Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of The Uniontown Hospital, which comprise the statements of net assets available for benefits as of June 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended June 30, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary Information

The supplemental schedules listed in the table of contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Retirement Plan for Employees of The Uniontown Hospital

Notes to Financial Statements

June 30, 2015 and 2014

Note 1: Description of the Plan

The following description of the Retirement Plan for Employees of The Uniontown Hospital (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guarantee Corporation's (PBGC) benefit guarantee is contained in the plan document and *Summary Plan Description*, which are available from the plan administrator.

General

The Plan is a noncontributory defined benefit plan that covers substantially all employees of Uniontown Hospital and Fayette Regional Health System (Health System) and provides for retirement, death and disability benefits. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). PNC Bank, N.A. (PNC) is the trustee of the Plan. Prior to June 1, 2013, Fayette Home Care (FHC) was also a participating employer. Effective May 31, 2013, FHC was consolidated into an unrelated third party and FHC employees became inactive participants in the Plan.

Contributions

The Health System contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to plan members or their beneficiaries and to fund prior service costs (the estimated liability for accrued benefits arising from qualifying service before establishment of the Plan) over periods as permitted by the *Employee Retirement Income Security Act of 1974* (ERISA) and the Internal Revenue Code (Code). The Plan has met the minimum funding requirements established by the federal government.

Pension Benefits

Employees are eligible for plan participation when credited with at least 1,000 hours of service and one consecutive year of service. The Health System determined that participation in the Plan was to be frozen as of June 30, 2006, so that no new participants would be admitted to the Plan after such date.

Effective July 1, 1993, the Plan was transformed into a cash balance plan with active participants being credited with an opening balance based upon their compensation and years of service. Under the cash balance plan, each employee's individual retirement benefit is defined in the Plan's obligation as a notional cash balance retirement. Beginning with the plan year ended June 30, 1994, the cash balance accounts earn an interest credit at the end of each plan year based upon the average interest rate on Treasury Bills during the months of March, April and May immediately preceding the beginning of such plan year plus one percentage point, except that the applicable percentage shall never be less than 3% or more than 10%. Additionally, beginning with the plan year ended June 30, 1994, the cash balance of each participant who is an active employee as of the end of the plan year (or who retired or died during the year) receives a compensation credit based upon the participant's plan compensation multiplied by a percentage ranging from 4% to 6% based upon attained age. The pension benefit to which participants are entitled is based upon their cash balance at their benefit commencement date multiplied by a factor based upon their age at that time.

Retirement Plan for Employees of The Uniontown Hospital

Notes to Financial Statements

June 30, 2015 and 2014

Effective July 1, 2006, the Health System adopted The Uniontown Hospital Employee Controlled Retirement Account Plan (ECRA Plan) as an alternative to the Plan. All existing employees were required to make a one-time, irrevocable election to remain in the Plan and continue to accrue benefits under the Plan or to waive further accrual of benefits under the Plan and transfer to the ECRA Plan for all accrual of benefits subsequent to that date. Annual interest credits continue to apply to ECRA Plan participants, but no compensation credits are earned.

Additionally, effective July 1, 2009, any participant as of June 30, 2009, who was an employee on June 30, 2009, was permitted to make a one-time, irrevocable election before July 1, 2009, to waive further accrual of benefits under the Plan and transfer to the ECRA Plan for all accrual of benefits on or after July 1, 2009.

Effective June 23, 2012, the Plan was amended to freeze the accrued benefits such that no compensation credits will be made for plan years after June 30, 2012. Any participants who had been accruing compensation benefits under this Plan up through June 23, 2012, started accruing benefits under the Health System's ECRA Plan thereafter. For plan years after June 30, 2012, the interest on the cash balances will continue and will never decrease.

The Plan provides for alternative forms of payment for retirement benefits. The basic form provides for monthly income continuing for the life of the participant. The qualified joint and survivor annuity provides for monthly income payable for the lifetime of the participant and continues at 50% of the monthly income to the participant's spouse for life. The contingent annuitant option provides for monthly income payable for the lifetime of the participant and continuing thereafter in the amount of 50% or 100% to a beneficiary designated by the participant for the beneficiary's life. The benefits are subject to certain limitations relating to life expectancy. If the value of the cash balance account is less than or equal to \$5,000, it will be paid in a lump sum.

Effective July 1, 2008, the Plan was amended to change the normal form of payment for married participants from 50% joint and survivor annuity to 100% joint and survivor annuity. The Plan has retained the 50% joint and survivor annuity as an additional option.

During 2015, the Plan was amended to allow a lump sum window where eligible participants could elect to receive a distribution of benefits in the form of a single sum distribution to be paid on or before June 30, 2015.

