%

The foregoing actuarial assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative Expenses: The majority of the Plan's expenses are paid by the Plan.

THE RETIREMENT PLAN OF POWER FINANCIAL CREDIT UNION NOTES TO THE FINANCIAL STATEMENTS

Subsequent Events: Credit Union Management has evaluated subsequent events through April 1, 2016, the date on which the financial statements were available to be issued.

NOTE 3: FUNDING POLICY

The employer may be required to make contributions to the Plan. Employee participants are not required to contribute to the Plan.

The Plan's funding policy is for the Credit Union to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the 2015 plan year, the Credit Union made contributions to the Plan of \$3,755,289, which met the minimum funding requirements of ERISA. The Plan had a credit balance of approximately \$3,104,000 as of the valuation date.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated after providing for any administrative expenses:

- a) benefits attributable to employee contributions, taking into account those paid out before termination.
- b) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the terms of the Plan. The priority amount is limited to the lowest benefit that was payable during those three years. The amount is further limited to the lowest benefit that would be payable under the plan provisions in effect at any time during the five years preceding plan termination.
- c) to benefits guaranteed and insured by the Pension Benefit Guaranty Corporation (PBGC)
- d) to all other vested accrued benefits under the Plan not insured by the PBGC
- e) to all non-vested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 5: INVESTMENTS - UNAUDITED

Pentegra Trust Company, the custodian of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to investments which is included in the financial statements has been certified by them. This information has not been audited by independent public accountants. The following presents investments that represent five percent or more of the Plan's net assets:

During the fiscal year ending June 30, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated \$400,895.

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

The availability of inputs relevant to the asset or liability and the relative reliability of the inputs might affect the selection of appropriate valuation techniques.

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

<p style="text-align: center;">THE RETIREMENT PLAN OF POWER FINANCIAL CREDIT UNION NOTES TO THE FINANCIAL STATEMENTS</p>

Level 2 Inputs

- (a) quoted market prices for similar assets or liabilities in active markets;
- (b) quoted market prices for identical or similar assets or liabilities in inactive markets;
- (c) inputs other than quoted market prices that are observable for the asset or liability;
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015.

Registered Investment Companies - Obtained from quoted prices in active markets for assets identical to the securities valued.

Common Investment Trusts: Inputs other than quoted prices that are observable for securities, either directly or indirectly. CCTs are measured at NAV which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2015 and 2014:

Assets at Fair Value as of June 30, 2015				
	Level 1	Level 2	Level 3	Total

Fair Value of Investments in Entities that Use NAV

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of:

<i>June 30, 2015</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Trust	\$ 576,777	\$ -	daily	daily

<i>June 30, 2014</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Trust	\$ 645,707	\$ -	daily	daily

NOTE 7: RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Total investment advisory and management fees paid by the Plan for the plan year ended June 30, 2015 were approximately \$55,000.

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated February 1, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax council believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 9: RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is a least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
