INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
DUECO, Inc. Profit Sharing and 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DUECO, INC. PROFIT SHARING AND 401(K) PLAN, which comprise the statements of net assets available for benefits as of June 30, 2015 and December 31, 2014, and the related statements of changes in net assets available for benefits for the six month period ended June 30, 2015 and the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the six month period ended June 30, 2015 and as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 3 to the financial statements, Terex Corporation, the plan's sponsor, elected to merge the Dueco, Inc. Profit Sharing and 401(k) Plan into the Terex Corporation and Affiliates' 401(k) Retirement Savings Plan effective June 30, 2015. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis for the six month period ended June 30, 2015. However, the change did not have any effect on these financial statements as fair value and liquidation value are substantially the same. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DUECO, INC. PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND DECEMBER 31, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Due to the plan merger (see Note 3), the accompanying 2015 financial statements are prepared on the liquidation basis of accounting. Given the types of investments the plan held, fair value and liquidation value were substantially the same.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - In preparing these financial statements, the plan has evaluated events and transactions subsequent to June 30, 2015 through April 5, 2016, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Dueco, Inc. was the plan sponsor/employer and the plan administrator through February 3, 2015. Terex Corporation was the plan sponsor/employer and the plan administrator effective February 4, 2015. Fidelity Management Trust Company ("Fidelity") was the trustee and plan agent that held custody of plan assets. Fidelity Investments Institutional Operations Company, Inc. was the third party administrator that maintained plan and participant records and performed various compliance tests as tax counsel. Channel Financial was the plan's investment advisor.

Investments - The plan sponsor determined the investments available to plan participants. The participants allocated their contributions and transferred existing balances among the available investment options. The investments in mutual funds were recorded at fair value based on quoted market prices. The Fidelity Advisor Prime Fund was a money market fund recorded at fair value based on quoted prices. The Fidelity Advisor Stable Value Portfolio was a common/collective trust fund invested primarily in fully benefit-responsive investment contracts offered by insurance companies, banks and other financial institutions. The fair value of the common/collective trust fund was determined based on the plan's pro rata ownership of the underlying assets held in the common/collective trust fund as confirmed by the plan agent. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investment options for more information.

Investment contracts held in a common/collective trust fund by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The accompanying statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits were prepared on a contract value basis.

Fair value measurements - Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The fair value methodology applied by the plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2014				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was a deferred income arrangement as provided for by section 401(a) of the Internal Revenue Code of 1954, as amended. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees who have attained eighteen years of age and are not members of a collective bargaining unit were eligible for participation in the elective deferral contribution and employer matching portion of the plan on the first day of the month subsequent to having completed three months of service. For purposes of the employer discretionary contributions, an employee was eligible to participate on the first day of the month subsequent to having completed twelve months of employment. For employer matching and discretionary contributions, an employee must have accumulated 1,000 hours of service during the plan year and must be employed on the last day of the year to which the contributions relate.

Contributions - Contributions to the plan were made in the following ways:

- a. Participants could contribute a percentage of their annual wages subject to certain limitations (elective deferral contributions). Upon meeting the eligibility requirements, new employees were automatically enrolled in the plan and had 4% of compensation withheld as deferral contributions. The deferral contribution percentage automatically increased by 1% annually (not to exceed 10%) subject to certain limitations. Such participants had the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions were accepted by the plan from other qualified plans.
- c. The employer could make a matching contribution equal to a discretionary percentage of the elective deferral contributions, subject to certain limitations (matching contributions). There was no matching contribution for the six month period ended June 30, 2015. There was a matching contribution of 20% of the first 4% of the employee compensation contributed for the year ended December 31, 2014.
- d. A nonelective contribution could have been made at the employer's discretion. There were no such discretionary contributions made for the six month period ended June 30, 2015 or the year ended December 31, 2014.

Vesting - Participants were always 100% vested in their elective deferral and rollover contributions and related earnings. Participants became vested in employer matching contributions and related earnings using the elapsed time method according to the following schedule.