Death Benefits

The Plan provides a death benefit for beneficiaries of vested plan participants who die before their pension equal to their cash balance under the Plan.

Vesting

As required by the Pension Protection Act of 2006, vesting requirements changed from five years to three years. A participant shall be fully vested upon reaching three years of service as defined by the Plan. If the participant terminates employment prior to the retirement date, they shall be

Retirement Plan for Employees of The Uniontown Hospital

Notes to Financial Statements

June 30, 2015 and 2014

entitled to a vested percentage of their accrued benefit based on their years of service as of the date of termination of employment. If the participant has rendered less than three years of service, he or she will not be entitled to any of his or her accrued benefit. Any participant who has three or more full years of service will be entitled to 100% of the vested percentage of the accrued benefit. The Plan permits for early retirement, at reduced benefit levels, starting at age 55 if minimum service requirements have been met.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

PNC Bank, N.A., records purchases and sale of securities on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Health System or the Plan, at the Health System's discretion.

Notes to Financial Statements

June 30, 2015 and 2014

Accumulated Plan Benefits

Accumulated plan benefits (see *Note 6*) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries
- b. Beneficiaries of employees who have died
- c. Present employees or their beneficiaries

Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Note 3: Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations discussed below.
- c. Vested benefits not insured by the PBGC.
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Retirement Plan for Employees of The Uniontown Hospital

Notes to Financial Statements

June 30, 2015 and 2014

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4: Certification of Plan Trustee

The Health System has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2015 and 2014.
- Investment income included in the statements of changes in net assets available for benefits for the years ended June 30, 2015 and 2014.
- Investment information included in the accompanying schedule of assets (held at year end) as of June 30, 2015, and schedule of reportable transactions for the year ended June 30, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* and ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-07 changes the Plan's disclosure requirements so that entities measuring investments using the net asset value (NAV) practical expedient no longer have to categorize those investments in the fair value hierarchy. The accounting change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. These changes were applied retrospectively for all periods presented.

Net assets available for benefits were not affected by the adoption of the new guidance.

Note 6: Accumulated Plan Benefits

An actuary from Willis Towers Watson determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the end of each plan year (calculated by the Plan's actuary as of July 1, 2015 and 2014) was as follows:

	2015	2014
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 20,924,920	\$ 30,360,686
Other participants	34,399,195	28,517,508
	<u>55,324,115</u>	<u>58,878,194</u>
Nonvested benefits	<u>91,759</u>	<u>293,251</u>
 Total actuarial present value of accumulated plan benefits	 <u>\$ 55,415,874</u>	 <u>\$ 59,171,445</u>

Changes in the actuarial present value of accumulated plan benefits were as follows:

	2015	2014
Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 59,171,445</u>	<u>\$ 58,543,625</u>
Increase (decrease) during the year attributable to

Change due to plan amendments	231,361	-
Net increase (decrease)	<u>(3,755,571)</u>	<u>627,820</u>

Retirement Plan for Employees of The Uniontown Hospital

Notes to Financial Statements

June 30, 2015 and 2014

Significant assumptions underlying the actuarial computations are:

- Mortality basis:
 - RP-2014 employee/annuitant tables, without collar adjustment, grading linearly from MP-2014 to 1% from 2007 to 2012 and to 0.8% from 2012 to 2017 and grading to 0% from age 85 to 95.
 - For nonannuitants, based on RP-2000 table without collar or amount adjustments, projected to 2029 using Scale AA and for annuitants, based on RP-2000 table without collar or amount adjustments, projected to 2021 using Scale AA in 2014.
- Interest rate: 7.00% in 2015 and 2014
- Average retirement age: Age 63 for 2015 and 2014
- Cash balance interest crediting rate: 3.0% in 2015 and 2014

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 7: Experience Dividend

The Plan was previously funded through a group annuity contract issued by Aetna Life Insurance Company (Aetna). When that contract was discontinued in November 1986, the assets were applied to the purchase of paid-up annuities guaranteed by Aetna for the full benefits of all participants then in pay status and the remainder of the assets was transferred to the new trustee. The discontinued group annuity contract provided that Aetna has the right to declare experience credits, payable in cash. Experience credits included in other income for the years ended June 30, 2015 and 2014, were \$0 and \$40,757, respectively.

Note 8: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan's investments are held by PNC Bank, N.A. (PNC), the trustee of the Plan. The Plan paid direct fees of \$67,134 and \$57,254 to PNC for trust department services performed in 2015 and 2014, respectively. Investment management services are provided by AllianceBernstein to whom the Plan paid direct fees of \$229,601 and \$226,939 for 2015 and 2014, respectively.

