INDEPENDENT AUDITORS' REPORT

Plan Administrator
E.C.I., Inc. Employee Stock Ownership Plan and Trust
Tiffin, Ohio

We have audited the accompanying financial statements of the **E.C.I., Inc. Employee Stock Ownership Plan and Trust** (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BRADY WARE & SCHOENFELD

INDEPENDENT AUDITORS' REPORT

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the **E.C.I., Inc. Employee Stock Ownership Plan and Trust** as of June 30, 2015 and 2014, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **E.C.I., Inc. Employee Stock Ownership Plan and Trust** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - E.C.I., Inc. (the "Company") established the employee stock ownership plan effective as of July 1, 2000, for all employees of the Company other than leased employees or employees covered under a collective bargaining agreement. As of July 1, 2010, the Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Employee Benefits Administration Committee which consists of not less than one person appointed by the Sponsor Company.

The Plan purchased Company common stock using the proceeds from a bank borrowing and holds the common stock in a trust established under the Plan. The bank borrowing was repaid during the Plan year ended June 30, 2008.

Eligibility - Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 500 hours during the Plan year, received compensation during the Plan year, and were employed on the last day of the Plan year.

Employer Contributions - The Company is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of benefits.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - For participants terminating employment for reasons other than death or upon the Normal Retirement Date, the first day of the calendar month in which the participant is age 65, the Plan has the following graded vesting schedule:

Years of Service	Before July 1, 2008 Vesting Percentages	After July 1, 2008 Vesting Percentages
2	0%	20%
3	20%	40%
4	40%	60%
5	60%	80%
6	80%	100%
7	100%	

Payment of Benefits - Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event if the vested account balance is less than $1,000. Distributions for other separations from service are required to be made before the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash, or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, if the shares are not publicly traded or if the shares are subject to trading limitations.

During the years ended June 30, 2015 and 2014, the Plan repurchased from participants 1.3992 and 0.9740 shares, at prices determined from the independent appraisal.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances were allocated to remaining stock participants at June 30, 2015 and 2014, and consisted of $8,142 of cash and 0.7274 shares of stock, and $4,043 of cash and 0.4203 shares of stock.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition -The shares of Company common stock are valued at fair value. See Note 7 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through March 28, 2016, the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated September 13, 2013, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. No uncertain tax positions exist as of June 30, 2015.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 5 - INVESTMENTS

The Plan's investment in E.C.I. Inc.'s stock at June 30, 2015 and 2014, is as follows:

	2015	2014
Allocated shares	**29**	29
Unallocated shares	**-**	-
Cost	**$ 6,058,492**	$ 6,058,492
Fair Value	**$ 6,116,100**	$ 6,040,700

All investment values are determined through a valuation performed annually by a Chartered Financial Analyst.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan invests in Company common stock. This is a related party and party-in-interest transaction. As described in Notes 1 and 4, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015.

Common stock: The fair value of the Sponsor Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that market participants would also recognize a discount for lack of marketability.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2015:

	Level 1	**Level 2**	**Level 3**	**Fair Value**
E.C.I. Inc. common stock: Allocated	**$ -**	**$ -**	**$ 6,116,100**	**$ 6,116,100**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2014:

	Level 1	Level 2	Level 3	Fair Value
E.C.I. Inc. common stock: Allocated	$ -	$ -	$ 6,040,700	$ 6,040,700

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended June 30, 2015 and 2014:

	Investment in E.C.I., Inc. Common Stock	Investment in E.C.I., Inc. Common Stock
	2015	2014
Value at beginning of year	**$ 6,040,700**	$ 6,664,200
Unrealized gains (losses)	**75,400**	(623,500)
Value at the end of the year	**$ 6,116,100**	$ 6,040,700

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended June 30, 2015 and 2014, are reported in net appreciation (depreciation) of fair value of investments.

NOTE 8 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2015 and 2014, there were no differences between the financial statements and the Form 5500.