Years of vesting service	Vested percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants became vested in employer discretionary contributions and related earnings using the elapsed time method according to the following schedule.

Years of vesting service	Vested percentage
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death, disability or qualified retirement participants became 100% vested.

Forfeitures - Forfeitures from terminated participants were reallocated to active participants according to the plan document. Forfeitures reallocated to active participants during the six month period ended June 30, 2015 were insignificant. Forfeitures reallocated to active participants during the year ended December 31, 2014 were \$3,400. The net assets available for benefits included \$2,300 of unapplied forfeitures as of December 31, 2014.

Participant accounts - Earnings, including the fair value appreciation or depreciation, were allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account was credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions, if any. Participants were allowed to transfer funds between the various investment options daily and change their deferral percentage at the beginning of each payroll period.

Benefits to participants - Benefit payments could commence upon death, disability, normal retirement or termination of employment. Participants would generally receive the distribution of their accrued benefits in the form of a single lump sum, partial payments or installment payments. In addition, hardship withdrawals were permitted under the plan. In-service withdrawals could commence upon attaining the age of 59½.

Notes receivable from participants - Actively employed participants were allowed to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term for a general purpose loan was five years. Loan proceeds used to purchase a primary residence could be repaid over a period of up to ten years. Participants could only have one loan outstanding at any given time. Loans were secured by the balance in the participant's account and bear interest at rates set by the plan administrator. Interest rates were fixed for the duration of the loans.

Administrative fees - Certain administrative fees of the plan were paid by the employer.

3. PLAN MERGER

On February 5, 2015, the former plan sponsor, Dueco, Inc., sold the majority of its assets to Terex Utilities, Inc., a wholly owned subsidiary of Terex Corporation.

Terex Corporation, the new plan sponsor as of February 4, 2015, elected to merge the Dueco, Inc. Profit Sharing and 401(k) Plan into the Terex Corporation and Affiliates' 401(k) Retirement Savings Plan effective June 30, 2015. All Dueco, Inc. employees that were hired by Terex Utilities, Inc. on February 5, 2015 became 100% vested in their account balances at the time of the merger.

4. RELATED PARTY TRANSACTIONS

Certain plan investments were shares of funds managed by Fidelity. Fidelity was the trustee and plan agent that had custody of plan assets and therefore, these transactions qualify as party-in-interest transactions. Investment management fees paid to Fidelity were \$800 for the six month period ended June 30, 2015 and \$2,700 for the year ended December 31, 2014. All of these party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

5. INCOME TAX STATUS

The plan adopted the Fidelity Basic Plan Document No. 14. The volume submitter defined contribution plan received its most recent favorable opinion letter on March 31, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. The plan was amended since this ruling was received. However, the plan administrator and tax counsel believe that the plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. INFORMATION CERTIFIED BY TRUSTEE

The trustee of the plan, Fidelity, holds the plan's investment assets and executes investment transactions. The trustee has certified the following information to be complete and accurate.

- a. Investments held for the plan and the fair values of such as of June 30, 2015 and December 31, 2014;
- b. The contract values of the Fidelity Advisor Stable Value Portfolio as of June 30, 2015 and December 31, 2014;
- c. Investment income and net appreciation (depreciation) in fair value of investments during the six month period ended June 30, 2015 and the year ended December 31, 2014; and
- d. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts during the six month period ended June 30, 2015 and the year ended December 31, 2014.

Since the trustee certified the above information is complete and accurate with respect to investments, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the accompanying independent auditors' report.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, accounting principles generally accepted in the United States of America require the use of contract value accounting for benefit-responsive investment contracts. As a result, the accompanying statements of net assets available for benefits as of June 30, 2015 and December 31, 2014, and the related statements of changes in net assets available for benefits for the six month period ended June 30, 2015 and the year ended December 31, 2014 differ from the Form 5500 due to the Form 5500 reporting the Fidelity Advisor Stable Value Portfolio at fair value. The following is a reconciliation.

	2015	2014