The Health System provides certain administrative services at no cost to the Plan including audit and legal fees.

Note 9: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

Marketable securities are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

For certain investments consisting of corporate bonds and notes that do not have an established fair value, fair value is based on yields currently available on comparable securities of issuers with similar credit ratings.

Collective investment trusts are valued at the net asset value (NAV) of shares held by the Plan at year end, as reported by the trusts' custodial trustee.

Mortgages have been valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar instruments.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2015 and 2014:

(A) In accordance with the Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended June 30, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no investments at plan year end classified as Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of June 30, 2015 and 2014.

	Fair Value at 6/30/15	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Investment Trust Funds	\$ 35,326,213	\$ -	Daily	1 day
	Fair Value at 6/30/14	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Investment Trust Funds	\$ 43,736,303	\$ -	Daily	1 day

The Plan is invested in three collective investment trust accounts. The Plan has the ability to liquidate these investments at any time in accordance with provisions of the trust agreements.

Note 10: Plan Tax Status

The Plan obtained its latest determination letter on March 14, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Notes to Financial Statements

June 30, 2015 and 2014

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 12: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Ongoing Lump-Sum Distribution Amendment

Effective July 1, 2015, the Plan was amended to allow certain participants who terminate employment with the Health System to elect to receive a single sum distribution equal to the present value of the benefits to which the participants are entitled from the Plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V – Statement of Actuarial Assumptions and Methods

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2013 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed documentation provided by The Uniontown Hospital and is not aware of any significant benefits that were not valued.
Change in assumptions and methods since prior valuation	The required mortality table used to calculate the funding target and target normal was updated to include one additional year of projected mortality improvements.
Data sources	Willis Towers Watson used asset data supplied by the trustee as of July 1, 2014. The Uniontown Hospital furnished participant data as of the valuation date, and the dates and amounts of the 2013 contributions that were paid in 2014. Data were reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made by the Willis Towers Watson actuaries when data were not available. Willis Towers Watson is not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Schedule SB, Part V – Summary of Plan Provisions

Plan Provisions

The most recent amendment reflected in the following plan provisions was adopted on June 21, 2012 and effective June 23, 2012.

Covered Employees	All employees of The Uniontown Hospital, Fayette Regional Health Center and Fayette Home Care hired prior to July 1, 2006, except those covered by a collective bargaining agreement, unless agreement provides for inclusion in the Retirement Plan for Employees of The Uniontown Hospital
	Effective June 23, 2012, there will be no new covered employees in the Plan, as the Plan is closed to new entrants.
Participation Date	July 1 following completion of 1,000 hours of service in plan year (or January 1 or July 1 after completion of 1,000 hours of service in 12 months from hire date)

Definitions

Annual interest credit	7% for the period from July 1, 1993 through June 30, 1994. Thereafter, the 90-day Treasury Bill rate averaged for the March through May three-month period preceding the first day of the plan year plus one percent. The plan has a minimum interest crediting rate of 3% and a maximum of 10%.
Vesting service	One year in initial year of hire then one year for each 400-hour calendar year of employment. For employees of Fayette Home Care prior to January 1, 1982, service prior to January 1, 1982 is not recognized under this plan.
Credited service	One year for each 1,500-hour calendar year of employment. Partial years of service are credited if the employee worked at least 400 hours. For employees of Fayette Home Care prior to May 1, 1986, service prior to May 1, 1986 is not recognized under this plan. Credited service is used to calculate pension benefits prior to July 1, 1993.
Pensionable pay	Total pay, with the exception of a few minor categories
Normal retirement date (NRD)	First of month coinciding with or next following age 65 or the fifth anniversary of participation date

Retirement Plan for Employees of The Uniontown Hospital (PN 001)

Schedule SB, Part V – Summary of Plan Provisions

Benefits Paid Upon the Following Events

Normal retirement	Account balance divided by annuity factor (1983 GAM male, setback 4 years, 7% interest)
Early retirement	Account balance divided by annuity factor (1983 GAM male, setback 4 years, 7% interest)
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Termination with deferred vested benefit	Account balance as of termination date, credited with interest to payment at or after age 55, and converted to an annuity
Death with preretirement death benefit	Preretirement death benefit is payable immediately upon death

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as a life annuity, if the participant has no spouse as of the date payments commence, or if the participant so elects. Otherwise, they will be paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 100% joint and survivor annuity, or (for married participants) a life annuity.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining the minimum contribution.

Changes in Benefits Valued Since Prior Year

No changes in benefits valued since prior year.
