Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by MG Trust Company, LLC, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that MG Trust Company, LLC, holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from MG Trust Company, LLC, as of June 26, 2015, and December 31, 2014, and for the short year ended June 26, 2015, that the information provided to the Plan Administrator by MG Trust Company, LLC, is complete and accurate.

PREMIER PHYSICIAN SERVICES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 26, 2015 and DECEMBER 31, 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Premier Physician Services, Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan sponsored by Premier Physician Services, Inc., (the Plan Sponsor) and covered all eligible employees. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective October 20, 2014, the Plan was terminated.

Eligibility

Prior to termination, those employees who had completed one hour of service and were at least 21 years of age were eligible to become participants in the Plan.

Contributions

Each year, participants could contribute to the Plan a percentage of their compensation which was not to exceed Internal Revenue Service limitations. Participants could choose to make Roth 401(k) contributions or traditional 401(k) contributions. Participants could choose from twenty-eight (28) mutual fund and money market options offered by the Plan. The employer could make annual discretionary contributions to the Plan in an amount determined by the Board of Directors of the Plan Sponsor. Contributions were subject to certain limitations. No employer contributions were made in 2015 or 2014.

Due to the Plan's termination effective October 20, 2014, no additional contributions were permitted by the Plan.

Participant Accounts

Each participant's account was credited or charged with the following:

- (a) Employee and employer contributions,
- (b) Rollover contributions,
- (c) Plan earnings and losses,
- (d) Forfeitures, and
- (e) Plan expenses.

Participants directed the investment of all funds in their accounts. Each participant was entitled only to the benefit that could be provided from the participant's vested account. Allocations were based on participant earnings or account balances, as defined.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Vesting

The Board of Directors of Premier Physician Services, Inc., the Plan Sponsor, voted on October 20, 2014, to terminate the Plan effective October 20, 2014. Effective on that date, all participants became 100% vested in their entire account balances.

Forfeited Accounts

Prior to termination, forfeitures were reallocated following the date on which a terminated participant incurred five consecutive one-year breaks in service or following the date on which a terminated participant received payment of his vested account balance. The Plan provided for forfeitures to be applied first to restore any amounts attributable to employer contributions related to a break in service; finally, the remainder if any, was to be allocated to reduce the amount of any expenses incurred in connection with the administration of the Plan which are not otherwise paid by the employer.

Payment of Benefits

Benefits were recorded when paid. Upon termination of service, a participant could elect to receive:

- (a) A lump sum distribution equal to the value of their account, or
- (b) Equal installments over a period of not more than the participant's assumed life expectancy.

Loans to Participants

Prior to termination, the Plan allowed participants to apply for and obtain loans in an amount as defined in the Plan Agreement (not less than \$1,000 and limited to the lesser of 50% of the participant's vested account balance or \$50,000) from the balance of the participant's account. All loans had to be repaid within five years unless the loan was used to acquire or construct the participant's primary residence. Interest was charged at a rate equivalent to the prime rate plus one percentage point.

As of the Plan's termination date, October 20, 2014, all participant loans with outstanding balances as of that date were considered taxable distributions. In order to avoid paying taxes on the early distributions, participants could do one of the following:

- (a) Deposit the outstanding loan amount into an IRA,
- (b) Pay off the entire loan balance prior to liquidation of their account, or
- (c) Rollover the entire loan balance into the new Plan Sponsor's Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis for periods after October 20, 2014.

Notes Receivable from Participants

Prior to termination, notes receivable from participants were reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan.

Investment Valuation and Income Recognition

Investments are stated at fair value. The fair value of marketable securities is based on quotations obtained from national securities exchanges. Where marketable securities are not listed on an exchange, quotations are obtained from other published sources. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

Administrative fees were paid by both the Plan and Plan Sponsor. Plan expenses paid by the Plan include fees for trading and investment management and advisory services. Audit, legal, and accountant expenses were paid primarily by the Plan Sponsor. In addition, certain administrative functions were performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

NOTE E - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 26, 2015.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of June 26, 2015			
	Level 1	Level 2	Level 3	Total
Total Assets at Fair Value	\$ 0	\$ 0	\$ 0	\$ 0

	Assets at Fair Value as of December 31, 2014

PREMIER PHYSICIAN SERVICES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 26, 2015 and DECEMBER 31, 2014

NOTE F - BENEFITS PAYABLE

As described in Note H, the Plan was terminated effective October 20, 2014, at which time all participants became 100% vested in their entire account balances. As of December 31, 2014, the vested benefit payable to participants terminated prior to year-end was \$20,930,935. All benefits were liquidated from the Plan during the year ended June 26, 2015.

NOTE G - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on March 11, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Subsequent amendments were made to the Plan, and these changes were not submitted for a determination letter. However, the Plan Administrator and the Plan's legal counsel believe that the Plan was designed and operated in compliance with the applicable provisions of the IRC; therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PLAN TERMINATION

The Board of Directors of Premier Physician Services, Inc., the Plan Sponsor, voted on October 20, 2014, to terminate the Plan effective October 20, 2014. Distributions were based on all participants being 100% vested. During 2015, all of the assets were liquidated from the Plan. In accordance with generally accepted accounting principles, the Plan changed its basis of accounting used to value Plan assets from the ongoing plan basis to the liquidation basis after October 20, 2014. There are no known differences between the two methods based on the nature of the assets held by the Plan.

NOTES TO FINANCIAL STATEMENTS
JUNE 26, 2015 and DECEMBER 31, 2014

NOTE I - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.
